24.1.c. The Racing Commission may designate categories of permit applications that require a determination of issuance or denial by the Commission and not the stewards. The Racing Commission may require, however, that the stewards provide a recommendation as to the issuance or denial of any such permit application.

24.1.d. Applicants for occupational permits may be required to provide fingerprints for examination by the West Virginia State Police Criminal Investigation Bureau and the Federal Bureau of Investigation. If the applicant has been fingerprinted by the Racing Commission or another racing jurisdiction within the previous thirty-six (36) months, then the Commission may accept the previous fingerprints or require new fingerprints. If fingerprints are required to be provided by an applicant, the applicant shall provide a signed authorization for the release of information by the examining agencies. The costs of fingerprinting and fingerprint analysis shall be paid by the applicant.

24.1.e. The Commission may issue permits to persons holding valid permanent (not temporary) permits/licenses issued by racing jurisdictions in North America. The applicant must be in good standing in each jurisdiction where he or she holds or has held a racing permit/license; have cleared a Federal Bureau of Investigation or Royal Canadian Mounted Police fingerprint check within the previous thirty-six (36) months, or such other period as may be required by the Racing Commission; file an application; and, pay the required applicable fees prior to participating in racing.

24.1.f. The fees that shall be paid to the Racing Commission for occupational permits issued effective for calendar year 2012 and thereafter are set forth in table 178-1A at the end of this rule.

24.1.g. The Commission may assess an applicant or permit holder a credit card transaction fee in connection with the payment by credit card of any fees/costs under this subsection.

24.1.h. An occupational permit is neither transferable nor assignable to any other person.

24.1.i. The Racing Commission shall not grant an occupational permit to anyone under eighteen (18) years of age. Provided, except that an occupational permit may be granted at sixteen (16) years of age for the children and grandchildren of licensed permit holders; licensed permit holders being defined for the purposes of this subdivision as owners, breeders, trainers and veterinarians. An applicant may be required to submit a certified copy of his or her birth certificate in connection with his or her application for a permit.

24.1.j. The filing of an application for a permit shall authorize the Racing Commission to investigate criminal and employment records, to engage in interviews to determine the applicant's character and qualifications and to verify information provided by the applicant.

24.1.k. The filing of an application for a permit shall authorize the Racing Commission to examine and determine the immigration status of the applicant through the United States Department of Homeland Security, United States Citizenship and Immigration Services, or their successors.

24.2. Consent to Search and Seizure. The following provisions apply to permit holders' consent to search and seizure as a condition of holding a permit:

24.2.a. Members of the Racing Commission, the stewards, the Racing Commission veterinarian(s), the Racing Commission security officer, Racing Commission investigators, or persons

authorized by them, have the right to inspect and search any person on association grounds who has been granted an occupational permit by the Racing Commission, as well as any stables, rooms, trailers, vehicles or other places or things within the association grounds.

24.2.b. Members of the Racing Commission, the stewards, the Racing Commission veterinarian(s), the Racing Commission security officer and Racing Commission investigators have the right to seize any prohibited medication, drugs, paraphernalia or devices.

24.2.c. By accepting an occupational permit, all permit holders are deemed to consent to the search and seizure provided for by this subsection.

#### 24.3. Substance Abuse/Addiction.

24.3.a. All permit holders shall be deemed to be exercising the privileges of their permit, and shall be subject to the requirements of this subsection when engaged in activities that could affect the outcome of a race or diminish the conditions of safety or decorum required in restricted areas or other areas of the association grounds.

24.3.b. It shall be a violation to exercise the privileges granted by a permit issued by the Racing Commission if the permit holder:

24.3.b.1. Is engaged in the illegal sale or distribution of alcohol or a controlled substance;

24.3.b.2. Possesses, without a valid prescription, a controlled substance;

24.3.b.3. Is addicted, having been determined to be so by a professional evaluation, to alcohol or other drugs and is not engaged in an abstinence-based program of recovery acceptable to the Racing Commission;

24.3.b.4. Has in his or her possession on association grounds any equipment, products or materials of any kind which are used or intended for use in planting, propagating, cultivating, growing, harvesting, manufacturing, compounding, converting, producing, processing, preparing, testing, analyzing, packaging, repackaging, storing, containing, concealing, injecting, ingesting, inhaling or otherwise introducing into the human body a controlled dangerous substance;

24.3.b.5. Refuses to submit to urine or drug testing, when notified that such testing is based on a random drug testing procedure; is based on reasonable suspicion that the person is using drugs or alcohol; or, is based on the permit holder's acting as if in an impaired condition; or

24.3.b.6. Presently has drugs (controlled substances) or alcohol in his or her body. With regard to alcohol, the results of a breathalyzer test showing a reading of more than .05 percent of alcohol in the blood shall be the criterion for a finding of alcohol present in the body. With regard to other controlled substances, the presence of the drug in any quantity measured by the testing instrument establishes the presence of the drug for purposes of this paragraph.

24.3.c. At their discretion, the Racing Commission, the Executive Director, and/or the stewards may conduct random drug testing, as well as testing based on reasonable suspicion, in order to ensure safety on the racetrack.

24.3.d. Random and reasonable suspicion drug testing of permit holders shall be accomplished by the taking of urine specimens. However, the Racing Commission, the Executive Director and/or the stewards retain the right to direct a permit holder to submit to a drug test by methods, including, but not limited to, blood, hair follicle, or skin.

24.3.e. When conducted, random drug testing shall apply, equally, to all permit holders who are, at the time of the random testing, exercising the privileges of their permit in such ways as may affect the outcome of a race or diminish the conditions of safety or decorum required in restricted areas or other areas of the association grounds.

24.3.f. No notice need be given as to the onset or cessation of random testing.

24.3.g. Random drug testing shall be conducted at the direction of the Racing Commission, the Executive Director and/or the stewards on an unannounced basis before or after the beginning of a racing card. The names of all permit holders who are performing duties at the track on the date the random drug testing is conducted shall be placed in a secure container which shall be in the custody of a Racing Commission security officer or investigator. The Racing Commission security officer or investigator shall draw a designated number of names from the secure container. Representatives of any racing trade organizations representing permit holders on the racetrack may attend and witness the random selection of names.

24.3.h. For race meetings with a duration of less than five (5) months, random drug testing shall occur at least once during the course of the meeting. For race meetings with a duration of six months or more, random drug testing shall occur at least twice during the meeting.

24.3.i. If possible, each urine sample received from a permit holder shall be divided into two (2) separate parts. One part shall be designated as the "official permit holder test sample" and shall be tested by a Commission approved laboratory. The remaining part of the specimen shall be known as the "permit holder split sample" and shall be available for testing at a Commission approved independent laboratory upon the request of the permit holder who provided the specimen sample. All specimens taken by Commission representatives are under the jurisdiction of and shall remain the property of the Commission at all times.

24.3.j. In the event that a permit holder is physically unable to provide a urine sample or enough of a urine sample to divide for a split sample, the Racing Commission, the Executive Director and/or the stewards may allow the permit holder to submit to another method of drug testing, including, but not limited to, blood, hair follicle, or skin, if any of such alternative methods are feasible.

24.3.k. If the urine sample obtained from the permit holder is insufficient for division for a split sample, but sufficient for an official permit holder test sample to be tested by a Commission approved laboratory, then the results of tests performed on such official sample shall be considered prima facie evidence of the condition of the permit holder.

24.3.l. Each sample or specimen collected from a permit holder shall be tested, at a minimum, for marijuana metabolites, cocaine metabolites, amphetamines, opiate metabolites, and phencyclidine (PCP). In certain reasonable suspicion scenarios or when it is otherwise determined that additional testing is necessary, permit holders may be required to produce additional samples that may be analyzed using additional screening panels.

24.3.m. All costs of initial testing under this subsection shall be at the expense of the racing association. However, should the results of a test come back positive, the costs of the test may be assessed against the permit holder, upon approval by the stewards. All costs for the testing of a specimen or split sample portion made available for the permit holder shall be the financial responsibility of the requesting person.

24.3.n. If a permit holder refuses to submit to urine or drug testing under this subsection or if a permit holder tests positive, his or her permit may be summarily suspended at the discretion of the stewards and/or may be subject to other disciplinary action in accordance with this rule. Physical inability to produce a urine sample shall not be considered to be a refusal to submit to drug testing.

24.3.o. Upon completion of testing, the Commission approved laboratory shall make a confidential written report to the Executive Director and the stewards of any positive finding.

24.3.p. Upon receipt of a written report containing a positive finding, the Executive Director or the stewards shall notify the permit holder. At that time, the permit holder shall also be notified of her or her right to request a split sample test within seventy-two (72) hours of such notification.

24.3.q. If a permit holder elects to have split sample testing, he or she shall comply with the following:

24.3.q.1. The request shall be submitted in writing within seventy-two (72) hours of notification on a form prescribed by the Racing Commission.

24.3.q.2. The permit holder shall be responsible for all charges and costs incurred in shipping, transporting and testing the split sample.

24.3.r. A permit holder who fails to adhere to the requirements of subdivision 24.3.q. shall be deemed to have waived his or her right to have a split sample tested.

24.3.s. The Racing Commission, the Executive Director, and/or the stewards shall provide for a secure chain of custody for the original sample and the split sample, if any, to be made available upon request to the permit holder.

24.3.t. If the findings of the Commission approved independent laboratory fail to confirm the findings of the Commission approved laboratory, no action shall be taken against the permit holder.

24.3.u. Unless or until the Commission and/or the stewards proceed to take action against a permit holder's permit for a positive test, the test results for the original sample and the split sample shall remain confidential and shall not be released.

24.3.v. If a permit holder tests positive for a medication for which he or she has a valid prescription or it is otherwise learned by the Commission, the Executive Director or the stewards that a permit holder is taking a prescribed medication, the Commission, the Executive Director or the stewards may, in their discretion, require that the permit holder provide a statement from his or her prescribing physician as to whether the permit holder can safely perform the duties under his or her permit while taking the prescribed medication.

24.3.w. A permit holder who is a first time violator under this subsection shall be required to undergo a professional assessment before the stewards and/or the Racing Commission determine whether or not the permit holder's condition is such that he or she may hold a permit and participate in racing. In the discretion of the stewards and/or the Racing Commission, a first time violator may be required to produce a negative test result; may be required to submit to further testing; and/or may be required to successfully complete a certified drug/alcohol rehabilitation program as a condition of holding a permit and participating in racing.

24.3.x. A permit holder who is a second time violator under this subsection shall be subject to suspension. The permit holder may not apply for reinstatement of his or her permit until such time as he or she has successfully completed a certified drug/alcohol rehabilitation program and has otherwise satisfied the Racing Commission and/or the stewards that he or she is fit to hold a permit.

24.3.y. A permit holder who is a third time violator under this subsection may be subject to revocation and may be deemed ineligible to apply for reinstatement of his or her permit for a period of time determined by the stewards and/or the Racing Commission. The Racing Commission and/or the stewards may determine what, if any, conditions a third time violator is required to meet in order to be considered for reinstatement of his or her permit.

24.4. Employer Responsibility. The following provisions apply to the responsibility of employers who are occupational permit holders:

24.4.a. The responsibility of obtaining an occupational permit for an employee rests with the employer. Employment of an individual without reporting the employment to the stewards and immediately obtaining an occupational permit for the employee may subject the employer's occupational permit to fine, suspension or other discipline.

24.4.b. No occupational permit holder may have in his or her employment, in any capacity, any employee less than eighteen (18) years of age, except where the employee has been issued a permit at age sixteen (16) pursuant to the exception specified in subdivision 24.1.i. of this rule.

24.8. Conflict of Interest. The stewards or the Racing Commission may deny, suspend or revoke an occupational permit if a conflict of interest exists or could exist as a result of the issuance or holding of the permit.

24.9. Permit Restrictions, Limitations and Conditions. The stewards or the Racing Commission may restrict, limit or impose any condition or conditions on an occupational permit that they consider necessary in their discretion to protect the best interests and integrity of racing.

24.10. Permit Denial. When the denial of an occupational permit has been ordered by the Racing Commission, the Racing Commission shall report the reasons for the denial to the applicant and shall further report the denial to the Association of Racing Commissioners International, Inc., so that other racing jurisdictions may be informed of the denial.

24.11. Grounds for Denial, Suspension or Revocation of Permit. The Racing Commission and/or the stewards may, in their discretion, refuse to issue or renew an occupational permit to an applicant, or may in their discretion suspend, revoke, or impose other disciplinary measures upon an occupational permit issued pursuant to this rule, if the applicant or permit holder:

25.5.j. Any transfer of ownership or change of a trainer in a stake, handicap, futurity or other special event must occur at least thirty (30) days before the event unless the transferor and transferee can satisfy the board of stewards that the transfer of ownership or change of a trainer was, in fact, an arms length transaction and not for the purpose of evading the coupling rules or any other rule of racing.

25.6. Death of Owner. Subscriptions and all entries or rights of entry under them become void on the death of a subscriber, except in the case of a surviving partnership or except upon the approval of the stewards when the personal representative of an estate requests in writing that the benefits accrue to the estate of the decedent subscriber for the privilege of transfer, and agrees to assume any and all obligations incident to the original entries.

**§178-1-28. Jockeys.**

28.1. Eligibility. The following provisions apply to the eligibility of jockeys for permits and for racing:

28.1.a. A jockey shall obtain an occupational permit from the Racing Commission, and the Racing Commission shall not issue an occupational permit to any jockey under eighteen (18) years of age.

28.1.b. A jockey shall pass a physical examination given within the previous twelve (12) months by a licensed physician, a licensed physician's assistant, or a licensed nurse practitioner affirming fitness to participate as a jockey, as well as a baseline concussion test using the most current SCAT testing protocol. The stewards may require that any jockey be reexamined and may refuse to allow any jockey to ride pending completion of such examination.

28.1.c. An applicant for an occupational permit to act as a jockey shall show competence by evidence of the holding of other racing permits and/or the demonstration of riding ability, which may include the riding of ten (10) or more races under a temporary occupational permit issued by the stewards. The stewards and/or the Racing Commission may consult representatives of the jockeys and the horsemen, the starter, and any other racing personnel that they deem appropriate in determining the competence and ability of an individual applying for an occupational permit to act as a jockey.

28.1.d. A jockey who is serving a suspension of ten (10) race days or less may ride in designated races during the suspension if:

28.1.d.1. the race has been specified as a designated race by the association's racing secretary before the inception of the race meeting at the association; or

28.1.d.2. the race has been approved as a designated race by the stewards officiating at the meeting; and

28.1.d.3. the jockey is named no later than the time set for the close of entries for the race; and

28.1.d.4. the jockey agrees to serve an additional race day of suspension in place of the race day on which the jockey rides in a designated race.

28.1.d.5. Reciprocity of this rule applies only to those states, which have adopted the designated race rule.

28.1.e. The suspension of a jockey for a riding interference or other riding offense begins on the second race day after the ruling, unless otherwise ordered by the stewards. A suspension for all other offenses begins immediately after the ruling.

28.1.f. A jockey temporarily suspended may exercise or gallop horses until the racetrack closes

for the morning.

28.2. Apprentice Jockeys. The following provisions apply to apprentice jockeys:

28.2.a. Jockey apprentices shall obtain an occupational permit from the Racing Commission and shall comply with the provisions of this section relating to jockeys, except those that are in conflict with this subsection specifically relating to apprentices.

28.2.b. An application for an occupational permit to act as an apprentice jockey shall be accompanied by:

28.2.b.1. an original, notarized contract between the apprentice and his or her employer, if a contract has been entered into;

28.2.b.2. written proof of at least one (1) year of service with a racing stable;

28.2.b.3. a certificate of proficiency from the starter; and

28.2.b.4. a birth certificate or satisfactory evidence of the date of birth.

