

**BEFORE THE BOARD OF STEWARDS
CHARLES TOWN RACE TRACK
RULING-MEDICATION VIOLATION**

RULING #01

TO: **Owner/Trainer Jose A. Lopez**; Permit #20566; SS# xxx-xx-8988

On **January 2, 2016**, the Board of Stewards offered a hearing to **Trainer, Jose A. Lopez** to which he waived his right to a hearing on the allegations stated, and split sample testing.

After considering the evidence, the Stewards hereby find the following:

The official blood and urine sample **#190988** taken on **12/10/2015** was reported by Truesdail Laboratories, Inc. Official Testing Laboratory to contain **Dexamethasone and Glycopyrrolate** above the authorized levels. Specifically, blood sample contained 164 pg/ml for Dexamethasone and 14.7 pg/ml for Glycopyrrolate.

The sample was taken from "**Mrs. Loud Mouth**" which ran in the **2nd Race on 12/10/2015** finishing **2nd**. This horse is a B m. 5 yo. by Scorpion out of Stack Ana by Stack.

Mr. Lopez elected not to send a split sample to the split sample testing laboratory.

The Stewards conclude that **Jose A. Lopez** has violated section(s) **178-1-51.1.1a**, which reads, "**The trainer is the absolute insurer of and responsible for the condition of the horses he or she enters in an official workout or a race, regardless of the acts of third parties. If testing or analysis of urine, blood or other bodily substances or tissues prove positive showing the presence of any prohibited drug, medication or substance, the trainer of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing commission, or may be otherwise disciplined. In addition, the owner of the horse, the foreman in charge of the horse, the groom, and any other person shown to have had the care, attendance of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined.**"

This medication/prohibited substance violation is his **first offense for Dexamethasone and Glycopyrrolate**.

In addition, because the permit holder has accumulated "0" points prior to this ruling and "3" points in connection with this ruling for a current total of "3", under the multiple medication violation point system, he is subject to an additional penalty of "NA" pursuant to section 49.3.m.6 of 178 W. VA.C.S.R.1.

The penalty guidelines set forth in Table 178-1 F of the Thoroughbred Racing Rules provide a penalty of One Thousand Dollar (\$1000.00) and loss of purse.

However, the Stewards determine the appropriate penalty on case by case basis by considering the following mitigating/aggravating factors:

- A.) **(Mitigating)** The Permit holder's past record:
- B.) **(Mitigating)** The Potential of the drug to influence the horse's racing performance
- C.) **(Mitigating)** The legal availability of the drug: Can be legally be available
- D.) **(Mitigating)** Whether there is reason to believe the permit holder knew of the administration of the drug or intentional administered the drug.
- E.) **(Aggravating)** The steps taken by the trainer to safeguard the horse:
- F.) **(Mitigating)** The probability of environmental contamination exposure due to human use: **Non-Applicable**
- G.) The purse of the race: **Non-applicable**
- H.) Whether the drug found was one for which the drug was receiving a treatment as documented by the treating veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission.
- I.) Whether there was any suspicious betting pattern in the race: **Non-applicable**
- J.) **(Mitigating)** Whether the trainer was acting under the advice of a veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission.
- K.) Others factors deemed relevant by the Stewards: **Based on Mr. Lopez's clean record as well as the circumstances of Mr. Lopez having two positives from the same sample, the B.O.S. chose to exercise their discretion in assigning the incidents as an individual violation in regards to the additional suspensions set forth in R.C.I. model rule multiple medication violation guidelines.**
- L.) **Based on the above, the Stewards hereby impose the following penalty: Trainer, Jose A. Lopez is fined \$1500.00 and loss of purse. He is also suspended 15 days starting January 10, 2016 through and including Sunday, January 24, 2016.**

Redistribution of purse is as follows:

- 1st Frisbee
- 2nd So Serene
- 3rd Prize Fever
- 4th Sunshine Desire

Mr. Lopez is denied privileges of all grounds under the jurisdiction of the West Virginia Racing Commission.

All fines imposed by the Stewards shall be paid to the Racing Commission within seven (7) days after the ruling is issued, unless otherwise ordered by the Stewards, Per Rule of Racing Number 178-1-8.5.n.

