RULING-MEDICATION VIOLATION

RULING: 54

TO: Owner/Trainer, James L. Williams; Permit #10397; SS# xxx-xx-5806

On March 11, 2016, the Board of Stewards offered a hearing to Owner/Trainer, James L. Williams to which he waived his right to a hearing regarding the allegations set forth in Notice of Hearing issued.

After considering the evidence, the Stewards hereby find the following:

The official blood sample #193263 taken on 2/25/2016 was reported by Industrial Laboratories, official testing Laboratory, to contain Phenylbutazone above the authorized levels. Specifically, blood sample contained 2.9 ug/ml.

The sample was taken from "Son of a John" which ran in the First Race on 2/25/16 finishing sixth. This horse is a DkB/Br.g.4 Colonel John-Carlson's Queen by Lord Carson - Bred in KY.

Mr. Williams elected to waive his right to the split sample testing.

The Stewards conclude that James L. Williams has violated section(s) 178-1-51.1.a which reads, "The Trainer is absolute insurer of and responsible for the condition of the horses he or a race, regardless of the acts of third parties. If testing or analysis of urine, blood or other bodily substances or tissues prove positive showing the presence of any prohibited drug, medication or substance, the trainer of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined. In addition, the owner of the horse, the foreman in charge of the horse, the groom and any other person shown to have had the care, or attendance of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined."

In addition, because the permit holder has accumulated "0" points prior to this ruling and "1" point in connection with this ruling for a current total of "1" point, under the multiple medication violation point system, he/she is subject to an additional penalty of "NA" points pursuant to section 49.3.m.6. of 178 W. Va.C.S.R.1. This penalty is in addition to the penalty imposed by the stewards for the underlying offense.

This medication/prohibited substance violation is his first offense for Phenylbutazone.

The Penalty Guidelines set forth in Table 178-1 F of the Thoroughbred Racing Rules provide a maximum penalty of \$250.00 fine.

However, the Stewards determine the appropriate penalty on case by case basis by considering the following mitigating/aggravating factors:

- A.) (Mitigating) The Permit holder's past record: first drug violation
- B.) (Aggravating) The Potential of the drug to influence the horse's racing performance: has potential
- C.) (Aggravating) The legal availability of the drug: is widely available
- D.) (Mitigating) Whether there is reason to believe the permit holder knew of the administration of the drug or intentional administered the drug. claims no knowledge
- E.) (Mitigating) The steps taken by the trainer to safeguard the horse: N/A

F.) (Aggravating) The probability of environmental contamination exposure due to human use: **N/A**

G.) (Mitigating) The purse of the race: **N/A**

H.) (Aggravating) Whether the drug found was one for which the drug was receiving a treatment as documented by the treating veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission.
N/A

I.) (Mitigating) Whether there was any suspicious betting pattern in the race: **N/A**

J.) (Mitigating) Whether the trainer was acting under the advice of a veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission. **N/A**

K.) Others factors deemed relevant by the Stewards: **N/A**

L.) Based on the above, the Stewards hereby impose the following penalty for the underlying offense: Mr. Williams will be fined \$250.00.

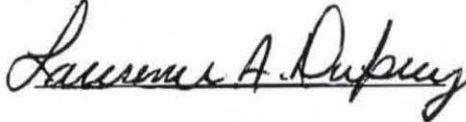

You have the right to appeal this Ruling to the Racing Commission. Your appeal must be received in the Commission Office within 20 Days of your receipt of this Ruling and must include a security fee in the amount of \$100.00.

RULING-MEDICATION VIOLATION

RULING: 76

TO: Trainer, Earl McCormick; Permit #12209; SS# xxx-xx-9876

On April 16, 2016, the Board of Stewards offered a hearing to Trainer, Earl H. McCormick, to which he waived his right on the allegations stated.

Trainer, Earl H. McCormick elected to waive his right to the split sample testing.

After considering the evidence, the stewards hereby find the following:

The official blood sample #193501 taken on 4/01/2016 was reported by Industrial Laboratories, official testing Laboratory, to contain Clenbutarol, which is a Class 3 drug, with a Penalty B designation. Sample #193501 contained 30 pg/ml of the drug. There is no permissible threshold for this drug in the blood, the sample was taken from the Three (3) horse, "Tucan Tango", which ran in the First Race on April 1, 2016, finishing First.

The Stewards conclude that Mr. McCormick has violated section(s) 178-1-51.1.a of the Thoroughbred Racing Rule, 178 W.Va C.S.R.1. This medication/prohibited substance violation is the permit holder's First Offense. The permit holder has accumulated 0 points under the multiple medication violation point system prior to this ruling. The points assessed for this medication/substance violation is 2 points, pursuant to section 49.3.m. of 178 of W.Va.C.S.R.1. This penalty is in addition to the penalty imposed by the stewards for the underlying offense.