28.2.c. Any person eighteen (18) years of age or older who has not been previously issued an occupational permit as a jockey in this or any other country, and who meets the eligibility requirements, may be granted an apprentice certificate. The certificate shall be subject to the approval and jurisdiction of the Racing Commission.

28.2.d. Apprentice contracts entered into and apprentice certificates issued in the state of West Virginia shall be made on forms approved by the Racing Commission and completed originals of these documents shall be on file with the stewards.

28.2.e. Any and all amendments to an apprentice contract shall be made in writing, shall be notarized, and the original amendments shall be filed with the stewards. Copies of the amendments shall be retained by the parties to the contract.

28.2.f. All apprentice contracts, wherever entered into, shall be approved by and filed with the stewards.

28.2.g. If an apprentice contract is transferred, that transfer shall be approved by and filed with the stewards by both the transferor and the transferee.

28.2.h. No person may enter into a contract in West Virginia with an apprentice jockey unless he or she is the owner or trainer of a stable of horses, which would, in the opinion of the stewards, warrant his or her employment of an apprentice.

28.2.i. All engagements for an apprentice jockey to ride, other than those for his or her contract employer, shall be made by himself or herself, his or her agent, or his or her contract employer, who may act as his or her agent without an agent occupational permit. However, the person making the engagements is responsible for the proper maintenance of the apprentice's engagement book.

28.2.j. A duly certified apprentice jockey may claim the following weight allowances in all

overnight races, except stakes and handicaps:

28.2.j.1. Ten (10) pounds allowance beginning with the first mount and continuing until he or she has ridden five (5) winners;

28.2.j.2. Seven (7) pounds allowance until the apprentice has ridden an additional thirty-five (35) winners; and

28.2.j.3. If an apprentice has ridden a total of forty (40) winners prior to the end of a period of one (1) year from the date of riding his or her fifth winner, he or she shall have an allowance of five (5) pounds until the end of that year.

28.2.k. If after one (1) year from the date of the fifth winning mount, the apprentice jockey has not ridden forty (40) winners, the applicable weight allowance shall continue for one (1) more year or until the fortieth winner, whichever comes first. But in no event may a weight allowance be claimed for more than two (2) years from the date of the fifth winning mount, unless an extension has been granted pursuant to this rule.

28.2.l. After the completion of the conditions set forth in subdivisions 28.2.j. and 28.2.k., an apprentice jockey may claim an allowance of three (3) pounds for a period of one (1) year when riding horses owned or trained by his or her original contract employer, if the contract has not been transferred or sold since he or she rode his or her first winner. The holder of the contract at the time the apprentice rides his or her first winner is considered the original contract employer.

28.2.m. An apprentice allowance shall be claimed at the time of entry and shall not be waived except by consent of the stewards.

28.2.n. The stewards shall not consider any race, unless reported in the Daily Racing Form or an equivalent publication, in determining a jockey's right to the apprentice allowance.

28.2.o. An apprentice jockey who loses his or her apprentice allowance for any reason shall obtain a jockey occupational permit before being permitted to ride again.

28.2.p. The stewards may extend the weight allowance of an apprentice jockey when, in the discretion of the stewards, an apprentice jockey cannot continue riding due to:

28.2.p.1. physical disablement or illness;

28.2.p.2. military service;

28.2.p.3. attendance in an institution of secondary or higher education;

28.2.p.4. restriction on racing; or

28.2.p.5. other valid reasons.

28.2.q. To qualify for an extension, an apprentice jockey shall have been rendered unable to ride for a period of not less than seven (7) consecutive days during the period in which he or she was entitled to an apprentice allowance. Under exceptional circumstances, the stewards may consider total days lost

collectively. An apprentice applying for an extension must produce documentation to the stewards verifying the time lost.

28.2.r. An apprentice may petition one (1) of the racing jurisdictions in which he or she has been issued an occupational permit for an extension of the time for claiming apprentice weight allowances. The apprentice is bound by the decision of the jurisdiction that is petitioned.

28.2.s. The stewards may take jurisdiction of an application for extension of an apprentice allowance in cases where the application is based upon a claim of physical injuries or restrictions on racing which occurred at racetracks licensed by the Racing Commission.

28.3. Jockey Responsibility. The following provisions apply to a jockey's responsibility:

28.3.a. A jockey shall give a best effort during a race, and each horse shall be ridden to win. A jockey shall not ease up on or coast to the finish, without reasonable cause, even if the horse has no apparent chance to win prize money.

28.3.b. A jockey shall faithfully fulfill all engagements in respect to racing.

28.3.c. Any jockey, having given a call personally or through his or her agent, who fails to fulfill an engagement in a race may not accept another mount or be assigned by the stewards to another mount in that race.

28.3.d. A jockey shall not ride or agree to ride in any race without the consent of the owner to whom he or she is under contract.

28.3.e. A jockey may not ride in any race against a horse of his or her contract employer unless his or her mount and his or her contract employer's horse are both in the hands of the same trainer.

28.3.f. A jockey may have no more than one (1) agent.

28.3.g. All engagements to ride, other than those for his or her contract employer, shall be made by him or her or his or her agent. The person making the engagements is responsible for the proper maintenance of the jockey's engagement book.

28.3.h. A jockey shall not have an attendant other than those provided by the association. If a jockey cannot find an available attendant, the clerk of scales shall assign one. A jockey may care for his or her own equipment.

28.3.i. A fine shall be paid by the jockey himself or herself and any other permit holder paying the fine is subject to discipline by the stewards.

28.4. Jockey Betting. No jockey shall make a wager on any race, nor accept the promise or token of any wager with respect to the race in which he or she is riding, except through or from the owner or trainer of the horse he or she rides, and then only on that horse.

28.5. Jockey's Spouse. A jockey shall not compete or ride in any race against a horse which is owned, trained or ridden by the jockey's spouse. If a conflict arises between a jockey and the jockey's spouse as to who shall compete or ride in a race and no agreement can be reached as to which of them shall

compete or ride, the stewards shall draw lots to resolve the conflict.

28.6. Jockey Mount Fees. The following provisions apply to jockey mount fees:

28.6.a. The organization representing the majority of the horsemen and the organization representing the majority of the jockeys at each racetrack may negotiate and reach agreements specifying the mount fees to be paid to the jockeys at each racetrack. Any agreement reached shall be filed with the Racing Commission thirty (30) days prior to the start of the race meeting. In the absence of such an agreement, the jockey mount fees shall be as set forth in table 178-1B at the end of this rule.

28.6.b. The owner of the horse shall pay the jockey riding fees to the horsemen's bookkeeper.

28.6.c. If any owner or trainer engages two (2) or more jockeys for the same race, he or she shall pay the losing fee for each engaged jockey not riding in the race, as well as the appropriate fee to the jockey who does ride.

28.6.d. A jockey fee shall be considered earned when the clerk of scales weighs out the jockey. The fee shall not be considered earned if the jockey, of his or her own free will, takes himself or herself off of the horse he or she is engaged to ride and when injury to the horse or rider is not involved. The stewards are vested with the authority to interpret and apply this subdivision and to determine whether or not a jockey fee is or is not earned based upon the facts and circumstances presented in a particular instance.

28.6.e. In a dead heat, the jockeys involved shall divide equally the sum total of the fees they would have received individually had one beaten the other or others. Likewise, the owners of the horses involved shall pay their equal share of fees.

A person entering a horse in a claiming race warrants that the title to such horse is free and clear of any existing claim or lien, either as security interest mortgage, bill of sale, or lien of any kind; unless before entering such horse, the written consent of the holder of the claim or lien has been filed with the horsemen's bookkeeper. A person may not claim ownership in a horse after the horse has run in a claiming race in the name of another person who, at the time of the race, had peaceable and undisputed possession of the horse.

33.2. Every horse claimed shall run in the interest and for the account of the owner who entered it in the race, but title to the claimed horse is vested in the successful claimant from the time the horse becomes a starter. The successful claimant shall become the owner of the horse. Provided that, a claim shall be voided if a horse suffers a fatality during the running of the race, dies, or is euthanized by a Racing Commission veterinarian on the race course or an adjacent area to which the horse may be safely and humanely removed as directed by a Racing Commission veterinarian. Provided further that, a claim is voidable at the discretion of the new owner for a period of one hour after the race is made official, for any horse that is vanned off the track at the direction of a Racing Commission veterinarian or that is observed by a Racing Commission veterinarian to be lame or unsound while on the racetrack for that race.

33.3. For claiming purposes, if a horse is owned by more than one (1) owner, the total ownership shall be considered as a single entity.

33.4. At the time of entry into a claiming race, the owner may opt to declare a horse ineligible to be claimed, provided that the horse has been laid off and has not started for a minimum of one hundred eighty (180) days since its last race and is entered for a claiming price equal to or greater than the claiming price of the horse's last start. A notice shall be included in the daily program if an owner opts to declare a horse ineligible to be claimed under this subsection.

33.5. The stewards shall decide any questions arising under these sections pertaining to claiming racing; shall pass upon all claims; and, may, in their discretion, declare any claim void.

**§178-1-36. Prohibitions.**

36.1. A person shall not claim more than one (1) horse in a race, nor shall a person submit more than one (1) claim for the same horse.

36.2. An authorized agent, although representing more than one eligible claimant, shall not submit more than one (1) claim in any race.

36.3. A trainer, even though eligible to make a claim, shall not submit a claim in the same race in which the owner of horses trained by him or her has submitted a claim. If this occurs, the stewards shall declare the trainer's claim void.

36.4. When a stable consists of horses owned by more than one (1) owner, but trained by the same trainer, not more than one (1) claim may be entered on behalf of the stable in any race. If more than one (1) claim is entered, the owners shall compete by lot for the claim.

36.5. When a stable consists of horses owned by more than one (1) owner, but trained by the same trainer, the owners are not eligible to claim from that trainer's stable.

36.6. A person shall not offer or enter into an agreement to claim, or attempt to prevent another person from claiming, a horse in a claiming race.

36.7. Owners and trainers running horses in a claiming race shall not collude or make any agreement for the protection of their horses.

36.8. Any person making a false affidavit in connection with the filing of a claim pursuant to the procedures set forth in section 37 of this rule, may be summarily suspended by the stewards or may be subject to other disciplinary action by the stewards and/or the Racing Commission.

**§178-1-37. Procedure for Claiming.**

37.1. The claiming price of each horse in a claiming race shall be printed on the official program and all claims for a horse shall be for the amount designated in the official program, plus all transfer fees and applicable taxes.

37.2. To make a valid claim for a horse, an eligible person shall:

37.2.a. deposit with the horsemen's bookkeeper an amount equal to the amount of the claim, plus all transfer fees and applicable taxes, unless at the time of making the claim the person has an unencumbered amount equal to the amount of the claim to his or her credit with the horsemen's bookkeeper;

37.2.b. accurately complete a written claim on a form approved by the stewards and which shall include an affidavit in which the claimant certifies that he or she is claiming the horse for his or her own account or as an authorized agent, and not for any other person;

37.2.c. identify the horse to be claimed by the spelling of its name as spelled on the official program;

37.2.d. place the completed claim form inside a sealed envelope approved by the stewards which shall have no identification marked on it other than the number of the race in which the claim is being made;

37.2.e. have the time of day that the claim is entered stamped on the envelope; and

37.2.f. have the envelope deposited in the locked claim box no later than ten (10) minutes prior to post time of the race for which the claim is entered.

37.3. After a claim has been deposited in the claim box, it is irrevocable by the claimant.

37.4. Officials and employees of the association shall not provide any information as to the filing of claims until after the race has been run, except as is necessary for processing of the claim.

37.5. If more than one claim is filed on a horse, the successful claim shall be determined by lot conducted by the stewards or their designee.

37.6. Notwithstanding any designation of sex or age appearing in the racing program or in any racing publication, the claimant of a horse shall be solely responsible for the determination of the sex or age of any horse claimed.

37.7. All horses claimed in other states and racing in the state of West Virginia are subject to the conditions of the claiming rule in the state where the claim was made.

#### **§178-1-38. Transfer of Claimed Horses.**

38.1. Upon a successful claim, the stewards shall issue an authorization of transfer of the horse from the original owner to the claimant. Copies of the transfer authorization shall be forwarded to and maintained by the stewards and the association's racing secretary. Upon notification by the stewards, the horsemen's bookkeeper shall immediately debit the claimant's account for the claiming price, applicable taxes and transfer fees.

38.2. A person shall not refuse to deliver a properly claimed horse to the successful claimant. If a person refuses to deliver a properly claimed horse, the stewards may prevent the horse claimed from racing, and may prevent all other horses owned or trained by that person from racing, until delivery is made.

38.3. Transfer of possession of a claimed horse shall take place immediately after the race has been run by the delivery of the horse to the claimant in the paddock, unless otherwise directed by the stewards. However, if the horse is required to be taken to the test barn for post-race testing, the original trainer or his/her designee shall maintain physical custody of the claimed horse; shall observe the testing procedure; shall sign the official form as witness to the taking of the specimen; and, shall, upon the release of the horse by the Racing Commission veterinarian or his or her designee, transfer possession of the claimed horse to the claimant. The successful claimant or his or her designee may also accompany the horse to the test barn for post-race testing.

38.4. When a horse is claimed out of a claiming race, the horse's engagements are transferred, with the horse, to the claimant.

38.5. Any horse claimed shall not be sold or transferred, wholly or in part thereof, to anyone for thirty (30) days except in another claiming race. The horse shall not remain in the same barn or under the control or management of its former owner or trainer for thirty (30) days, unless reclaimed, nor shall it race outside of the state of West Virginia for a period of sixty (60) days, except for stakes races and special events, or unless special permission is granted by the stewards.

38.6. The previous trainer of a claimed horse shall, within forty-eight (48) hours after a race is made official, provide to the new owner an accurate record of all corticosteroid joint injections that were administered to the horse within thirty (30) days before the race.

39.1.b. No person shall willfully enter, or cause to be entered, or start a horse in a race, when he or she knows or believes the horse to be ineligible or disqualified.

39.1.c. A person who does not have an interest in a horse that is at least equal to the ownership interest of any other individual owner may not enter the horse in a race as the owner.

39.1.d. One (1) or more of the owners of a horse may make joint subscriptions and entries. However, each owner is jointly and separately liable for all fees.

39.1.e. A horse must be eligible at the time of starting.

39.1.f. No horse owned by multiple owners shall be permitted to enter or to start until the owners

have complied with rules for the permitting of multiple owners as set forth in subsection 25.2. of this rule.

39.1.g. If the association's racing secretary receives an entry from any disqualified person or a disqualified horse, the entry is void and any money paid for that entry shall be returned if the disqualification is disclosed forty-five (45) or more minutes before post time for the race. Otherwise, any money shall be paid to the winner.

39.1.h. The association's racing secretary shall not accept an entry from spouses while either is disqualified from racing. For the purpose of this rule, spouses shall be considered as one.

39.2. Procedure. The following provisions apply to the procedure for entries:

39.2.a. For all races, the association's racing secretary or his or her assistants are authorized to receive entries.

39.2.b. Entries shall be made in writing, by telephone, by facsimile or by electronic means approved by the Racing Commission. Each association shall provide blank forms on which written entries may be made. Upon the request of the association's racing secretary or the stewards, any entry not made in writing shall be confirmed in writing.

39.2.c. When a horse is entered, it must be clearly identified by stating its age, sex, name, color, and the names of its sire and dam.