RULING #08

TO: Owner/Trainer Gary L. Williams Jr.; Permit #10577; SS# xxx-xx-8452

On January 12, 2016, the Board of Stewards offered a hearing to Trainer, Gary L. Williams Jr. to which he waived his right to a hearing on the allegations stated, and split sample testing.

After considering the evidence, the Stewards hereby find the following:

The official blood and urine sample #191043 taken on 12/18/2015 was reported by Industrial Laboratories, -Official Testing Laboratory to contain Naproxen above the authorized levels. Specifically, blood sample contained 23.2 ng/ml.

The sample was taken from "Dance David" which ran in the 2nd Race on 12/18/2015 finishing 1st. This horse is a Dk.B or B h. 5 yo. by Dance With Ravens out of Follow the Queen.

Mr. Williams elected not to send a split sample to the split sample testing laboratory.

The Stewards conclude that Gary L. Williams Jr. has violated section(s) 178-1-51.1.1a, which reads, "The trainer is the absolute insurer of and responsible for the condition of the horses he or she enters in an official workout or a race, regardless of the acts of third parties. If testing or analysis of urine, blood or other bodily substances or tissues prove positive showing the presence of any prohibited drug, medication or substance, the trainer of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing commission, or may be otherwise disciplined. In addition, the owner of the horse, the foreman in charge of the horse, the groom, and any other person shown to have had the care, attendance of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined."

This medication/prohibited substance violation is his first offense for Naproxen.

In addition, because the permit holder has accumulated "0" points prior to this ruling and "2" points in connection with this ruling for a current total of "2", under the multiple medication violation point system, he is subject to an additional penalty of "NA" pursuant to section 49.3.m.6 of 178 W. VA.C.S.R.1.

The penalty guidelines set forth in Table 178-1 F of the Thoroughbred Racing Rules provide a penalty of One Thousand Dollar (\$1000.00) and loss of purse.

However, the Stewards determine the appropriate penalty on case by case basis by considering the following mitigating/aggravating factors:

- A.) **(Mitigating)** The Permit holder's past record:
- B.) **(Mitigating)** The Potential of the drug to influence the horse's racing performance
- C.) **(Mitigating)** The legal availability of the drug: Can be legally be available
- D.) **(Mitigating)** Whether there is reason to believe the permit holder knew of the administration of the drug or intentional administered the drug.
- E.) **(Aggravating)** The steps taken by the trainer to safeguard the horse:
- F.) **(Mitigating)** The probability of environmental contamination exposure due to human use: **Non-Applicable**
- G.) The purse of the race: **Non-applicable**
- H.) Whether the drug found was one for which the drug was receiving a treatment as documented by the treating veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission.
- I.) Whether there was any suspicious betting pattern in the race: **Non-applicable**
- J.) **(Mitigating)** Whether the trainer was acting under the advice of a veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission.
- K.) Others factors deemed relevant by the Stewards:
- L.) **Based on the above, the Stewards hereby impose the following penalty: Trainer, Gary L. Williams Jr. is fined \$1000.00 and the purse ordered to be redistributed.**

Redistribution of purse is as follows:

- 1st** Arrowbee
- 2nd** Proud John
- 3rd** Coleman Barricks
- 4th** Winchester Warrior
- 5th** Worth Owing
- 6th** Mr. B.H. Tinkle

All fines imposed by the Stewards shall be paid to the Racing Commission within seven (7) days after the ruling is issued, unless otherwise ordered by the Stewards, Per Rule of Racing Number 178-1-8.5.n.

On **January 12, 2016**, the Board of Stewards offered a hearing to **Trainer, Peter H. Levine** to which he waived his right to a hearing on the allegations stated, and split sample testing.

The official blood and urine sample **#191076** taken on **12/23/2015** was reported by Industrial Laboratories, official Testing Laboratory to contain **Betamethasone** above the authorized levels. Specifically, blood sample contained **31.1 pg/ml**.

The sample was taken from **"Send the Limo"** which ran in the 2nd Race on 12/23/2015 finishing 6th. This horse is B f. 4yo. by Tiz Wonderful out of Yoursmineouts.

Mr. Levine elected not to send a split sample to the split sample testing laboratory.