This medication/prohibited substance violation is his first offense for Clenbutarol.

The Penalty Guidelines set forth in Table 178-1 E of the Thoroughbred Racing Rules provide a minimum penalty of \$500.00 fine, and minimum of fifteen days suspension, with disqualification, and loss of purse for the underlying offense. However, the Stewards determine the appropriate penalty for the underlying offense on a case by case basis by considering mitigating and aggravating factors.

The following is the stewards' analysis of the mitigating/aggravating factors in this matter:

A.) (Mitigating) The Permit holder's past record: No Rule Violations

B.) (Aggravating) The Potential of the drug to influence the horse's racing performance: N/A

C.) (Aggravating) The legal availability of the drug: is widely available

D.) (Mitigating) Whether there is reason to believe the permit holder knew of the administration of the drug or intentionally administered the drug. Permit Holder Knew

E.) (Mitigating) The steps taken by the trainer to safeguard the horse: N/A

F.) (Aggravating) The probability of environmental contamination exposure due to human use: N/A

G.) (Mitigating) The purse of the race: N/A

H.) (Aggravating) Whether the drug found was one for which the horse was receiving a treatment as documented by the treating veterinarian's treatment record. N/A

I.) (Mitigating) Whether there was any suspicious betting pattern in the race: **N/A**

J.) (Mitigating) Whether the trainer was acting under the advice of a veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission. **N/A**

K.) Others factors deemed relevant by the Stewards: **N/A**

Based on the above, the Stewards hereby impose the following penalty for the underlying offense: **Mr. McCormick will be fined \$500.00, with disqualification and loss of purse, and is suspended 15 days; suspension begins, Sunday, April 24, 2016 through and including Sunday, May 8, 2016.**

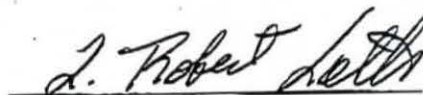

Redistribution of Purse is as follows:

Nunez and Madeline Huis were present in person and testified before the Board of Stewards. After considering the evidence, the Board of Stewards hereby find the following:

The official blood and urine samples # E193429 taken on **March 19, 2016** were reported by Industrial Laboratories to contain N-ethylnicotinamide, the metabolite of Nikethamide. Pursuant to Table 178-1 D of the Thoroughbred Racing Rule, 178 C.S.R. 1, Nikethamide is a Class 1 Drug, carrying a Category A penalty. The samples were taken from "Road Agent", which ran in the **RACE NUMBER 7** on **March 19, 2016**, finishing 1st. The horse is trained by Jose S. Nunez and owned by Madeline Huis.

After notification to you, you elected to conduct split sample testing on the blood collected for "Road Agent" and selected Texas A&M Veterinary Medical Diagnostic Laboratory to conduct the split sample testing. After events beyond the control of the Racing Commission caused the split blood sample not to be received by Texas A&M, you were contacted by the Stewards to make arrangements to continue to fulfill and honor your request for split sample testing. Specifically, the Stewards required you to appear so that the split urine sample for "Road Agent" could be sent for testing to Texas A&M. After you failed to appear for the shipment of the split urine sample, the Stewards and a Racing Commission Veterinarian caused the split urine sample to be sent to Texas A&M, observing the appropriate chain of custody and in the presence of independent witnesses. In addition, the Stewards ordered Industrial to ship the remaining, untested and preserved blood in its possession to Texas A&M for testing. As a result of your failure to cooperate regarding the split sample testing, arrangements were made to have the West Virginia Racing Commission pay Texas A&M for conducting the split sample testing of the blood and urine.

On or about June 2, 2016, Texas A&M confirmed the presence of N-ethylnicotinamide, the metabolite of Nikethamide, in the urine split sample for "Road Agent" and in the remaining, untested and preserved blood sample for "Road Agent."

The official blood and urine samples # E193472 taken on **March 26, 2016** were reported by Industrial Laboratories to contain N-ethylnicotinamide, the metabolite of Nikethamide. Pursuant to Table 178-1 D of the Thoroughbred Racing Rule, 178 C.S.R. 1, Nikethamide is a Class 1 Drug, carrying

a Category A penalty. The samples were taken from "Grace Is a Beauty", which ran in the **RACE NUMBER 6** on **March 26, 2016**, finishing 1st. The horse is trained by **Jose S. Nunez** and owned by **Madeline Huis**.