39.2.d. The stewards may refuse an entry of any person, or the transfer of any entry, with notice and the reason given.

39.2.e. The entry of a horse shall be in the name of his or her valid owner.

39.2.f. The association's racing secretary shall immediately compile and conspicuously display the number of entries upon the closing of all overnight races.

39.2.g. Alterations shall not be made in any entry after closing of entries, except correction of errors approved by the stewards.

39.3. Entries of Horses Having Common Ties. The following provisions apply to entries of horses having common ties through ownership or training:

39.3.a. No more than two (2) horses having common ties through ownership or training may be entered in an overnight race. When horses having common ties through ownership or training are entered in an overnight race, preference by date on the day of entry shall be given. Provided, however, when making an entry involving two (2) horses having common ties through ownership, a preference for one (1) of the horses must be made and both of such horses having common ties may not start to the exclusion of a single entry.

39.3.b. In a stakes race, futurity or other special event, any two (2) or more horses entered that are owned in whole or in part by the same owner or trained by the same trainer shall be given an equal draw according to the eligibility conditions of the race.

39.3.c. In any race ordered split by the association's racing secretary into two (2) or more

divisions, horses in an entry involving horses having common ties through ownership or training shall be seeded in separate divisions and separated.

39.4. Closings. The following provisions apply to the closing of entries:

39.4.a. The association's racing secretary shall close all entries at an advertised time with no entry accepted thereafter. The association's racing secretary, however, may postpone closing or filling of overnight races. Provided that, if the association's racing secretary postpones the closing or filling of one or more overnight races past the advertised time, he or she shall postpone the closing or filling of all other overnight races until the same time.

39.4.b. For futurity races, if a horse is not named through the entry box at the published time of closing, the horse shall be denied entry.

39.5. Number of Starters in a Race. The following provisions apply to the number of starters in a race:

39.5.a. The maximum number of starters in any race shall be limited to the number of starting positions afforded by the association starting gate and its extensions. The number of starters may be further limited by the number of horses which, in the opinion of the stewards, can be afforded a safe, fair and equal start.

39.5.b. If, due to racetrack limitations, the number of entries to any purse race is in excess of the number of horses that may be permitted to start, the horses for the race and their post or starting gate positions, shall be determined by the preference system or the conditions of the race. The same methods shall be employed in determining the horses and post or starting positions in split races.

39.6. Split or Divided Races. The association's racing secretary may split or divide any overnight race.

39.7. Post Positions. The manner of selecting positions of horses at the starting gate shall be determined by lot by the association's racing secretary or his or her designee, in public, at the close of the entries. The horses drawn are entitled to the position at the starting gate corresponding to the number drawn.

39.8. Also-Eligible List. The following provisions apply to the also-eligible list:

39.8.a. If the number of entries for a race exceeds the number of horses permitted to start, the association's racing secretary may create and post an also-eligible list.

39.8.b. If any horse is scratched from a race for which an also-eligible list was created, a replacement horse shall be drawn from the also-eligible list into the race in order of preference.

39.8.c. Any owner or trainer of a horse on the also-eligible list who does not wish to start the horse in such race shall so notify the association's racing secretary prior to scratch time for the race, thereby forfeiting any preference to which the horse may have been entitled.

39.8.d. A horse which draws into a straightaway race from the also-eligible list shall start from the post position vacated by the scratched horse. In the event more than one horse is scratched, post positions of horses drawing in from the also-eligible list shall be determined by public lot.

39.8.e. Horses which draw into a non-straightaway race from the also-eligible list shall start from the outermost post positions.

39.8.f. If a horse is on the also-eligible list and is selected on a subsequent race day, the horse is an automatic scratch or elimination from the eligible list the first day.

39.9. Preferred List. The association's racing secretary shall maintain a list of entered horses eliminated from starting by a surplus of entries, and these horses shall constitute a preferred list and have preference. The manner in which the preferred list shall be maintained and all rules governing such list shall be the responsibility of the association's racing secretary. Such rules must be submitted to the Racing Commission thirty (30) days prior to the commencement of the race meeting and are subject to the approval of the Commission.

41.2.c. No horse shall be considered to be scratched from a race until the trainer or his or her designee notifies the association's racing secretary within the prescribed time period established by the association.

41.2.d. Scratches from stakes races shall close four (4) hours before post time for that race, unless

otherwise approved by the stewards.

41.2.e. No horse in an overnight race shall be scratched without the approval of the stewards.

41.2.f. A recommendation from a Racing Commission veterinarian to scratch a horse shall be given to the stewards and shall be used only as an aid in determining whether a scratch shall be approved.

41.2.g. Entry of a horse which has been scratched, or excused from starting by the stewards, because of a physical disability or sickness shall not be accepted until the expiration of five (5) days after such horse was scratched or excused and the horse has been removed from the veterinarians' list by a Racing Commission veterinarian.

**§178-1-42. Weights.**

42.1. Allowances. The following provisions apply to weight allowances:

42.1.a. A weight allowance must be claimed at time of entry and shall not be waived after the posting of entries, except by consent of the stewards.

42.1.b. A horse shall start with only the allowance of weight to which it is entitled at time of starting, regardless of its allowance at time of entry.

42.1.c. Horses not entitled to the first weight allowance in a race shall not be entitled to any subsequent allowance specified in the conditions.

42.1.d. A claim of weight allowance to which a horse is not entitled shall not disqualify it unless a protest is made in writing and lodged with the stewards at least one (1) hour before post time for that race.

42.1.e. A horse shall not be given a weight allowance for failure to finish second or lower in any race.

42.1.f. No horse shall receive an allowance of weight nor be relieved extra weight for having been beaten in one (1) or more races, but this rule shall not prohibit maiden allowances or allowances to horses that have not won a race within a specified period or a race of a specified value.

42.1.g. Except in handicap races which expressly provide otherwise, two (2) year old fillies shall be allowed three (3) pounds, and fillies and mares, three (3) years old and upward, shall be allowed five (5) pounds before September 1 and three (3) pounds thereafter in races where competing against male horses.

42.2. Penalties. The following provisions apply to weight penalties:

42.2.a. Weight penalties are obligatory.

42.2.d. Penalties incurred and allowances due in steeplechase or hurdle races shall not apply to races on the flat, and vice versa.

42.2.e. The reports, records and statistics as published by the Daily Racing Form, Equibase or other recognized publications shall be considered official in determining eligibility, allowances and penalties, but may be corrected.

42.2.f. For determining weight penalties and allowances for horses that have previously won or placed in Graded or Group races, penalties in the race conditions will only apply to Graded or Group races in Part 1 countries as recognized in the International Catalogue Standards (ICS) book.

42.2.g. When a race is in dispute, both the horse that finished first and any other horse involved in the dispute are subject to all penalties attached to the winner of that race until the matter is decided.

42.3. Scale of Weights. The following provisions apply to the scale of weights:

42.3.a. With the exception of apprentice allowances, handicap races, three (3) year old horses entered to run in races against horses four (4) years old and upwards, and the allowance provided in subdivision 42.3.b., no jockey shall be assigned a weight of less than one hundred eighteen (118) pounds. For three (3) year old horses entered to run in races against horses four (4) years old and upwards from January 1 through August 31, no jockey shall be assigned a weight of less than one hundred sixteen (116) pounds.

42.3.b. Except in handicaps, fillies two (2) years old shall be allowed three (3) pounds, and fillies and mares three (3) years old and upward shall be allowed five (5) pounds before September 1, and three (3) pounds thereafter in races where competing against horses of the opposite sex.

42.3.c. A notice shall be included in the daily program that lists the weight to be carried by each horse as established by the association's racing secretary and that notifies the public that jockeys may carry approximately three (3) pounds more than the published weight to account for safety equipment (vest and helmet) that is not included in required weighing out procedures. Additionally, the public shall be notified in the daily program that upon the stewards' approval, jockeys may weigh in with an additional three (3) pounds for inclement weather gear.

#### **§178-1-43. Workouts.**

When a horse is being warmed up or exercised between races, a public announcement shall be made giving the name of the horse and explaining its presence on the racing strip.

**§178-1-44. Horses Ineligible.** A horse is ineligible to start in a race when:

44.1. its breed registration certificate is not on file with the association's racing secretary one-half (½) hour before post time for the first race; the stewards may waive this requirement if the information contained on the registration certificate is otherwise available and the horse is otherwise correctly identified to the stewards' satisfaction; provided that the stewards shall not waive this requirement if the horse is scheduled to start in a claiming race.

45.5.a. 45.6.e. If a jockey is thrown from the horse on the way from the paddock to the starting gate, he or she shall remount the horse, return to the point where he or she was thrown and then proceed over the route of the parade to the starting gate. 45.7.a.3. If, for any reason, the doors in front of any stall in a mechanical or electrically operated gate fail to open, thereby preventing a horse from starting when the starter dispatches the field, the entire amount wagered on the affected horse shall be refunded: Provided, that the horse is not part of an entry or part of a mutuel field.

45.7.b. The following provisions apply to interference, jostling or striking:

45.7.b.1. A jockey shall not ride carelessly or willfully so as to permit his or her mount to interfere with, impede or intimidate any other horse in the race.

45.7.b.3. No jockey shall unnecessarily cause his or her horse to shorten its stride or engage in other actions so as to give the appearance of having suffered a foul.

45.7.c. The following provisions apply to maintaining a straight course:

45.7.c.1. When the way is clear in a race, a horse may be ridden to any part of the course, but if any horse swerves, or is ridden to either side, so as to interfere with, impede or intimidate any other horse, it is a foul.

45.7.c.2. The offending horse may be disqualified, if in the opinion of the stewards, the foul altered the finish of the race, regardless of whether the foul was accidental, willful or the result of careless riding.

45.7.c.3. If the stewards determine the foul was intentional, or due to careless riding, the jockey may be held responsible and his or her occupational permit may be disciplined.

45.7.d. The following provisions apply to disqualification:

45.7.d.1. When the stewards determine that a horse shall be disqualified for interference, they may place the offending horse behind such horses as in their judgment it interfered with, or they may place it last.

45.7.d.2. If a horse is disqualified for a foul, any horse or horses in the same race owned or trained by the same interests, may also be disqualified.

45.7.d.3. Possession of any electrical or mechanical stimulating or shocking device by a jockey, horse owner, trainer or other person authorized to handle or attend to a horse shall be prima facie evidence of a violation of this rule and is sufficient grounds for the stewards to scratch or disqualify the horse.

45.7.d.4. Should the stewards determine that there is more than one (1) incident of interference in a race where disqualification is warranted, the stewards shall deal with the incidents in the

order in which the incidents occurred during the race from start to finish; except in the case where the same horses are involved in multiple incidents. Once a horse has been disqualified, it should remain placed behind the horse with which it interfered. The stewards shall make a conscious effort to place and maintain as placed, every and all horses placed behind others for interference.

A jockey shall not ease up or coast to the finish, without reasonable cause, even if the horse has no apparent chance to win prize money. A jockey shall give a best effort during a race, and each horse shall be ridden to win.

45.7.f. The following provisions apply to the use of a riding crop:

45.7.f.1. Although the use of a riding crop is not required, any jockey who uses a riding crop during a race shall do so only in a manner consistent with exerting his or her best efforts to win.

45.7.f.2. No electrical or mechanical device or other expedient designed to increase or retard the speed of a horse, other than the riding crop approved by the stewards, shall be possessed by anyone, or applied by anyone to the horse at any time on the grounds of the association during the meeting, whether in a race or otherwise.

45.7.f.3. Riding crops may be used on two (2) year olds, as well as other first time starters, if schooled or reviewed by the starter with the riding crop and approved by the starter and the stewards before the time of entry.

45.7.f.6. Prohibited use of the riding crop includes, but is not limited to, striking a horse:

45.7.f.6.A. on the head, flanks or on any other part of its body other than the shoulders or hind quarters except when necessary to control a horse;

45.7.f.6.B. during the post parade or after the finish of the race except when necessary to control the horse;

45.7.f.6.C. excessively or brutally causing welts or breaks in the skin;

45.7.f.6.D. when the horse is clearly out of the race or has obtained its maximum placing;

45.7.f.6.E. persistently even though the horse is showing no response under the

riding crop; or

45.7.f.6.F. striking another rider or horse.

45.7.f.7. After the race, horses may be subject to inspection by a Racing Commission veterinarian looking for cuts, welts or bruises in the skin. Any adverse findings shall be reported to the stewards.

45.7.f.8. The giving of instructions by any permit holder that if obeyed would lead to a violation of this subdivision may result in disciplinary action also being taken against the permit holder who gave such instructions.

45.7.g. If a horse leaves the racing strip after the start, the stewards shall disqualify the horse.

45.7.h. If a horse becomes incapacitated during the running of the race or is otherwise unable to finish, best efforts shall be made to dismount, unsaddle and remove the horse from the racing strip without passing the public stands. Further, the horse shall not be euthanized on the racing strip in the direct view of the public unless authorized by a Racing Commission veterinarian or his or her designee.

45.7.i. If a horse is in distress, it shall remain on the racing strip until a Racing Commission veterinarian and the equine ambulance arrive and remove the horse.

45.7.j. During the running of the race, the stewards shall exclude all unauthorized persons from the racing strip.

45.7.k.2. The nose of the horse shall determine the placement of the horse in relationship to other horses in the race.

45.7.l. The following provisions apply to returning after the finish:

45.7.l.1. After a race has been run, the jockey shall ride promptly to the place designated by the stewards, dismount and report to the clerk of scales to be weighed in. Jockeys shall weigh in with all pieces of equipment with which they weighed out.

45.7.l.2. If a jockey is prevented from riding to the designated unsaddling area because of an accident or illness to the jockey or the horse, the jockey may walk or be transported to the scales, or may be excused from weighing in by the stewards.

45.7.m.1. Only persons authorized by the stewards may assist the jockey with unsaddling the horse after the race.

45.7.m.2. No one shall place a covering over a horse before it is unsaddled and the jockey has removed the equipment that is to be included in his or her weight.

45.7.n. The following provisions apply to weighing in:

45.7.n.1. A jockey shall weigh in at no less than the same weight at which he or she weighed out, and if under that weight, and after consideration of mitigating circumstances by the stewards, his or her mount may be disqualified from any portion of the purse money.

45.7.n.2. In the event of such disqualification, all monies wagered on the horse shall be refunded unless the race has been declared official.

45.7.n.5. The post-race weight of a jockey includes any sweat, dirt and mud that may have accumulated on the jockey, jockey's clothing, jockey's safety equipment and over-girth. This accounts for additional weight depending on specific equipment, as well as weather, track and racing conditions.

45.7.o.1. When two (2) or more horses run a dead heat, the results of the dead heat are final.

45.7.o.2. The owners of the horses in a dead heat shall divide equally the purse money involved.

45.7.o.4. When a dead heat is run for second place and an objection is made and sustained as to the winner of the race, the horses which run the dead heat for second place shall be considered to have run a dead heat for first place.

45.7.o.5. Owners shall divide equally all moneys and other prizes and if no agreement can be reached as to which of them shall receive a cup, plate or other indivisible prize, they shall draw lots for it in the presence of one (1) or more of the stewards.

#### **§178-1-46. Protests, Objections and Inquiries.**

46.1. Stewards to Inquire. The following provisions apply to inquiries by the stewards:

46.1.a. The stewards shall take cognizance of foul riding and may entertain reports from other racing officials, regardless of whether or not a formal complaint is made. The stewards shall not consider a complaint which comes from any person other than the jockey, trainer or owner of the horse interfered with.