The Stewards conclude that **Peter H. Trainer, **Ray Tracy, Jr.** was afforded a hearing on January 14, 2016. Between **October 3, 2015** and **November 27, 2015**, Mr. Tracy trained horses came back with **Five (5) positives**, with **Four (4) different drugs** as the following:

October 3, 2015, horse, "**Sunset Illusion**", tested positive for drug **Methocarbamol @1.3pg/ml**, class 4 drug and has a **C penalty** resulting in a loss of purse and a **1 point** assessment under the guidelines of the **Adoption of R.C.I. Model Rule** on multiple medication violation. (already adjudicated).

November 11, 2015, horse, "**Miss Lucky**", tested positive for **Clenbuterol @ 2745pg/ml**, a class 3 drug with a **B penalty** which recommends a Five Hundred Dollar (\$500.00) fine, and a 15 day suspension and a loss of purse and assessment of 2 points.

November 21, 2015, horse "**Sunset Illusion**", tested positive for **Glycopyrrolate @15.5pg/ml**, a class 3 drug with a **B penalty**, which recommends a Five Hundred Dollar (\$500.00) and a 15 day suspension, and an assessment of 2 points.

November 27, 2015, horse "**Scat N Go**", tested positive for **Glycopyrrolate @19.5pg/ml**, a class 3 drug with a **B penalty**, which recommends a Five Hundred Dollar (\$500.00) fine, and a 15 day suspension, loss of purse and assessment of 2 points. "**Scat N Go**" also tested positive for **Dexamethasone @37.9pg/ml**, a class 4 drug with a **C penalty** which recommends a One Thousand Dollar (\$1000.00), loss of purse and assessment of 1 point.

RCI guidelines suggest a total of \$2500.00 dollars in fines and a 45 days suspension, plus an additional 60 day assessment by the Adoption of RCI Model Rules on multiple violations for having accumulated **8 points**.

The recommended fines and suspension would total 105 day suspension and \$2500.00 in fines. However Mr. Tracy put these horses in the custody, control and care of an assistant trainer in Pennsylvania, and was not present himself at the time of all said positives. Considering the two positives for Glycopyrrolate are considered 1 finding, the 2nd finding came before Mr. Tracy was made aware of the first positive for Glycopyrrolate.

Based on these findings, the Stewards impose the following penalty. **Mr. Tracy Jr.** is fined **\$2500.00 Dollars** and will serve a **90 day suspension**, retroactive from **December 20, 2015**, through and including **March 20, 2016** and accessed **8 points**, according to the guidelines of the **R.C.I. RULING-MEDICATION VIOLATION**

RULING #12

TO: Owner/Trainer Douglas S. Hartz Permit #11733; SS# xxx-xx-5625

On December 18, 2015, the Board of Stewards conducted a hearing regarding allegations set forth in a Notice of Hearing issued on December 3, 2015. After considering the evidence, the stewards hereby find the following.

The official blood sample #190456 taken on 09/18/2015 was reported by Industrial Laboratories, official Testing Laboratory to contain Sildenafil, which is a Class 3 drug, with a Penalty A designation. The permissible threshold for Sildenafil is none. Sample #190456 contained 70pg/ml of the drug, which is above the permissible threshold. There is no permissible threshold for this drug. The sample was taken from Mooremont, the number Six (6) horse, that ran in the Third Race on September 18, 2015, finishing First. The horse is owned by Crest Hill Farm (Craig Hartz) and trained by Douglas S. Hartz.

The owner/trainer did elect to have a split sample tested. The split sample testing performed by TVMOL (Texas A&M) resulted in a finding of Sildenafil.

The Stewards conclude that Douglas S. Hartz has violated section(s) 178-1-51.1.1a, which reads, "The trainer is the absolute insurer of and responsible for the condition of the horses he or she enters in an official workout or a race, regardless of the acts of third parties. If testing or analysis of urine, blood or other bodily substances or tissues prove positive showing the presence of any prohibited drug, medication or substance, the trainer of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing commission, or may be otherwise disciplined. In addition, the owner of the horse, the foreman in charge of the horse, the groom, and any other person shown to have had the care, attendance of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined."

This medication/prohibited substance violation is his first offense, carrying a Category A penalty. The permit holder has accumulated 0 points under the multiple medication violation point system prior to this ruling. The points assessed for this medication/substance violation are 6 points pursuant to section 49.3.m of the 178 W. Va.C.S.R.1.