46.1.b. In determining the extent of disqualification, the stewards in their discretion may:

46.1.b.1. declare null and void a track record set or equalled by a disqualified horse, or any horses included with it in an entry due to common ties of ownership or training;

46.1.b.2. affirm the placing judges' order of finish and hold the jockey responsible if, in the stewards' opinion, the foul riding did not affect the order of finish; or

46.1.b.3. disqualify the offending horse and hold the jockey blameless if in the stewards' opinion the interference to another horse in a race was not the result of an intentional foul or careless riding on the part of a jockey.

46.2. Race Objections. The following provisions apply to race objections:

46.2.a. An objection following the running of any race must be made to the stewards before the race is declared official.

46.2.b. The stewards shall make all findings of fact as to all matters occurring during and incident to the running of a race; shall determine all objections and inquiries, and shall determine the extent of disqualification, if any, of horses in the race.

46.2.c. Once the stewards have determined a race objection, any party may make a complaint to the stewards regarding such determination. A complaint must be made in writing to the stewards within twenty-four (24) hours of their determination.

46.2.d. If a jockey wishes to object to a happening in a race, he or she must notify the clerk of scales immediately upon his or her arrival at the scales for weighing-in. However, when the Quick Official is being used the jockey shall notify the outrider that is equipped with a two-way radio for communication with the stewards, that the jockey wishes to claim foul or put a "hold" on the race. The jockey may either claim foul or put the race on hold. The jockey shall then proceed to the clerk of scales and contact the stewards upon dismounting.

46.3. Protests. The following provisions apply to protests:

46.3.a. A protest shall be made in writing, signed by the complainant and filed with the stewards before post time of the race in question.

46.3.b. A protest, except a protest involving fraud, may be filed only by the owner or his or her authorized agent, the trainer, or the jockey of a horse engaged in the race in which the protest is made or by a racing official of the meeting.

46.3.c. Any person may make a protest involving fraud.

46.3.d. If a claimed horse has had a posterior digital neurectomy and has not complied with the requirements of paragraph 51.1.b.9. of this rule, the claimant has forty-eight (48) hours from the start of the race from which the horse was claimed to file a protest which shall be supported by an affidavit made by a practicing veterinarian holding an occupational permit and a Racing Commission veterinarian.

46.3.e. Anyone who protests against a horse engaged in a race and who files the protest with the stewards not less than sixty (60) minutes before post time, shall receive immediate consideration. The stewards shall disqualify the horse from starting when there is no proof provided within thirty (30) minutes of post time that the horse is qualified to start.

46.3.f. A protest against the scheduled distance of a race shall be made at least thirty (30) minutes before post time for that race.

46.3.g. A protest may not be withdrawn unless a request to withdraw is submitted in writing and is approved by the stewards.

46.3.h. No person shall make a frivolous protest.

46.3.i. The stewards shall keep a record of all protests and complaints and any action taken on the protests and complaints.

## **PART 8. EQUINE VETERINARY PRACTICES, HEALTH AND MEDICATION.**

### **§178-1-47. Equine Health.**

47.1. General. All horses that move onto a West Virginia racetrack from another state or country must comply with all applicable rules of the West Virginia Commissioner of Agriculture and with the applicable rules of the United States Department of Agriculture.

47.2. Equine Infectious Anemia (EIA). The following provisions apply to equine infectious anemia (EIA):

47.2.a. No horse shall be permitted on the grounds of a racing association in this state unless the horse has had a negative Coggins test for EIA.

47.2.b. A person designated by the racing association, must review official test papers of each horse at the time of entry on the grounds of the racing association to ensure that all horses are negative for EIA.

47.2.c. All horses being moved interstate must have been tested for EIA with a negative result within twelve (12) months prior to start in a race held under the jurisdiction of the Racing Commission.

47.2.d. All horses not moved interstate must have been tested for EIA with a negative result within twelve (12) months prior to start in a race held under the jurisdiction of the Racing Commission.

47.2.e. Should a horse at a racetrack in this state test positive for EIA, notification shall be sent to the West Virginia Commissioner of Agriculture within twenty-four (24) hours after the results of the test are known. Copies of the notification sent to the Commissioner of Agriculture shall be simultaneously provided to the stewards and the association.

47.2.f. Once a positive EIA test is received for a horse at a racetrack in this state, the rules and procedures of the Commissioner of Agriculture govern the handling and movement of infected and exposed horses at the track.

47.3. Euthanasia. No horse shall be euthanized on the grounds of an association until the horse has been observed by a Racing Commission veterinarian. If an emergency arises, a practicing veterinarian attending to the horse may euthanize the horse and shall subsequently notify a Racing Commission veterinarian.

**§178-1-48. Veterinary Practices.**

48.1. Veterinarians under Authority of Racing Commission Veterinarian(s). Veterinarians issued an occupational permit by the Racing Commission and practicing at any location under the jurisdiction of the Commission are under the authority of the Racing Commission veterinarian(s) and the stewards. The Racing Commission veterinarian(s) may recommend to the stewards or the Racing Commission the discipline that may be imposed upon a veterinarian who violates this rule.

48.2. The following limitations apply to drug treatments of horses that are engaged in activities, including training, related to competing in pari-mutuel racing in West Virginia:

48.2.a. No drug may be administered except in the context of a valid veterinarian-client-patient relationship between an attending veterinarian, the horse owner (who may be represented by the trainer or other agent) and the horse. The owner is not required by this rule to follow the veterinarian's instructions, but no drug may be administered without a veterinarian having examined the horse and having provided the treatment recommendation. Such relationship requires the following:

48.2.a.1. The veterinarian, with the consent of the owner, has accepted responsibility for making medical judgments about the health of the horse;

48.2.a.2. The veterinarian has sufficient knowledge of the horse to make a preliminary diagnosis of the medical condition of the horse;

48.2.a.3. The veterinarian has performed an examination of the horse and is acquainted with the keeping and care of the horse;

48.2.a.4. The veterinarian is available to evaluate and oversee treatment outcomes, or has made appropriate arrangements for continuing care and treatment;

48.2.a.5. The relationship is maintained by veterinary visits as needed; and,

48.2.a.6. The veterinary judgements of the veterinarian are independent and are not dictated by the trainer or owner of the horse.

48.2.b. No prescription drug may be administered except as prescribed by an attending veterinarian.

48.2.c. The trainer and veterinarian are both responsible to ensure compliance with these limitations on drug treatments of horses, except the medical judgment to recommend a drug treatment or to

prescribe a drug is the responsibility of the veterinarian and the decision to proceed with a drug treatment that has been so recommended is the responsibility of the horse owner (who may be represented by the trainer or other agent).

48.3. Treatment Restrictions. The following provisions apply to treatment restrictions:

48.3.a. Except as otherwise provided in this subsection, no person other than a veterinarian licensed to practice veterinary medicine in the state of West Virginia and holding an occupational permit issued by the Racing Commission shall possess or administer to a horse a prescription or controlled medication, drug, chemical or other substance (including any medication, drug, chemical or other substance by injection) at any location under the jurisdiction of the Racing Commission.

48.3.b. This subsection does not apply to the administration of the following substances except in approved quantitative levels, if any, present in post-race samples or as they may interfere with post-race testing:

48.3.b.1. A recognized non-injectable nutritional supplement or other substance approved by a Racing Commission veterinarian;

48.3.b.2. A non-injectable substance on the direction or by prescription of a veterinarian licensed to practice veterinary medicine in the state of West Virginia and holding an occupational permit issued by the Racing Commission; or

48.3.b.3. A non-injectable non-prescription medication or substance.

48.3.c. No person, other than a veterinarian licensed to practice veterinary medicine in the state of West Virginia and holding an occupational permit issued by the Racing Commission shall possess a hypodermic needle, syringe or injectable of any kind on association grounds, unless otherwise approved by the stewards or the Racing Commission. At any location under the jurisdiction of the Racing Commission, veterinarians may use only one-time disposable needles, and shall dispose of them in a manner approved by the Racing Commission veterinarian(s). If a person has a medical condition which makes it necessary to have a syringe at any location under the jurisdiction of the Racing Commission, that person may request permission of the stewards and/or the Commission to have a syringe. Such a request shall be in writing and shall be accompanied by a statement from a licensed physician explaining why it is necessary for the person to possess a syringe. If permission is granted to any person to have a syringe at any location under the Racing Commission's jurisdiction, the stewards and/or the Commission may impose conditions and/or restrictions in connection with such approval.

48.3.d. Practicing veterinarians shall not have contact with an entered horse on a race day except for the administration of furosemide (lasix®) under the guidelines set forth in subsection 49.7. of this rule unless approved by a Racing Commission veterinarian. If approval to have contact with an entered horse on a race day for purposes other than the administration of furosemide (lasix®) is obtained from a Racing Commission veterinarian, or if reasonable efforts are made to contact a Racing Commission veterinarian and he or she is unavailable, a practicing veterinarian may have contact with the horse for purposes other than the administration of furosemide (lasix®): *Provided*, That the practicing veterinarian shall complete a form prescribed by the Racing Commission notifying the Racing Commission veterinarian of the contact. Such form shall be provided to the Racing Commission veterinarian one hour before post time. Any unauthorized contact may result in the horse being scratched from the race in which it was scheduled to compete and may result in further disciplinary action by the stewards.

48.4. Veterinarians' Reports. Every veterinarian who treats a racehorse at any location under the jurisdiction of the Racing Commission shall record in writing the name of the horse treated, any medication, drug, substance, or procedure administered or prescribed, the name of the trainer of the horse, the date and time of treatment and any other information requested by a Racing Commission veterinarian(s). The veterinarian treating the racehorse shall sign each written record of treatment and shall provide such treatment records to the stewards and/or the Racing Commission veterinarian(s) upon request. Any veterinarian who falsifies any treatment record or who fails to maintain treatment records may be disciplined by the stewards or the Racing Commission.

48.5. Prohibited Practices. The following are prohibited practices:

48.5.a. The possession or use of a drug, substance or medication on the premises of a facility under the jurisdiction of the Commission for which a recognized analytical method has not been developed to detect and confirm the administration of such substance; or the use of which may endanger the health and welfare of the horse or endanger the safety of the rider; or the use of which may adversely affect the integrity of racing; or no generally accepted used in equine care exists.

48.5.b. The possession or use of a drug, substance, or medication on the premises of a facility under the jurisdiction of the Racing Commission that has not been approved by the United States Food and Drug Administration (FDA) for any use in humans or animals is forbidden without prior permission of the Racing Commission or a Racing Commission veterinarian. This rule shall not restrict the recognized off-label use of any FDA approved medication.

48.5.c. The possession and/or use of blood doping agents (agents that abnormally enhance the oxygenation of body tissue), including but not limited to those listed below, on the premises of a facility under the jurisdiction of the Racing Commission is forbidden:

- 48.5.c.1. Aminoimidazole carboxamide ribonucleotide (AICAR);
- 48.5.c.2. Darbepoetin;
- 48.5.c.3. Equine Growth Hormone;
- 48.5.c.4. Erythropoietin;

- 48.5.c.6. *Myo*-Inositol Trispyrophosphate (ITPP);
- 48.5.c.7. Oxyglobin®;
- 48.5.c.8. Thymosin beta; and
- 48.5.c.9. Venoms and derivatives thereof.

48.5.d. The use of extracorporeal shock wave therapy or radial pulse wave therapy shall not be permitted unless the following conditions are met:

48.5.d.1. Any treated horse shall not be permitted to race or train for a minimum of ten (10) days following treatment;

48.5.d.2. The use of extracorporeal shock wave therapy or radial pulse wave therapy machines shall be limited to veterinarians holding occupational permits issued by the Commission and using registered and approved machines at a previously-disclosed location;

48.5.d.3. Any extracorporeal shock wave therapy or radial pulse wave therapy machines on the association grounds must be registered with and approved by the Commission or its designee before use;

48.5.d.4. All extracorporeal shock wave therapy or radial pulse wave therapy treatments must be reported to a Racing Commission veterinarian within one (1) day on a prescribed form. The horse shall be added to a list of ineligible horses. This list shall be kept in the association's racing secretary's office and shall be accessible to jockeys and/or their agents during normal business hours; and

48.5.d.5. Any person participating in the use of extracorporeal shock wave therapy and/or in the possession of extracorporeal shock wave therapy machines in violation of this rule shall be considered to have committed a prohibited practice and is subject to a Class A penalty as set forth in table 178-1E at the end of this rule.

48.5.e. The use of a nasogastric tube (a tube longer than six inches) for the administration of any substance within twenty-four (24) hours prior to the post time of a race in which the horse is entered is prohibited without the prior permission of a Racing Commission veterinarian or his or her designee.

48.5.f. The following are prohibited substances and methods:

48.5.f.1. The substances and methods in the Association of Racing Commissioners International (RCI) Prohibited List set forth in table 178-1 I at the end of this rule may not be used at any place or time, and may not be possessed on the premises of a racing or training facility under the jurisdiction of the Racing Commission, except as a restricted therapeutic use.

48.5.f.2. Restricted Therapeutic Use. A limited number of medications on the Association of Racing Commissioners International (RCI) Prohibited List set forth in table 178-1 I at the end of this rule shall be exempted when the administration occurs in compliance with the Association of Racing Commissioners International (RCI) Required Conditions for Restricted Therapeutic Use set forth in table 178-1 J at the end of this rule.

48.5.f.2.A. "Report When Sampled" means the administration of the substance must be reported to the Racing Commission when the horse is next sampled, if the horse is sampled within twenty-four (24) hours after administration.

48.5.f.2.B. "Pre-File Treatment Plan" means the filing of a treatment plan for the substance in a manner approved by the Racing Commission and that is filed by the time of administration of the substance.

48.5.f.2.C. "Written Approval from Commission" means the Racing Commission has granted written approval of a written treatment plan before the administration of the substance.

48.5.f.2.D. “Emergency Use (report)” means the substance had to be administered due to an acute emergency involving the life or health of the horse, provided the emergency use is reported to the Racing Commission as soon as practicable after the treatment occurs.

48.5.f.2.F. “Report Treatment” means the treatment reported to the Racing Commission by the trainer at the time of administration to provide the Racing Commission with information for the Veterinarian’s List. The trainer may delegate this responsibility to the treating veterinarian, who shall make the report when so designated.

48.5.f.2.G. “Other Limitations” means additional requirements that apply, such as a substance may be used only in fillies or mares or a horse that is administered a substance shall be reported immediately to the Racing Commission and placed on the veterinarians’ list for a specific minimum period of time. The use of the substance must comply with the other applicable rules of the Racing Commission.

48.5.f.3. No person shall at any time administer any other doping agent to a horse except pursuant to a valid, therapeutic, evidence-based treatment plan.

48.5.f.3.A. “Other doping agent” means a substance this is not listed in the Association of Racing Commissioners International (RCI) Prohibited List set forth in table 178-1 I at the end of this rule, has a pharmacologic potential to alter materially the performance of the horse, has no generally accepted medical use in the horse when treated, and is:

48.5.f.3.A.1. capable at any time of causing an action or effect, or both, within one or more of the blood, cardiovascular, digestive, endocrine, immune, musculoskeletal, nervous, reproductive, respiratory, or urinary mammalian body systems; including but not limited to endocrine secretions and their synthetic counterparts, masking agents, oxygen carriers, and agents that directly or indirectly affect or manipulate gene expressions; but

48.5.f.3.A.2. not a substance that is considered to have no effect on the physiology of a horse except to improve nutrition or treat or prevent infections or parasitic infestations.

48.5.f.3.B. The Racing Commission may publish advisory warnings that certain substances or administrations may constitute a violation of this rule.

48.5.f.3.C. “Therapeutic, evidence based treatment plan” means a planned course of treatment written and prescribed by an attending veterinarian before the horse is treated that:

48.5.f.3.C.1. describes the medical need of the horse for the treatment, the evidence based scientific or clinical justification for using the doping agent, and a determination that recognized therapeutic alternatives do not exist; and

48.5.f.3.C.2. complies with the veterinary practices provisions of this rule, meets the standards of veterinary practice in West Virginia, and is developed in good faith to treat a

medical need of the horse.

48.5.f.3.D. Such plans shall not authorize the possession of a doping agent on the premises of a racing or training facility under the jurisdiction of the Racing Commission.

#### **§178-1-49. Medications and Prohibited Substances.**

49.1. General. Upon a finding of a violation of this medication and prohibited substances rule, the stewards shall consider the classification level of the violation as listed in the Uniform Classification Guidelines for Foreign Substances as promulgated by the Association of Racing Commissioners International (RCI), Version 14.0 (revised January 2019), set forth in table 178-1D at the end of this rule. Imposition of penalties and disciplinary action by the stewards for a violation of this medication and prohibited substances rule shall be consistent with the penalty guidelines set forth in table 178-1E at the end of this rule. The stewards may also consult with a Racing Commission veterinarian to determine if the violation was a result of the administration of a therapeutic medication as documented in a veterinarian's treatment record per subsection 48.4. The stewards may also consult with the laboratory director or other individuals to determine the seriousness of the laboratory finding or the medication violation. Penalties for all medication and drug violations shall be investigated, reviewed and determined on a case by case basis. As a result of the investigation, there may be mitigating circumstances for which a lesser or no penalty is appropriate for the permit holder and aggravating factors, which may increase the penalty beyond the minimum. Factors that may be considered are:

- 49.1.a. The past record of the trainer, veterinarian and/or owner in drug cases;
- 49.1.b. The potential of the drug(s) to influence a horse's racing performance;
- 49.1.c. The legal availability of the drug;
- 49.1.d. Whether there is reason to believe the responsible party knew of the administration of the drug or intentionally administered the drug;
- 49.1.e. The steps taken by the trainer to safeguard the horse;
- 49.1.f. The probability of environmental contamination or inadvertent exposure due to human drug use;
- 49.1.g. The purse of the race;
- 49.1.h. Whether the drug found was one for which the horse was receiving a treatment as documented by the treating veterinarian's treatment records;
- 49.1.i. Whether there was any suspicious betting pattern in the race;
- 49.1.j. Whether the trainer was acting under the advice of a veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission; and
- 49.1.k. Any other factors deemed relevant and documented in writing by the stewards.

49.2. Uniform Classification Guidelines. The following outline describes the types of substances placed in each category of the Uniform Classification Guidelines for Foreign Substances as promulgated by the Association of Racing Commissioners International (RCI), Version 14.0 (revised January 2019), set forth in table 178-1D at the end of this rule. The Guidelines shall be publicly posted in the offices of the Racing Commission veterinarian(s) and the association's racing secretary.

49.2.a. Class 1. Opiates, opium derivatives, synthetic opioids, psychoactive drugs, amphetamines and United States Drug Enforcement Agency (DEA) scheduled I and II drugs. Also found in this class are drugs which are potent stimulants of the nervous system. Drugs in this class have no generally accepted medical use in the racehorse and their pharmacological potential for altering the performance of a race is very high.

49.2.b. Class 2. Drugs in this category have a high potential for affecting the outcome of a race. Most are not generally accepted as therapeutic agents in the racehorse. Many are products intended to alter consciousness or the psychic state of humans, and have no approved or indicated use in the horse. Some, such as injectable local anesthetics, have legitimate use in equine medicine, but should not be found in a racehorse. The following groups of drugs are in this class:

49.2.b.1. Opiate partial agonists, or agonist-antagonists;

49.2.b.2. Non-opiate psychotropic drugs, which may have stimulant, depressant, analgesic or neuroleptic effects;

49.2.b.3. Miscellaneous drugs which might have a stimulant effect on the central nervous system (CNS);

49.2.b.4. Drugs with prominent CNS depressant action;

49.2.b.5. Antidepressant and antipsychotic drugs, with or without prominent CNS stimulatory or depressant effects;

49.2.b.6. Muscle blocking drugs which have a direct neuromuscular blocking action;

49.2.b.7. Local anesthetics which have a reasonable potential for use as nerve blocking agents (except procaine); and

49.2.b.8. Snake venoms and other biologic substances, which may be used as nerve blocking agents.

49.2.c. Class 3. Drugs in this class may or may not have an accepted therapeutic use in the horse. Many are drugs that affect the cardiovascular, pulmonary and autonomic nervous systems. They all have the potential of affecting the performance of a racehorse. The following groups of drugs are in this class:

49.2.c.1. Drugs affecting the autonomic nervous system which do not have prominent CNS effects, but which do have prominent cardiovascular or respiratory system effects (bronchodilators are included in this class);

49.2.c.2. A local anesthetic which has nerve blocking potential but also has a high

potential for producing urine residue levels from a method of use not related to the anesthetic effect of the drug (procaine);

49.2.c.3. Miscellaneous drugs with mild sedative action, such as the sleep inducing antihistamines;

49.2.c.4. Primary vasodilating/hypotensive agents;

49.2.c.5. Potent diuretics affecting renal function and body fluid composition; and

49.2.c.6. Anabolic and/or androgenic steroids and other drugs.

49.2.d. Class 4. This category is comprised primarily of therapeutic medications routinely used in racehorses. These may influence performance, but generally have a more limited ability to do so. Groups of drugs assigned to this category include the following:

49.2.d.1. Non-opiate drugs which have a mild central analgesic effect;

49.2.d.2. Drugs affecting the autonomic nervous system which do not have prominent CNS, cardiovascular or respiratory effects;

49.2.d.3. Drugs used solely as topical vasoconstrictors or decongestants;

49.2.d.4. Drugs used as gastrointestinal antispasmodics;

49.2.d.5. Drugs used to void the urinary bladder;

49.2.d.6. Drugs with a major effect on CNS vasculature or smooth muscle of visceral organs;

49.2.d.7. Antihistamines which do not have a significant CNS depressant effect (This does not include H1 blocking agents, which are listed in Class 5);

49.2.d.8. Mineralocorticoid drugs;

49.2.d.9. Skeletal muscle relaxants;

49.2.d.10. Anti-inflammatory drugs -- those that may reduce pain as a consequence of their anti-inflammatory actions, which include:

49.2.d.10.A. Non-Steroidal Anti-Inflammatory Drugs (NSAIDs);

49.2.d.10.B. Corticosteroids (glucocorticoids); and

49.2.d.10.C. Miscellaneous anti-inflammatory agents.

49.2.d.11. Less potent diuretics;

49.2.d.12. Cardiac glycosides and antiarrhythmics including:

- 49.2.d.12.A. Cardiac glycosides;
- 49.2.d.12.B. Antirhythmic agents (exclusive of lidocaine, bretylium and propanolol); and
- 49.2.d.12.C. Miscellaneous cardiotonic drugs.
- 49.2.d.13. Topical Anesthetics -- agents not available in injectable formulations;
- 49.2.d.14. Antidiarrheal agents; and
- 49.2.d.15. Miscellaneous drugs including:
  - 49.2.d.15.A. Expectorants with little or no other pharmacologic action;
  - 49.2.d.15.B. Stomachics; and
  - 49.2.d.15.C. Mucolytic agents.

49.2.e. Class 5. Drugs in this category are therapeutic medications for which concentration limits have been established as well as certain miscellaneous agents. Included specifically are agents, which have very localized action only, such as anti-ulcer drugs and certain anti-allergenic drugs. The anticoagulant drugs are also included.

49.3. Penalties. The following provisions apply to penalties for violations of this medication and prohibited substance rule:

49.3.a. Upon a finding that an occupational permit holder is in violation of this medication and prohibited substance rule, the stewards or the Racing Commission may, in their discretion, issue a reprimand or warning, assess a fine, require forfeiture or redistribution of a purse or award, place a permit holder on probation, suspend a permit or racing privileges, revoke a permit, exclude the permit holder from grounds under the jurisdiction of the Racing Commission, or impose any combination of these penalties.

49.3.b. In issuing penalties against individuals found guilty of medication and drug violations a regulatory distinction shall be made between the detection of therapeutic medications used routinely to treat racehorses and those drugs that have no reason to be found at any concentration in the test sample on race day.

49.3.c. The stewards or the Racing Commission shall use the Racing Medication and Testing Consortium's (RMTC) penalty category (designated by the letters "A", "B", "C" and "D" as shown on the Uniform Classification Guidelines for Foreign Substances as promulgated by the Association of Racing Commissioners International (RCI), Version 14.0 (revised January 2019), set forth in table 178-1D at the end of this rule and the penalty guidelines set forth in table 178-1E at the end of this rule as a starting place in the penalty stage of the deliberations for a rule violation for any drug listed in the Uniform Classification Guidelines for Foreign Substances as promulgated by the Association of Racing Commissioners International (RCI), Version 14.0 (revised January 2019), set forth in table 178-1D at the end of this rule.

49.3.d. The penalty guidelines for those drugs designated a penalty category of “A”, “B” or “C” are set forth in table 178-1E at the end of this rule. The recommended penalty for a violation involving a drug that carries a category “D” penalty is a written warning to the trainer and/or owner. Multiple violations may result in fines and/or suspensions.

49.3.e. If a practicing veterinarian is administering or prescribing a drug not listed in the Uniform Classification Guidelines for Foreign Substances as promulgated by the Association of Racing Commissioners International (RCI), Version 14.0 (revised January 2019), set forth in table 178-1D at the end of this rule, the identity of the drug shall be forwarded to a Racing Commission veterinarian(s) to be forwarded to the Racing Medication and Testing Consortium (RMTC) for classification.

49.3.f. In the event that any drug or metabolite thereof is found to be present in a pre- or post-race sample and the drug or metabolite is not classified in the Uniform Classification Guidelines for Foreign Substances as promulgated by the Association of Racing Commissioners International (RCI), Version 14.0 (revised January 2019), set forth in table 178-1D at the end of this rule, the Racing Commission shall cause the sample to be sent to the Racing Medication and Testing Consortium (RMTC) for a determination of the appropriate classification and penalty category. Upon a determination of classification and penalty category, the trainer and owner shall be subject to the appropriate penalties as set forth in table 178-1E at the end of this rule.

49.3.g. Any Racing Commission permit holder, including practicing veterinarians, found to be responsible for the improper or intentional administration of any drug resulting in a positive test may, after proper notice and hearing, be subject to the same penalties set forth in table 178-1E at the end of this rule for trainers holding occupational permits.

49.3.h. The owner, veterinarian or any other party holding an occupational permit involved in a positive laboratory finding shall be notified in writing of the hearing and any resulting action. In addition, their presence may be required at any and all hearings relative to the case.

49.3.i. Any practicing veterinarian found to be involved in the administration of any Class 1 drug may be referred to the West Virginia Board of Veterinary Medicine for consideration of disciplinary action against the veterinarian’s license to practice in the state of West Virginia. This is in addition to any penalties issued by the stewards or the Racing Commission against the practicing veterinarian’s occupational permit.

49.3.j. Any person who the stewards or the Racing Commission believe may have committed acts in violation of criminal statutes may be referred to the appropriate law enforcement agency.

49.3.k. Administrative action taken by the stewards or the Racing Commission in no way prohibits a prosecution for criminal acts committed, nor does a potential criminal prosecution stall administrative action by the stewards or the Commission.

49.3.l. Procedures shall be established by the stewards to ensure that a trainer holding an occupational permit is not able to benefit financially during the period for which he or she has been suspended. This includes, but is not limited to, ensuring that horses are not transferred to family members holding occupational permits.

49.3.m. Multiple Medication Violations. A trainer who receives a penalty for a medication violation based upon a horse testing positive for a Class 1-5 medication with a Penalty Class A-D, as

provided in the Uniform Classification Guidelines for Foreign Substances as promulgated by the Association of Racing Commissioners International (RCI), Version 14.0 (revised January 2019), set forth in table 178-1D at the end of this rule, shall be assigned points as follows:

Penalty Class	Points if Controlled Therapeutic Substance	Points if Non-Controlled Substance
<b>Class A</b>	N/A	6
<b>Class B</b>	2	4
<b>Class C</b>	½ for first violation with an additional ½ point for each additional violation within 365 days. Points for NSAID violations only apply when the primary threshold of the NSAID is exceeded. Points are not to be separately assigned for a stacking violation.	1 for first violation with an additional ½ point for each additional violation within 365 days.
<b>Class D</b>	0	0

49.3.m.1. If the stewards or the Commission determine that the violation is due to environmental contamination, they may assign lesser or no points against the trainer based upon the specific facts of the case.

49.3.m.2. The points assigned to a medication violation by the stewards' or the Commission's ruling shall be included in the Association of Racing Commissioners International official database and the Association of Racing Commissioners International shall assign points consistent with the table set forth under subdivision 49.3.m. including, when appropriate, a designation that the points have been suspended for the medication violation. Points assigned by such regulatory ruling shall reflect, in the case of multiple positive tests as described in paragraph 49.3.m.3, whether they shall thereafter constitute a single violation. The stewards' or the Commission's ruling shall be posted on the official website of the Commission and within the official database of the Association of Racing Commissioners International. If an appeal is pending, that fact shall be noted in such ruling. No points shall be applied until a final adjudication of the enforcement of any such violation.

49.3.m.3. A trainer's cumulative points for violations in all racing jurisdictions shall be maintained by the Association of Racing Commissioners International. Once all appeals are waived or exhausted, the points shall immediately become part of the trainer's official Association of Racing Commissioners International record and shall be considered by the stewards or the Commission in their determination to subject the trainer to the mandatory enhanced penalties as provided in this rule.

49.3.m.4. Multiple positive tests for the same medication incurred by a trainer prior to delivery of official notice by the stewards or the Commission may be treated as a single violation. In the case of a positive test indicating multiple substances found in a single post-race sample, the stewards or the

Commission may treat each substance found as an individual violation for which points will be assigned.

49.3.m.5. The official Association of Racing Commissioners International record shall be used to advise the stewards or the Commission of a trainer's past record of violations and cumulative points. Nothing in this rule shall be construed to confer upon a trainer the right to appeal a violation for which the remedies have been exhausted or for which the appeal time has expired as provided by West Virginia Code §§ 19-23-16(c) and 19-23-17.

49.3.m.6. The stewards or the Commission shall consider all points for violations in all racing jurisdictions as contained in the trainers' official Association of Racing Commissioners International record when determining whether the mandatory enhancements provided in this rule shall be imposed.

49.3.m.7. In addition to the penalty for the underlying offense, the following enhancements shall be imposed upon a trainer based upon the cumulative points contained in his or her official Association of Racing Commissioners International record:

Points	Suspension in days
5-5.5	15 to 30
6-8.5	45 to 60
9-10.5	90 to 180
11 or more	180 to 360

49.3.m.8. The multiple medication violation penalty system is not a substitute for the penalty system otherwise set forth in this rule and is intended to be an additional uniform penalty when a permit holder:

49.3.m.8.A. Has more than one violation for the relevant time period, and

49.3.m.8.B. Exceeds the permissible number of points.

49.3.m.9. The stewards and the Commission shall consider aggravating and mitigating factors, including the trainer's prior record for medication violations, when determining the appropriate penalty for the underlying offense. The multiple medication violation penalty is intended to be a separate and additional penalty for a pattern of violations.