The penalty guidelines set forth in Table 178-1 E of the Thoroughbred Racing Rules provide a minimum penalty of 1 year and \$10,000.00 fine or maximum 3 years suspension and \$25,000.00 fine for the underlying offense.

However, the Stewards determine the appropriate penalty on a case by case basis by considering the following mitigating/aggravating factors:

In addition, because the permit holder has accumulated 0 points prior to this ruling and 6 points in connection with this ruling, for a current total of (0) points, under the multiple medication violation point system, he/she is subject to an additional penalty of n/a points pursuant to section 49.3.m.617W.Va.C.S.R.1. This penalty is in addition to the penalty imposed by the Stewards for the underlying offense.

- A.) (Mitigating) The Permit holder's past record: No Drug violation for past 3 years
- B.) (Aggravating) Not approved for use in Race Horses at any levels
- C.) (Aggravating) The legal availability of the drug: prescription drug but not for Race Horses

- D.) (Mitigating) Whether there is reason to believe the permit holder knew of the administration of the drug or intentional administered the drug. **Claims no knowledge**
- E.) (Mitigating) The steps taken by the trainer to safeguard the horse:
- F.) (Aggravating) The probability of environmental contamination exposure due to human use: **Strong possibility**
- G.) (Mitigating) The purse of the race: **Non-applicable**
- H.) (Aggravating) Whether the drug found was one for which the drug was receiving a treatment as documented by the treating veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission. **Not prescribed**
- I.) (Mitigating) Whether there was any suspicious betting pattern in the race: **Non-applicable**
- J.) (Mitigating) Whether the trainer was acting under the advice of a veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission. **Non-applicable**
- K.) Others factors deemed relevant by the Stewards: **N/A**
- L.) Based on the above, the Stewards hereby impose the following penalty for the underlying offense: **6 month suspension and \$5000.00 fine and the additional penalty of 6 points under the multiple medication violation point system, for a total penalty of 6 months and \$5000.00 fine.** The permit suspension shall begin on **January 30, 2016** and shall continue up to and including **July 30, 2016**. The fine shall be paid within **7 calendar days** after this ruling is issued. During the permit suspension, the permit holder is excluded from racetrack grounds under the jurisdiction of the West Virginia Racing Commission. **Mooremont** was disqualified from its **First place** finish, and the **purse ordered to be redistributed.**

Redistribution of purse is as follows:

1. Oportuno
2. Fishing Creek
3. Pass the Lake
4. Majestic Cat
5. Six Storms
6. Write a Song

All fines imposed by the Stewards shall be paid to the Racing Commission within seven (7) days after the ruling is issued, unless otherwise ordered by the Stewards, Per Rule of Racing Number 178-1-8.5.n.

On **January 19, 2016**, the Board of Stewards offered a hearing to Owner/Trainer, Raul Garrido to which he waived his right to a hearing regarding allegations set forth in Notice of Hearing issued.

After considering the evidence, the Stewards hereby find the following:

The official blood sample **#190959** taken **12/04/2015** was reported by Industrial Laboratories, official testing laboratory, to contain Flunixin, above the authorized levels. Specifically, blood sample contained **55.7ng/ml**. The sample was taken from "Guard the Rock", which ran in the **Seventh Race** on **December 4, 2015**, finishing **Seventh**. This is a bay gelding by Rock Hard Ten out of Vanguarda (ARG) by Sekari (GB).

Mr. Garrido elected to send a split sample to the split sample testing laboratory, Texas A&M. Said split sample confirmed the presence of Flunixin at a level of **74ng/ml**.

The Stewards conclude that Raul Garrido has violated section(s) **178-1-51.1.1a**, which reads, "The trainer is the absolute insurer of and responsible for the condition of the horses he or she enters in an official workout or a race, regardless of the acts of third parties. This medication/prohibited substance violation is his **2nd** offense for Flunixin.

In addition, because the permit holder has accumulated **1 point** prior to this ruling and **1 point** in connection with this ruling, for a current total of **2 points**, under the multiple medication violation point system, he/she is subject to an additional penalty of **n/a points** pursuant to section **49.3.m.617W.Va.C.S.R.1**. This penalty is in addition to the penalty imposed by the Stewards for the underlying offense.

The penalty guidelines set forth in **Table 178-1 F** of the Thoroughbred Racing Rules provide a maximum penalty of a **Seven Hundred and Fifty Dollar (\$750.00)**.