49.3.m.10. The suspension periods as provided in the table set forth under paragraph 49.3.m.7. shall run consecutive to any suspension imposed for the underlying offense.

49.3.m.11. The stewards' or the Commission's ruling shall distinguish between the penalty for the underlying offense and any enhancement based upon a stewards' or Commission review of a trainer's cumulative points and regulatory record, which may be considered an aggravating factor in a case.

49.3.m.12. Points shall expire as follows:

Penalty Classification	Time to Expungement
------------------------	---------------------

A	3 years
B	2 years
C	1 year

49.3.m.13. In the case of a medication violation that results in a suspension, any points assessed expire on the anniversary date of the date the suspension is completed.

49.4. Medication Restrictions. The following provisions apply to medication restrictions:

49.4.a. A finding by a Racing Commission approved laboratory of a prohibited drug, chemical or other substance in a test specimen of a horse is prima facie evidence that the prohibited drug, chemical or other substance was administered to the horse and, in the case of a post-race test, was present in the horse's body while it was participating in a race. Prohibited substances include:

49.4.a.1. Drugs or medications for which no acceptable threshold concentration has been established;

49.4.a.2. Controlled therapeutic medications in excess of established threshold concentrations as set forth in the Association of Racing Commissioners International Controlled Therapeutic Medication Schedule, Version 3.2, contained in table 178-1F at the end of this rule;

49.4.a.3. Substances present in the horse in excess of concentrations at which such substances could occur naturally; and

49.4.a.4. Substances foreign to a horse at concentrations that cause interference with testing procedures.

49.4.b. Except as otherwise provided by this rule, a person may not administer or cause to be administered by any means to a horse a prohibited drug, medication, chemical or other substance, including any restricted medication pursuant to this rule during the twenty-four (24) hour period before post time for the race in which the horse is entered.

49.4.c. The pre-race treatment guidelines for the controlled therapeutic medications set forth in the Association of Racing Commissioners International Controlled Therapeutic Medication Schedule, Version 3.2, contained in table 178-1F at the end of this rule, are recommendations based upon current scientific knowledge and are specific to the dosing specifications listed therein. Adherence to the pre-race treatment guidelines does not relieve or lessen a trainer's responsibilities under subdivision 51.1.a. of this rule. Provided that, a trainer or other permit holder may present evidence of compliance with these guidelines to the stewards and/or the Racing Commission as a mitigating factor to be weighed in determining penalties for medication rule violations.

49.5. Medical Labeling. The following provisions apply to medical labeling:

49.5.a. No person on association grounds where horses are lodged or kept, excluding practicing veterinarians, shall have in or upon association grounds which that person occupies or has the right to occupy, or in that person's personal property or effects or vehicle in that person's care, custody or control, a drug, medication, chemical, foreign substance or other substance that is prohibited in a horse on a race day

unless the product is labeled in accordance with this subsection.

49.5.b. Any drug or medication which is used or kept on association grounds and which, by federal or state law, requires a prescription must have been validly prescribed by a duly licensed veterinarian, and in compliance with the applicable state statutes. All such allowable medications must have a prescription label which is securely attached and clearly ascribed to show the following:

49.5.b.1. The name of the product;

49.5.b.2. The name, address and telephone number of the veterinarian prescribing or dispensing the product;

49.5.b.3. The name of each patient (horse) for whom the product is intended/prescribed;

49.5.b.4. The dose, dosage, duration of treatment and expiration date of the prescribed/dispensed product; and

49.5.b.5. The name of the person (trainer) to whom the product was dispensed.

49.6. Non-Steroidal Anti-Inflammatory Drugs (NSAIDs). The use of NSAIDs shall be governed by the following conditions:

49.6.a. NSAIDs included in the Association of Racing Commissioners International Controlled Therapeutic Medication Schedule, Version 3.2, contained in table 178-1F at the end of this rule are not to be used in a manner inconsistent with the restrictions contained therein.

49.6.b. NSAIDs not included in the Association of Racing Commissioners International Controlled Therapeutic Medication Schedule, Version 3.2, contained in table 178-1F at the end of this rule are not to be present in a racing horse biological sample at the laboratory concentration of detection.

49.6.c. The presence of more than one NSAID may constitute a NSAID stacking violation consistent with the following restrictions:

49.6.c.1. A Class 1 NSAID Stacking Violation (Penalty Class B) occurs when:

49.6.c.1.A. Two non-steroidal anti-inflammatory drugs are found at individual levels determined to exceed the following restrictions:

49.6.c.1.A.1. Diclofenac – 5 nanograms per milliliter of plasma or serum;

49.6.c.1.A.2. Firocoxib – 20 nanograms per milliliter of plasma or serum;

49.6.c.1.A.3. Flunixin – 20 nanograms per milliliter of plasma or serum;

49.6.c.1.A.4. Ketoprofen – 2 nanograms per milliliter of plasma or serum;

49.6.c.1.A.5. Phenylbutazone – 2 micrograms per milliliter of plasma or serum; or

49.6.c.1.A.6. All other non-steroidal anti-inflammatory drugs – laboratory concentration of detection.

49.6.c.1.B. Three or more non-steroidal anti-inflammatory drugs found at individual levels determined to exceed the following restrictions:

49.6.c.1.B.1. Diclofenac – 5 nanograms per milliliter of plasma or serum;

49.6.c.1.B.2. Firocoxib – 20 nanograms per milliliter of plasma or serum;

49.6.c.1.B.3. Flunixin – 3 nanograms per milliliter of plasma or serum;

49.6.c.1.B.4. Ketoprofen – 1 nanogram per milliliter of plasma or serum;

49.6.c.1.B.5. Phenylbutazone – 0.3 micrograms per milliliter of plasma or serum; or

49.6.c.1.B.6. All other non-steroidal anti-inflammatory drugs – laboratory concentration of detection.

49.6.c.2. A Class 2 NSAID Stacking Violation (Penalty Class C) occurs when:

49.6.c.2.A. Any one substance noted in subparagraph 49.6.c.1.A. of this subsection above is found in excess of the restrictions contained therein in combination with any one of the following substances at levels below the restrictions so noted but in excess of the following levels:

49.6.c.2.A.1. Flunixin – 3.0 nanograms per milliliter of plasma or serum;

49.6.c.2.A.2. Ketoprofen – 1 nanogram per milliliter of plasma or serum; or

49.6.c.2.A.3. Phenylbutazone – 0.3 micrograms per milliliter of plasma or serum;

49.6.c.3. A Class 3 NSAID Stacking Violation (Penalty Class C, fines only) occurs when:

49.6.c.3.A. Any combination of two of the following non-steroidal anti-inflammatory drugs found at or below the restrictions in subparagraph 49.6.c.1.A. of this subsection above but in excess of the noted restrictions:

49.6.c.3.A.1. Flunixin – 3 nanograms per milliliter of plasma or serum;

49.6.c.3.A.2. Ketoprofen – 1 nanogram per milliliter of plasma or serum;  
or

49.6.c.3.A.3. Phenylbutazone – 0.3 micrograms per milliliter of plasma  
or serum.

49.6.d. Any horse to which a NSAID has been administered shall be subject to having a blood and/or urine sample(s) taken at the direction of a Racing Commission veterinarian or the stewards to determine the quantitative NSAID level(s) and/or the presence of other drugs which may be present in the blood or urine sample(s).

49.7. Furosemide (Lasix®). The following provisions apply to furosemide (lasix®):

49.7.a. The administration of furosemide (lasix®) to a horse is permissible if:

49.7.a.1. The administration is recommended by a practicing veterinarian holding an occupational permit issued by the Racing Commission;

49.7.a.2. The recommendation is submitted to a Racing Commission veterinarian in writing; and

49.7.a.3. The trainer declares the use of furosemide (lasix®) at the time of entry.

49.7.b. Furosemide (Lasix®) shall only be administered on association grounds.

49.7.c. Furosemide (Lasix®) shall be the only authorized bleeder medication.

49.7.d. A Racing Commission veterinarian is responsible for maintaining up-to-date records of horses which are permitted to use furosemide (lasix®), and these records shall be available for inspection during the hours of operation of the racetrack.

49.7.e. Race day administration of furosemide (lasix®) shall be permitted as follows:

49.7.e.1. A horse scheduled to race that is permitted to use furosemide (lasix®) shall be administered furosemide (lasix®) by a veterinarian employed by the owner or trainer and holding a permit issued by the Racing Commission, unless, under subdivision 49.7.f. of this rule, the horse has been declared off of furosemide (lasix®) by its owner or trainer. The furosemide (lasix®) must be administered a minimum of four (4) hours before the scheduled post time for the race in which the horse is entered and must be administered under the supervision of a person employed by the Racing Commission.

49.7.e.2. The practicing veterinarian must deposit with a Racing Commission veterinarian an unopened and labeled supply of furosemide (lasix®) and sterile hypodermic needles and syringes to be used for the administration.

49.7.e.3. A trainer is responsible for ensuring that the horse is available at the appropriate time for its treatment.

49.7.e.4. The trainer is responsible for ensuring that a practicing veterinarian holding a permit issued by the Racing Commission has agreed to administer furosemide at the designated time.

49.7.e.5. A trainer or his or her designee shall be responsible for the guarding, condition, care, and handling of the horse at all times and the trainer or his or her designee shall be present to handle the horse and serve as a witness to the furosemide (lasix®) administration.

49.7.e.6. If the trainer or his or her designee is not present and the administration time has passed, no furosemide (lasix®) shall be administered and the stewards shall order the horse scratched.

49.7.e.7. The dose administered shall not exceed 500 mg, nor be less than 150 mg.

49.7.e.8. Furosemide shall be administered by a single, intravenous injection.

49.7.e.9. After treatment, the horse shall be required to remain in its stall in the care, custody and control of its trainer or the trainer's designee under general association and/or Commission security supervision until called to the saddling paddock.

49.7.e.10. Test results must show a detectable concentration of furosemide (lasix®) in the post-race serum, plasma or urine sample.

49.7.e.10.A. The specific gravity of post-race urine samples may be measured to ensure that samples are sufficiently concentrated for proper chemical analysis. The specific gravity shall not be below 1.010. If the specific gravity of urine is found to be below 1.010 or if a urine sample is unavailable for testing, quantitation of furosemide (lasix®) in serum or plasma shall be performed;

49.7.e.10.B. Quantitation of furosemide (lasix®) in serum or plasma shall be performed when the specific gravity of the corresponding urine sample is not measured or if measured below 1.010. Concentrations may not exceed 100 nanograms of furosemide (lasix®) per milliliter of serum or plasma.

49.7.f. The following provisions apply to racing off of furosemide (lasix®):

49.7.f.1. A horse on the furosemide (lasix®) program that races without furosemide (lasix®) in any jurisdiction which permits the use of furosemide (lasix®), may become re-eligible for the administration of furosemide (lasix®) if the horse has been observed to have bled by a Racing Commission veterinarian or a practicing veterinarian either:

49.7.f.1.A. Externally; or

49.7.f.1.B. By endoscopic examination.

49.7.g. The following provisions apply to program notice requirements for horses on furosemide (lasix®):

49.7.g.1. Of the horses scheduled to race, the official program shall denote the horses which have been administered:

49.7.g.1.A. Furosemide (lasix®); and

49.7.g.1.B. Furosemide (lasix®) for the first time.

49.7.g.2. If the official program contains past performance lines, each past performance line shall indicate if the horse was administered furosemide (lasix®).

49.8. Bleeder List. The following provisions apply to the bleeder list:

49.8.a. A list of all horses which have demonstrated external evidence of exercise induced pulmonary hemorrhage from one or both nostrils during or after a race or workout shall be maintained by the Racing Commission veterinarian(s) and the list shall be published in the association's racing secretary's office.

49.8.b. A first time bleeder shall be placed on the bleeder list and remain on the list for a minimum of ten (10) calendar days. A second time bleeder within a twelve (12) month period shall be placed on the bleeder list and remain on the list for a minimum of forty-five (45) calendar days. A bleeder in these categories is automatically released from the list after the expiration of these time periods. A horse that bleeds three (3) times within a twelve (12) month period shall be barred from further racing in West Virginia for a period of one (1) year.

49.9. Procaine Penicillin. The administration of procaine penicillin to a horse must be reported to a Racing Commission Veterinarian at a time and on a form prescribed by the Racing Commission. If a horse entered to run in a race has been administered procaine penicillin, it shall be required to be under surveillance for a minimum of six (6) hours prior to post time at a designated area on association grounds. The owner of the horse shall be responsible for all expenses related to such surveillance.

49.10. Environmental Contaminants and Substances of Human Use. The following provisions apply to environmental contaminants and substances of human use:

49.10.a. It is recognized that there are substances that can be environmental contaminants in that they are endogenous to the horse or that they can arise from plants traditionally grazed or harvested as equine feed or are present in equine feed because of contamination during the cultivation, processing, treatment, storage or transportation phases. It is also recognized that there are drugs of human use and addiction and which could be found in the horse due to its close association with humans. Therefore, if an owner/trainer wishes to contest a positive test by presenting a defense that the test is the result of environmental contamination or inadvertent exposure due to human drug use, he or she must prove such defense by a preponderance of evidence presented in a hearing. If an owner/trainer proves such defense by a preponderance of evidence, it may be considered as a mitigating factor in any disciplinary action taken against the affected owner/trainer.

49.10.b. Disciplinary action shall only be taken if test sample results exceed the regulatory thresholds in the Association of Racing Commissioners International Endogenous, Dietary, or Environmental Substances Schedule, Version 4.0, contained in table 178-1G at the end of this rule.

49.11. Androgenic-Anabolic Steroids (AAS). The following provisions apply to androgenic-anabolic steroids (AAS):

49.11.a. No AAS shall be permitted in test samples collected from racing horses except for residues of the major metabolite of stanozolol, nandrolone, and the naturally occurring substances boldenone and testosterone at concentrations less than the indicated thresholds.

49.11.b. Concentrations of these AAS shall not exceed the following threshold concentrations for total (*i.e.*, free drug or metabolite and drug or metabolite liberated from its conjugates):

49.11.b.1. In urine:

49.11.b.1.A. 16 $\beta$ -hydroxystanozolol (metabolite of stanozolol (Winstrol)) -- 1 ng/ml in urine for all horses regardless of sex;

49.11.b.1.B. Boldenone (Equipoise® is the undecylenate ester of boldenone) in male horses other than geldings -- 15 ng/ml in urine. No boldenone shall be permitted in geldings or female horses;

49.11.b.1.C. Nandrolone (Durabolin® is the phenylpropionate ester and Deca-Durabolin® is the decanoate ester):

49.11.b.1.C.1. In geldings -- 1 ng/ml in urine;

49.11.b.1.C.2. In fillies and mares -- 1 ng/ml in urine.

49.11.b.1.D. Testosterone:

49.11.b.1.D.1. In geldings -- 20 ng/ml in urine;

49.11.b.1.D.2. In fillies and mares -- 55 ng/ml in urine;

49.11.b.2. In plasma:

49.11.b.2.A. Stanozolol -- Screening limit no greater than 100 pg/ml in serum or plasma with a confirmatory threshold no greater than 25 pg/ml for all horses regardless of sex;

49.11.b.2.B. Boldenone -- Screening limit no greater than 100 pg/ml in serum or plasma with a confirmatory threshold no greater than 25 pg/ml for all horses regardless of sex;

49.11.b.2.C. Nandrolone -- Screening limit no greater than 100 pg/ml in serum or plasma with a confirmatory threshold no greater than 25 pg/ml for geldings and fillies and mares. Male horses other than geldings will not be tested;

49.11.b.2.D. Testosterone:

49.11.b.2.D.1. In geldings -- Screening limit no greater than 100 pg/ml in serum or plasma with a confirmatory threshold no greater than 25 pg/ml;

49.11.b.2.D.2. In fillies and mares -- Screening limit no greater than 100 pg/ml in serum or plasma with a confirmatory threshold no greater than 25 pg/ml;

49.11.b.2.D.3. In male horses other than geldings -- confirmatory threshold no greater than 2,000 pg/ml.

49.11.c. Any other anabolic steroids are prohibited in racing horses.

49.11.d. If a test on a horse exceeds the above-referenced thresholds for Boldenone, Nandrolone or Testosterone and the owner/trainer of the horse desires to have further testing to determine whether or not there is reliable proof that the amount found in the horse is naturally occurring, the owner/trainer may request that such testing be undertaken and the owner shall bear the costs of the additional testing.

49.11.e. Post-race urine and blood samples must have the sex of the horse identified to the laboratory.

49.11.f. Any horse to which an anabolic steroid has been administered in order to assist in the recovery from illness or injury may be placed on the veterinarian's list in order to monitor the concentration of the drug or metabolite in urine. After the concentration has fallen below the designated threshold for the administered AAS, the horse is eligible to be removed from the list.

49.12. Alkalinizing Substances. The use of agents that elevate the horse's TCO<sub>2</sub> or base excess level above those existing naturally in the untreated horse at normal physiological concentrations is prohibited. The following levels also apply to blood gas analysis:

49.12.a. The regulatory threshold for TCO<sub>2</sub> in non-furosemide (lasix®) treated horses is 37.0 millimoles per liter of plasma/serum or a base excess level of 10.0 millimoles;

49.12.b. The regulatory threshold for TCO<sub>2</sub> in furosemide (lasix®) treated horses is 39.0 millimoles per liter of plasma/serum or a base excess level of 12.0 millimoles; and

49.12.c. The measure of uncertainty in testing for TCO<sub>2</sub> shall be .4 millimoles per liter of plasma/serum. A horse must show a base excess level of 10.4 millimoles or higher for non-furosemide (lasix®) treated horses and a base excess level of 12.4 millimoles or higher for a furosemide (lasix®) treated horse, in order for a violation to be reported under this rule.

49.13. Compounded Medications on Association Grounds. The following provisions apply to compounded medications on association grounds.

49.13.a. The possession or use of a drug, substance, or medication on association grounds that has not been approved by the appropriate federal agency (e.g., the United States Food and Drug Administration) for any use in (human or animal) is forbidden without prior permission of the Racing Commission or its designee.

49.13.b. It is a violation of this regulation to possess, use, or distribute a compounded medication on association grounds if there is an FDA approved equivalent of that substance available for purchase. A difference in available formulations or concentrations does not alleviate the need to use FDA approved products.

49.13.c. It is a violation of this rule to possess, use, or distribute a compounded medication on association grounds made from bulk substances if an FDA approved equivalent is available for purchase.

49.13.d. Combining two or more substances with pharmacologic effect constitutes the development of a new drug. This may only be done in accordance with state and local laws and must contain FDA approved medications, if available.

49.13.e. Veterinary drugs shall be compounded in accordance with all applicable state and federal laws. Compounded medications shall be dispensed only by prescription issued by a licensed veterinarian to meet the medical needs of a specific horse and for use only in that specific horse.

49.13.f. All compounded medications must be labeled in accordance with subdivision 49.5.b. of this rule.

49.13.g. Possession of an improperly labeled product by a person on association grounds is considered a violation of this rule.

49.14. Out of Competition Testing. The following provisions apply to out of competition testing:

49.14.a. The Racing Commission may at a reasonable time on any date take blood, urine or other biologic samples from a horse to enhance the ability of the Commission to enforce its medication and anti-doping rules, e.g., the Association of Racing Commissioners International (RCI) Prohibited List set forth in Table 178-1 I at the end of this rule. The Commission shall own such samples. This rule authorizes only the collection and testing of samples and does not independently make impermissible the administration to or presence in any horse of any drug or other substance. A race day prohibition or restriction of a substance by a Commission rule is not applicable to an out of competition test unless there is an attempt to race the horse in a manner that violates such rule.

49.14.b. Any horse that has been engaging in activities related to competing in horse racing in West Virginia may be tested. This includes without limitation any horses that are training outside of West Virginia to participate in racing in West Virginia and all horses that are training in West Virginia, but excludes weanlings, yearlings and horses no longer engaged in horse racing (e.g., retired broodmares).

49.14.c. A horse is presumed to be eligible for out of competition testing if:

49.14.c.1. It is under the care, custody, or control of a trainer holding an occupational permit;

49.14.c.2. It is owned by an owner holding an occupational permit;

49.14.c.3. It is entered or nominated to race at licensed racetrack in West Virginia;

49.14.c.4. It has raced at a licensed racetrack in West Virginia within the previous twelve (12) months;

49.14.c.5. It is on the grounds of a licensed racetrack or training facility in West Virginia; or

49.14.c.6. It is eligible to participate in the West Virginia Thoroughbred Development Fund, the Accredited Race Fund, the Supplemental Purse Award Program or any other thoroughbred fund or program administered by the Racing Commission.

49.14.d. The eligibility presumptions set forth above are conclusive in the absence of evidence that a horse is not engaged in activities related to competing in horse racing in the jurisdiction.

49.14.e. Horses to be tested may be selected at random, with probable cause, or as determined in the discretion of the Racing Commission, a Racing Commission Veterinarian, the stewards, the Executive Director or their respective designees.

49.14.f. Collectors shall, for suspicion-less collections of samples, abide by a plan that has been approved by a supervisor not in the field and that identifies horses or provides neutral and objective criteria to follow in the field to determine which horses to sample. Such a supervisor may consider input from persons in the field during the operation of the plan and select additional horses to be sampled.

49.14.g. Persons holding permits issued by the Racing Commission are required to cooperate and comply fully with the provisions of this out of competition testing rule.

49.14.h. Persons who apply for and are granted a trainer or owner permit shall be deemed to have given their consent for access at such premises as their horses may be found for the purpose of Racing Commission representatives collecting out of competition samples. Permit holders shall take any steps necessary to authorize access by Commission representatives at such premises.

49.14.i. No person shall knowingly interfere with or obstruct out of competition sampling.

49.14.j. Samples shall be taken under the supervision and direction of a person who is employed or designated by the Racing Commission. All blood samples shall be collected by a veterinarian licensed in the state where the sample is collected, or by a veterinary technician who is acting under appropriate supervision of the veterinarian.

49.14.k. Upon request of a representative of the Commission, the trainer, owner or their specified designee shall provide the location of their horses eligible for out of competition testing.

49.14.l. The Commission need not provide advance notice before arriving at any location, whether or not licensed by the Commission, to collect samples.

49.14.m. The trainer, owner, or their specified designee shall cooperate with the person who takes the samples for the Racing Commission, which cooperation shall include without limitation:

49.14.m.1. Assist in the immediate location and identification of the horse;

49.14.m.2. Make the horse available as soon as practical upon arrival of the person who is responsible for collecting the samples;

49.14.m.3. Provide a stall or other safe location to collect the samples;

49.14.m.4. Assist the person who is collecting the samples in properly procuring the samples; and,

49.14.m.5. Witness the taking of the samples including the sealing of sample collection containers.

49.14.n. The management and employees of a licensed racetrack or training facility at which a horse may be located shall cooperate fully with a person who is authorized to take samples. The person who collects samples for the Commission may require that the collection be done at a specified location on

such premises.

49.14.o. The Commission, if requested and in its sole discretion, may permit the trainer, owner, or their specified designee to present a horse that is located in West Virginia, but not at a racetrack or training center licensed by the Commission, to be sampled at a time and location designated by the Commission.

49.14.p. The Commission may arrange for the sampling of an out-of-state horse by the racing commission or other designated person in the jurisdiction where the horse is located. Such racing commission or other designated person shall follow the relevant provisions of this rule related to the procedures for collecting samples.

49.14.q. Out of competition test results shall be made available, for their regulatory use, to each jurisdiction that has participated in the process of collecting any out of competition sample, subject to any restrictions on public disclosure of test results that may apply to the commission that selected the horse for sampling.

49.14.r. The Commission, if requested and in its sole discretion, may permit the trainer or owner instead to transport a horse into its jurisdiction for sampling at a time and place designated by the Commission.

49.14.s. The person who takes samples for the Commission shall provide identification and disclose the purpose of the sampling to the trainer or designated attendant of the horse.

49.14.t. A written protocol for the collection of samples shall be made generally available.

49.14.u. An owner or trainer does not consent to a search of the premises by making a horse that is not located at a licensed racetrack or training center available for sampling.

49.14.v. If the trainer or other custodian of a selected horse refuses or declines to make a horse available for sampling and the managing owner has previously provided the Commission with a means for the Commission to give immediate notification to the managing owner in such situation, then the Commission shall attempt to notify the managing owner and the eligibility of the horse shall be preserved if the managing owner is able to make the horse available for immediate sampling. The Commission is not required to make repeated attempts to notify the managing owner.

49.14.w. The chain of custody record for the sample (including a split sample where appropriate) shall be maintained and made available to the trainer, owner, or their designee when a complaint results from an out of competition test.

49.14.x. The Commission may have out of competition samples tested to produce information that may enhance the ability of the Commission to enforce its medication and anti-doping rules.

49.14.y. Split sample rules and procedures and procedures for post-race testing shall apply to out of competition testing.

49.14.z. The Commission may use any remaining out of competition samples for research and investigation.

49.14.aa. Willful failure to make a horse available for sampling or other willfully deceptive acts or interference in the sampling process shall carry a minimum penalty of a one (1) year permit suspension and referral to the Commission in addition to any other authorized penalties.

49.14.bb. A selected horse that is not made available for out of competition sampling shall be placed on the stewards' list. The horse shall remain on the stewards' list for a minimum of 180 days unless the owner can establish extraordinary mitigating circumstances.

49.14.cc. A selected horse that is presumed eligible for out of competition testing shall be placed on the stewards' list and be ineligible to race in West Virginia for 180 days if the horse is not sampled because the trainer, owner or their designee asserts that the horse is not engaged in activities related to competing in horse racing in West Virginia. This restriction shall not apply if the trainer, owner or their designee instead permits voluntarily an immediate collection of such samples from the horse.

49.14.dd. The trainer of the horse is responsible for the condition of a horse sampled for an out of competition test while on the grounds of a licensed training facility or racetrack.

49.14.ee. If the horse is sampled while not the grounds of a licensing training facility or racetrack, then the owner shall be presumed to be the responsible person unless the owner can establish, by substantial evidence, that another racing permit holder had accepted the responsibility for the care, custody, and control of the horse, making such person the responsible person.

49.14.ff. If a horse sampled for an out of competition test was claimed, sold, or otherwise transferred during the time the substance giving rise to the positive test may have been administered, then the Racing Commission shall investigate to determine, by a preponderance of the evidence, the identity of the responsible person at the time such substance may have been administered.

49.14.gg. If the Commission cannot determine a responsible person, then the Commission may deem the owner responsible and may place the horse on the veterinarian's list for such time as is necessary to protect the integrity of racing.

49.14.hh. A claimed horse is ineligible to be subjected to out of competition testing in the forty-eight (48) hours post claim unless the horse was subjected to post-race testing.

49.15. American Graded Stakes Races. For any race in this state that has been issued a grade by the American Graded Stakes Committee, the stewards may allow the drug testing protocol established by the American Graded Stakes Committee to be followed in that race. The association shall notify the Racing Commission and the stewards upon the issuance of a grade for a race by the American Graded Stakes Committee so that the stewards may allow the appropriate drug testing protocol to be administered and enforced. A copy of the drug testing protocol in graded stakes races shall be published in the office of the association's racing secretary.

## **§178-1-50. Testing.**

50.1. Reporting to the Test Barn. The following provisions apply to reporting to the test barn:

50.1.a. The official winning horse and any other horse ordered by the stewards shall be taken immediately after a race to the test barn to provide specimens of urine, blood or other bodily substances or tissues at the direction of a Racing Commission veterinarian.

50.1.b. After each race, security personnel shall maintain uninterrupted observation of the horse or horses to be tested from the unsaddling area and/or the racetrack to the test barn.

50.1.c. The stewards or a Racing Commission veterinarian(s) may require at any time that any horse be sent to the test barn to provide specimens of urine, blood or other bodily substances or tissues, as well as for an examination for sponging, and any other examination as may be directed by the stewards or a Racing Commission veterinarian.

50.1.d. The stewards or a Racing Commission veterinarian may also require any horse stabled at a racetrack to provide specimens of urine, blood or other bodily substances or tissues.

50.1.e. A Racing Commission veterinarian or the stewards may authorize a horse to return to its barn under security for the purpose of collecting specimens.

50.1.f. A security guard shall monitor access to the test barn during its operation. The security guard shall require all persons entering the test barn to sign in and sign out on a log to be maintained at the test barn.

50.1.g. No more than two (2) persons shall accompany the horse into the test barn. Such persons must hold occupational permits issued by the Racing Commission and must have a legitimate reason for being in the test barn area. No horse or persons accompanying it shall be permitted to leave the test barn until the specimens have been obtained or until they have been otherwise excused by a Racing Commission veterinarian.

50.1.h. Once any person accompanying a horse into the test barn has departed the test barn, he or she shall not be permitted to reenter, unless reentering to attend to a different horse. This prohibition does not apply to the trainer of a horse in the test barn, the Racing Commission veterinarian(s), practicing veterinarians attending to horses in the test barn, or other Racing Commission personnel.

50.1.i. All veterinary technicians or assistants collecting specimens shall remain in the test barn after the arrival of the first horse until they have completed their duties, unless excused by a Racing Commission veterinarian.

50.1.j. Random or extra testing may be required by the stewards or the Commission at any time on any horse on association grounds.

50.2. Laboratory Minimum Standards. Laboratories conducting either primary or split post-race sample analysis must meet the following minimum standards:

50.2.a. Testing laboratories selected by the Racing Commission to engage in either primary or split post-race specimen or sample analysis shall be accredited by the Racing Medication Testing Consortium (RMTC) and shall make all reports directly to the executive director of the Racing Commission and the chief steward at the appropriate racetrack.

50.2.b. In order for a testing laboratory to be selected by the Racing Commission to engage in split post-race specimen or sample analysis, it shall establish reasonable fees for split sample testing based on its actual cost of testing.

50.3. Specimen Collection. The following provisions apply to specimen collection:

50.3.a. Specimen collection shall be done in accordance with the guidelines and instructions provided by a Racing Commission veterinarian.

50.3.b. The Racing Commission veterinarian shall determine a minimum specimen requirement for the primary testing laboratory.

50.3.c. If the urine specimen obtained from a horse is less than the minimum sample requirement, the entire specimen shall be sent to the primary testing laboratory and the results of tests performed on the specimen shall be considered prima facie evidence of the condition of the horse.

50.3.d. If a urine specimen obtained is greater than the minimum sample requirement but less than twice that amount, the portion of the sample that is greater than the minimum sample requirement shall be secured as the split sample.

50.3.e. If a urine specimen obtained is greater than twice the minimum sample requirement, a portion of the sample approximately equal to the amount provided for the primary testing laboratory shall be secured as the split sample.

50.3.f. A minimum of two (2) blood specimens shall be collected in blood collection tubes. A minimum of one blood specimen shall be sent to the primary testing laboratory and the remaining sample or samples shall be retained and/or distributed, as appropriate, by a Racing Commission veterinarian.