However, the stewards determine the appropriate penalty on a case by case basis by considering the following mitigating/aggravating factors::

- A.) **(Aggravating)** The Permit holder's past record: **Second time with same drug violation.**
- B.) **(Aggravating)** Not approved for use in Race Horses at any levels. **Not at this level**
- C.) **(Aggravating)** The legal availability of the drug: **is widely available**
- D.) **(Mitigating)** Whether there is reason to believe the permit holder knew of the administration of the drug or intentional administered the drug. **Claims no knowledge**
- E.) **(Mitigating)** The steps taken by the trainer to safeguard the horse: **N/A**
- F.) **(Aggravating)** The probability of environmental contamination exposure due to human use: **N/A**

H.) (**Aggravating**) Whether the drug found was one for which the drug was receiving a treatment as documented by the treating veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission. **N/A**

K.) Others factors deemed relevant by the Stewards: **N/A**

L.) Based on the above, the Stewards hereby impose the following penalty for the underlying offense: Mr. Garrido will be fined **\$750.00**

This medication/prohibited substance violation is his 2nd offense for Naproxen.

RULING-MEDICATION VIOLATION

RULING: 24

TO: Trainer, Emanuel Geralis; Permit #11886; SS# xxx-xx-3511

On February 4, 2016, the Board of Stewards offered a hearing to Trainer, Emanuel Geralis to which he waived his right to a hearing regarding the allegations set forth in Notice of Hearing issued.

After considering the evidence, the Stewards hereby find the following:

The official blood sample #191048 taken on 12/18/2015 was reported by Industrial Laboratories, official testing Laboratory, to contain Naproxen above the authorized levels. Specifically, blood sample contained 37.7 ng/ml.

The sample was taken from "Midnight Lovin" which ran in the Sixth Race on 12/18/15 finishing First. This horse is a DkB/Br.c. 2 Midnight Lute – Littlebitoflove by High Yield.

Mr. Geralis elected to send a split sample to the split sample testing laboratory, Texas A&M. Said split sample confirmed the presence of Naproxen at a level of 35.9 ng/ml.

The Stewards conclude that Emanuel Geralis has violated section(s) 178-1-51.1.a which reads, "The Trainer is absolute insurer of and responsible for the condition of the horses he or a race, regardless of the acts of third parties. If testing or analysis of urine, blood or other bodily substances or tissues prove positive showing the presence of any prohibited drug, medication or substance, the trainer of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined. In addition, the owner of the horse, the foreman in charge of the horse, the groom and any other person shown to have had the care, or attendance of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined."

In addition, because the permit holder has accumulated "0" points prior to this ruling and "2" points in connection with this ruling for a current total of "2" points, under the multiple medication violation point system, he/she is subject to an additional penalty of "NA" points pursuant to section 49.3.m.6. of 178 W. Va.C.S.R.1. This penalty is in addition to the penalty imposed by the stewards for the underlying offense.

This medication/prohibited substance violation is his first offense for Naproxen.

The Penalty Guidelines set forth in Table 178-1 F of the Thoroughbred Racing Rules provide a maximum penalty of a \$1000.00 fine and loss of purse.

However, the Stewards determine the appropriate penalty on case by case basis by considering the following mitigating/aggravating factors:

A.) (Mitigating) The Permit holder's past record: first drug violation of his career

B.) (Aggravating) The Potential of the drug to influence the horse's racing performance: has potential

C.) (Aggravating) The legal availability of the drug: is widely available

D.) (Mitigating) Whether there is reason to believe the permit holder knew of the administration of the drug or intentional administered the drug. claims no knowledge

E.) (Mitigating) The steps taken by the trainer to safeguard the horse: N/A

F.) (Aggravating) The probability of environmental contamination exposure due to human use: N/A

G.) (Mitigating) The purse of the race: N/A

H.) (Aggravating) Whether the drug found was one for which the drug was receiving a treatment as documented by the treating veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission.
N/A

I.) (Mitigating) Whether there was any suspicious betting pattern in the race: N/A

J.) (Mitigating) Whether the trainer was acting under the advice of a veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission. N/A

K.) Others factors deemed relevant by the Stewards: N/A

L.) Based on the above, the Stewards hereby impose the following penalty for the underlying offense: Mr. Geralis will be fined \$1000.00 and the purse ordered to be redistributed.

Redistribution of purse as follows:

1. Patrick Rocks
2. Reademndeletem
3. Serenready
4. Whiskey Creek
5. Schlosser
6. Jonah

RULING-MEDICATION VIOLATION

RULING: 24

TO: Trainer, Emanuel Geralis; Permit #11886; SS# xxx-xx-3511

On February 4, 2016, the Board of Stewards offered a hearing to Trainer, Emanuel Geralis to which he waived his right to a hearing regarding the allegations set forth in Notice of Hearing issued.

After considering the evidence, the Stewards hereby find the following:

The official blood sample #191048 taken on 12/18/2015 was reported by Industrial Laboratories, official testing Laboratory, to contain Naproxen above the authorized levels. Specifically, blood sample contained 37.7 ng/ml.

The sample was taken from "Midnight Lovin" which ran in the Sixth Race on 12/18/15 finishing First. This horse is a DkB/Br.c. 2 Midnight Lute – Littlebitoflove by High Yield.

Mr. Geralis elected to send a split sample to the split sample testing laboratory, Texas A&M. Said split sample confirmed the presence of Naproxen at a level of 35.9 ng/ml.

The Stewards conclude that Emanuel Geralis has violated section(s) 178-1-51.1.a which reads, "The Trainer is absolute insurer of and responsible for the condition of the horses he or a race, regardless of the acts of third parties. If testing or analysis of urine, blood or other bodily substances or tissues prove positive showing the presence of any prohibited drug, medication or substance, the trainer of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined. In addition, the owner of the horse, the foreman in charge of the horse, the groom and any other person shown to have had the care, or attendance of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined."

In addition, because the permit holder has accumulated "0" points prior to this ruling and "2" points in connection with this ruling for a current total of "2" points, under the multiple medication violation point system, he/she is subject to an additional penalty of "NA" points pursuant to section 49.3.m.6. of 178 W. Va.C.S.R.1. This penalty is in addition to the penalty imposed by the stewards for the underlying offense.

This medication/prohibited substance violation is his first offense for Naproxen.

The Penalty Guidelines set forth in Table 178-1 F of the Thoroughbred Racing Rules provide a maximum penalty of a \$1000.00 fine and loss of purse.

However, the Stewards determine the appropriate penalty on case by case basis by considering the following mitigating/aggravating factors:

A.) (Mitigating) The Permit holder's past record: first drug violation of his career

B.) (Aggravating) The Potential of the drug to influence the horse's racing performance: has potential

C.) (Aggravating) The legal availability of the drug: is widely available

D.) (Mitigating) Whether there is reason to believe the permit holder knew of the administration of the drug or intentional administered the drug. claims no knowledge

E.) (Mitigating) The steps taken by the trainer to safeguard the horse: N/A

F.) (Aggravating) The probability of environmental contamination exposure due to human use: N/A

G.) (Mitigating) The purse of the race: N/A

H.) (Aggravating) Whether the drug found was one for which the drug was receiving a treatment as documented by the treating veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission.
N/A

I.) (Mitigating) Whether there was any suspicious betting pattern in the race: N/A

J.) (Mitigating) Whether the trainer was acting under the advice of a veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission. N/A

K.) Others factors deemed relevant by the Stewards: N/A

L.) Based on the above, the Stewards hereby impose the following penalty for the underlying offense: Mr. Geralis will be fined \$1000.00 and the purse ordered to be redistributed.

Redistribution of purse as follows:

1. Patrick Rocks
2. Reademndeletem
3. Serenready
4. Whiskey Creek
5. Schlosser
6. Jonah

You have the right to appeal this Ruling to the Racing Commission. Your appeal must be received in the Commission Office within 20 Days of your receipt of this Ruling and must include a security fee in the amount of \$100.00.

On February 9, 2016, the Board of Stewards offered a hearing to Owner/Trainer, Eduardo Rojas to which he waived his right to a hearing regarding the allegations set forth in Notice of Hearing issued.

After considering the evidence, the Stewards hereby find the following:

The official blood sample #191137 taken on 1/21/2016 was reported by Industrial Laboratories, official testing Laboratory, to contain Phenylbutazone above the authorized levels. Specifically, blood sample contained 2.5 ng/ml.