50.3.g. All blood specimens shall be refrigerated and all urine specimens shall be frozen. The racing association shall pay all laboratory expenses for blood and urine analysis.

50.3.h. Specimens of other bodily substances or tissues may be collected and forwarded to the primary testing laboratory by a Racing Commission veterinarian or his or her designee. The Racing Commission shall pay all laboratory expenses for analysis of such bodily substances or tissues.

50.3.i. Any specimen collected from a horse, and all reports of any testing of these specimens, is the property of the Racing Commission.

50.3.j. The owner, trainer, or other authorized representative shall be present when a specimen is taken from his or her horse. The owner, trainer or other authorized representative shall remain until the specimen is sealed and shall sign the official form as witness to the taking of the specimen. Failing to be present when taking any specimen or refusal to allow the taking of any specimen by any means shall subject the person or persons guilty of violating this rule to summary suspension of their occupational permit by the stewards.

50.3.k. All specimens taken by or under direction of the Racing Commission veterinarian or other authorized representative of the Racing Commission shall be delivered to the primary testing laboratory for analysis. Each specimen shall be marked and bear any information that is essential to its proper analysis. However, the identity of the horse from which the specimen was taken or the identity of its owner, trainer, jockey or stable shall not be revealed to the primary testing laboratory. The container of each specimen shall be sealed as soon as the specimen is placed in it.

50.3.l. Blood samples for split sample analysis shall be centrifuged and the plasma separated and

frozen before shipment to the split sample testing laboratory.

50.3.m. If the split sample testing laboratory determines that there is insufficient sample volume to make a specific identification of the sample contents, or if events beyond the control of the Racing Commission or its representatives prevent the split sample from being tested, then the results of tests performed by the primary laboratory shall be considered prima facie evidence of the condition of the horse.

50.3.n. If the results of the initial test on a specimen are negative, a Racing Commission veterinarian may discard the retained part of the specimen upon receipt of the negative result. If the result of the initial test on a specimen is positive, a Racing Commission veterinarian may discard the retained part of the specimen after the expiration of the period during which an owner or trainer may request the retained part be sent for split testing.

50.3.o. The primary testing laboratory shall reveal the identity of the drug or drug metabolites to the split sample laboratory. Communication between the primary and split laboratory is limited to the exchange of the analytical method and the threshold level used to confirm the drug's identity.

50.3.p. The results of all tests performed by the primary testing laboratory are confidential and shall only be communicated to the chief steward, who shall notify the trainer in a timely manner.

50.3.q. A Racing Commission veterinarian, the stewards or authorized representatives of the Racing Commission may take samples of any medications or other materials suspected of containing improper medication or drugs which may be found in the stables or elsewhere on association grounds, or in the possession of any person connected with racing. A Racing Commission veterinarian shall deliver the sample of any medication or other materials suspected of containing improper medication to the primary testing laboratory for analysis under the same conditions as are prescribed for analysis of other specimens. The stewards may retain the sample.

50.3.r. No action shall be taken by the stewards on the report of the primary testing laboratory unless and until the medication or drug has been properly identified along with the identity of the horse from which the specimen was taken; nor until such time as an official report issued by the primary testing laboratory has been received by the chief steward at the appropriate racetrack.

50.4. Alkalinizing Substances. The following provisions apply to the testing for alkalinizing substances:

50.4.a. The stewards or a Racing Commission veterinarian may, at their discretion and at any time, order the collection of specimens from any horse present on association grounds for determination of serum or plasma pH or concentration of bicarbonate, carbon dioxide, or electrolytes.

50.4.b. Pre-race specimen collection and pre-race testing may be done at a time and manner directed by a Racing Commission veterinarian.

50.4.c. Pre-race specimen collection and post-race testing may be done at a time and manner directed by a Racing Commission veterinarian. Pre-race specimens collected for post-race testing may be ordered by a Racing Commission veterinarian not to be frozen to ensure effective and reliable testing.

50.4.d. Post-race specimen collection and post-race testing may be done at a time and manner

directed by a Racing Commission veterinarian.

50.4.e. If a TCO<sub>2</sub> specimen is collected post-race, it shall be taken from the horse no sooner than ninety minutes after racing.

50.4.f. Subsection 50.3 of this rule pertaining to specimen collection and subsection 50.5 of this rule pertaining to storage and shipment of split samples shall not apply to specimens collected for the testing for alkalinizing substances.

50.5. Storage and Shipment of Split Samples. The following provisions apply to the storage and shipment of split samples:

50.5.a. Split samples obtained from the horse shall be secured by a Racing Commission veterinarian and made available for further testing in accordance with the following procedures:

50.5.a.1. A Racing Commission veterinarian shall secure a split sample in the test barn under the same manner as the portion of the specimen acquired for shipment to the primary testing laboratory until the time that specimens are packed and secured for shipment to the primary testing laboratory. The Racing Commission veterinarian shall store the split urine sample in a freezer and the split blood sample in a refrigerator at secure location(s) approved by the Racing Commission;

50.5.a.2. A freezer and refrigerator for storage of split samples shall be opened only for depositing or removing split samples, for inventory, or for checking the condition of samples; and

50.5.a.3. A Racing Commission veterinarian shall immediately report any evidence of a malfunction of a split sample freezer/refrigerator or samples that are not in a frozen/refrigerated condition during storage to the stewards or a designated Racing Commission representative.

50.5.b. A trainer or owner of a horse, after notification that a written report from the primary testing laboratory states that a prohibited substance or illegal level of a permitted substance has been found in a specimen obtained pursuant to this rule, may request that a split sample corresponding to the portion of the specimen tested by the primary testing laboratory be sent for testing by a testing laboratory that is identified on the list of approved laboratories maintained by the Racing Commission.

50.5.c. Prior to shipment, the representative of the Racing Commission shall confirm the split sample laboratory's willingness to provide the testing requested, the laboratory's willingness to send results to the chief steward and arrangements for payment satisfactory to the split sample laboratory.

50.5.d. The request shall be made in writing and delivered to the stewards not later than seventy-two (72) hours after the trainer of the horse receives written notice of the findings of the primary testing laboratory. A Racing Commission veterinarian shall ship any requested split samples within seven (7) business days of the request.

50.5.e. The trainer or owner may elect to waive his or her right to testing of a split sample. If a trainer desires to waive the right to test the split sample, he or she shall procure prior written authorization from his or her owner to waive that right.

50.5.f. The owner or trainer of a horse who submits a specimen for drug testing shall be present or have a representative present at the time that the retained part of the specimen is prepared for storage.

50.5.g. The owner or trainer of a horse who submits a specimen for testing to a split sample laboratory shall, if requested by the laboratory, execute a hold harmless agreement for the split sample laboratory and shall execute an agreement that the results of the split sample laboratory can be introduced as evidence in any hearing. The agreements shall remain in the hands of the chief steward of the racetrack at which the positive result was reported.

50.5.h. The owner or trainer requesting testing of a split sample is responsible for the cost of shipping and testing. Failure of the owner, trainer or designee to appear at the time and place of shipping designated by a Racing Commission veterinarian constitutes a waiver of all rights to split sample testing.

50.5.i. Prior to opening the split sample freezer/refrigerator, the Racing Commission shall provide a split sample chain of custody verification form that shall provide a place for recording the following information and any other information received by a Racing Commission veterinarian. The representative of the Racing Commission shall fully complete the form during the retrieval, packaging, and shipment of the split sample. The split sample chain of custody form shall contain:

50.5.i.1. the date and time the sample is removed from the split sample freezer/refrigerator;

50.5.i.2. the sample number;

50.5.i.3. the address where the split sample is to be sent;

50.5.i.4. the name of the carrier and the address where the sample is to be taken for shipment;

50.5.i.5. verification of retrieval of the split sample from the freezer/refrigerator;

50.5.i.6. verification of each specific step of the split sample packaging in accordance with the recommended procedure;

50.5.i.7. verification of the address of the split sample laboratory on the split sample package;

50.5.i.8. verification of the condition of the split sample package immediately prior to transfer of custody to the carrier; and

50.5.i.9. the date and time custody of the sample is transferred to the carrier.

50.5.j. A Racing Commission representative, in the presence of the owner or trainer, or his or her designee, shall remove a split sample from the split sample freezer/refrigerator.

50.5.k. The Racing Commission representative shall pack the split sample for shipment in the presence of the owner, or trainer, or designee in accordance with the packaging procedures set forth in this rule. A form shall be signed by both the owner or trainer or his or her designee and the Racing Commission representative to confirm the packaging of the split sample. The exterior of the package shall be secured and identified with initialed tape, evidence tape, or other means to prevent tampering with the package.

50.5.l. The package containing the split sample shall be transported to the location where custody is transferred to the delivery carrier charged with delivery of the package to the Racing Commission approved laboratory selected by the owner, trainer or their designee.

50.5.m. The owner or trainer or designee and the Racing Commission representative shall inspect the package containing the split sample immediately prior to transfer to the delivery carrier to verify that the package is intact and has not been tampered with.

50.5.n. The split sample chain of custody verification form shall be completed and signed by the representatives of the Racing Commission and the owner or trainer or designee. A Racing Commission representative shall keep the original and provide a copy for the owner or trainer.

50.5.o. The owner, trainer or their designee shall not correspond with the split sample testing laboratory, once the sample has been shipped to the laboratory.

50.5.p. The split sample laboratory shall send a confidential written report on the result of its tests to the chief steward.

50.5.q. No action shall be taken against the trainer or owner if the results of the split sample testing are negative or, in the instance of quantitative levels of permitted medications, where the confirmed levels are within the permitted levels.

50.5.r. No hearing shall be held concerning the allegations against the trainer or owner, nor shall purse redistribution take place, until split sample testing has been completed and the results of the primary testing laboratory have been confirmed.

50.5.s. The owner or trainer shall be notified in writing of the results of the primary and split sample testing laboratories when confirmation of positives exist. When quantitative levels of permitted medications exceed the permitted levels, the level of the confirming laboratory, if lower than the primary testing laboratory report, shall be used as the basis for a violation and penalty.

51.1.b.18. maintaining accurate records, or expressly delegating the maintenance of accurate records to a practicing veterinarian, of all corticosteroid joint injections to horses trained by him or her, and making such records available to a Racing Commission veterinarian upon request.

**§178-1-52. Physical Inspection of Horses.**

52.1. Assessment of Racing Condition. The stewards and/or a Racing Commission veterinarian may order an examination at any time of any horse entered for a race or which has run in a race.

52.2. Pre-Race Examinations. The following provisions apply to pre-race examinations:

52.2.a. As required by subdivision 18.1.h. of this rule, one or more Racing Commission veterinarians shall conduct pre-race examinations on all potential starters on race day.

52.2.b. It shall be the trainer's responsibility to ensure that a horse that is a potential starter is on association grounds and in its assigned stall or at the pre-race examination area designated by a Racing Commission veterinarian for pre-race examination at least (4) four hours before post time of the race in which it is scheduled to start.

52.2.c. The trainer or his or her designee shall be present with the horse at the time specified in subdivision 52.2.b. of this rule for the pre-race examination and shall remain with the horse until the pre-race examination is completed.

52.3. Veterinarians' List. The following provisions apply to the veterinarians' list:

52.3.a. The Racing Commission veterinarian(s) shall maintain the veterinarians' list of all horses which are determined to be unfit to compete in a race due to illness, physical distress, unsoundness, injury, infirmity, heat exhaustion, positive test or overage, administration of a medication invoking a mandatory stand down time, administration of shock wave therapy, positive out of competition test or any other assessment or determination by a Racing Commission veterinarian that the horse is unfit to race.

52.3.b. Horses so listed are ineligible to start in a race in any jurisdiction until released by an official veterinarian or racing veterinarian except where there is an unforeseen administrative issue in removing the horse from the veterinarians' list of another racing jurisdiction.

52.3.c. A horse may be removed from the veterinarians' list when, a minimum of five (5) days have passed from the time the horse was placed on the veterinarians' list.

52.3.d. A horse placed on the veterinarians' list when it is unfit to compete in a race due to illness, physical distress, unsoundness, injury, infirmity, heat exhaustion, or any other assessment or determination by a Racing Commission veterinarian that warrants withdrawal from the race, shall be removed from the list only after the following has been met:

52.3.d.1. it has been established or demonstrated to the satisfaction of a Racing Commission veterinarian that the horse is serviceably sound and in fit condition to exert its best effort in a race or it can pass the pre-race examination by a Racing Commission veterinarian; ~~and~~

52.3.d.2. the provision of a published work of a minimum of four (4) furlongs at 0:52 observed by a Racing Commission veterinarian for horses that are listed as unsound or lame or other reasons as may be required at the discretion of a Racing Commission veterinarian. Prior to such work a declaration in writing must be provided by the attending veterinarian as to the fitness of the subject horse; and

52.3.d.3. submission to a post-work biologic sample collection for laboratory confirmation for compliance with section 49 of this rule at the expense of the current owner. Violations of section 49 of this rule shall result in penalties consistent with the penalty provisions of this rule.

52.3.e. 52.3.e.2. in the discretion of a Racing Commission veterinarian, the provision of a published work of a minimum of four (4) furlongs at 0:52 observed by a Racing Commission veterinarian and submission of a post-work biologic sample collection for laboratory confirmation for compliance with section 49 of this rule at the expense of the current owner. Violations of section 49 of this rule shall result in penalties consistent with the penalty provisions of this rule.

52.4. Post-Mortem Examinations. The following provisions apply to post-mortem examinations:

52.4.a. A thoroughbred which suffers a breakdown on the race track, in training or in competition, and is euthanized, and every other thoroughbred which expires while stabled on a racetrack under the jurisdiction of the Racing Commission, may, in the discretion of a Racing Commission veterinarian, undergo an examination at a time and place acceptable to a Racing Commission veterinarian to determine the injury or sickness which resulted in euthanasia or death.

52.4.b. The examination allowed under this subsection will be conducted by a qualified professional selected by the Racing Commission or its designees.

52.4.c. Test specimens may be obtained from the expired or euthanized thoroughbred upon which the examination is conducted and may be sent to the primary testing laboratory for testing for foreign substances and natural substances at abnormal levels. 52.4.d. The Racing Commission shall be responsible for paying the costs of the examination conducted by its selected qualified professional. The Racing Commission shall also bear the costs of testing for foreign substances and natural substances at abnormal levels, if any such costs are incurred in connection with an examination. If any additional costs are incurred in connection with preserving and/or

transporting an expired or euthanized thoroughbred for examination, the Racing Commission shall also bear those costs. If the owner of the deceased thoroughbred desires to have an examination and/or testing conducted independently of the examination and/or testing conducted by professionals selected by the Racing Commission, he or she shall bear the costs of such independent examination and/or testing.

52.4.e. A record of an examination performed by the qualified professional selected by the Racing Commission shall be filed with the Racing Commission within seventy-two (72) hours of the death or within such other period approved by the Racing Commission. A record of an examination performed at the request of the owner of the deceased thoroughbred shall be filed with the Racing Commission within such period of time as ordered by the Racing Commission.

The decision of the Racing Commission veterinarian and/or the Commissioner of Agriculture with reference to the necessity of isolating any horse is binding upon the trainer and owner of the horse.

53.2. The reasonable cost and expense of isolation, including boarding and medical care, shall be borne by the owner or trainer of the horse during the period of isolation.

53.3. In the event of the positive diagnosis of any infectious disease, the diagnosed horse shall remain isolated and quarantined for a period of time determined by the Racing Commission veterinarian and/or the Commissioner of Agriculture.