After notification to you, you elected to conduct split sample testing on the blood collected for "Grace Is a Beauty" and selected Texas A&M Veterinary Medical Diagnostic Laboratory to conduct the split sample testing. After events beyond the control of the Racing Commission caused the split blood sample not to be received by Texas A&M, you were contacted by the Stewards to make arrangements to continue to fulfill and honor your request for split sample testing. Specifically, the Stewards required you to appear so that the split urine sample for "Grace Is a Beauty" could be sent for testing to Texas A&M. After you failed to appear for the shipment of the split urine sample, the Stewards and a Racing Commission Veterinarian caused the split urine sample to be sent to Texas A&M, observing the appropriate chain of custody and in the presence of independent witnesses. In addition, the Stewards ordered Industrial to ship the remaining, untested and preserved blood in its possession to Texas A&M for testing. As a result of your failure to cooperate regarding the split sample testing, arrangements were made to have the West Virginia Racing Commission pay Texas A&M for conducting the split sample testing of the blood and urine.

On or about June 2, 2016, Texas A&M confirmed the presence of N-ethylnicotinamide, the metabolite of Nikethamide, in the urine split sample for "Grace Is a Beauty" and in the remaining, untested and preserved blood sample for "Grace Is a Beauty."

The Board of Stewards conclude that **Jose Nunez** has violated sections **49.4.a.1.** and **51.1.a.** of the Thoroughbred Racing Rule, 178 C.S.R. 1. Specifically, N-ethylnicotinamide, the metabolite of Nikethamide, confirmed to be present in "Road Agent's" body while it was participating in a race, is a drug or medication for which no acceptable threshold concentration has been established by the West Virginia Racing Commission. Therefore, the presence of N-ethylnicotinamide, the metabolite of Nikethamide, in "Road Agent" is a violation of 178 C.S.R. 1, § 49.4.a.1.

In addition, pursuant to section 51.1.a. of the Thoroughbred Racing Rule, 178 C.S.R. 1, as the trainer of "Road Agent," Jose Nunez is the absolute insurer of and responsible for the condition of the horse, regardless of the acts of third parties. Inasmuch the testing of urine and blood from "Road Agent" proved positive showing the presence of a prohibited drug, medication, or substance, Jose Nunez, as the trainer of the horse, may be fined, suspended, have his occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined.

The medication/prohibited substance violation associated with the positive in "Road Agent" is Jose Nunez's **FIRST** offense for a drug carrying a Category A penalty. The Penalty Guidelines set forth in Table 178-1 E of the Thoroughbred Racing Rule provide a minimum penalty of a one (1) year suspension and a \$10,000.00 fine.

The medication/prohibited substance violation associated with the positive in "Grace Is a Beauty" is Jose Nunez's **SECOND** offense for a drug carrying a Category A penalty. The Penalty Guidelines set forth in Table 178-1 E of the Thoroughbred Racing Rule provide a minimum penalty of a three (3) year suspension and a \$25,000.00 fine.

An analysis of the mitigating/aggravating factors is as follows:

Mr. Nunez's past record as a permit holder is relatively good in that Mr. Nunez has had only two previous medication violations: a Phenylbutazone overage in Delaware on or about August 13, 2012 for which he was fined \$500.00, and a Diphenhydramine positive in Pennsylvania on or about September 19, 2014 for which he was fined \$1,500.00.

However, Nikethamide and its metabolite, found in "Road Agent" and "Grace Is a Beauty" is a Class 1 Drug. Pursuant to 178 C.S.R. 1, § 49.2.a., Class 1 drugs have no generally accepted medical use in the racehorse and their pharmacological potential for altering the performance of a race is very high. This is an aggravating factor.

It is also an aggravating factor that Nikethamide is not available on the legal, commercial market in the United States for human or veterinary use. Nikethamide is not FDA approved for use in the United States.

During the hearing neither Mr. Nunez nor Ms. Huis offered any explanation or information that would explain how Nikethamide, a very serious drug, got into "Road Agent" and "Grace Is a Beauty."

Weighing and balancing the aggravating and mitigating factors, the Board of Stewards finds that the minimum penalty for each offense is appropriate in this case. Therefore, the Stewards hereby impose the following penalties:

Mr. Nunez is hereby **SUSPENDED** for **ONE (1) year** and **FINED \$10,000.00** for the first offense Class 1, Category A, drug positive in "Road Agent." Pursuant to 178 C.S.R. 1, § 49.3.m., Mr. Nunez is assessed **SIX (6) POINTS** under the Multiple Medication Violation rule for this violation. In addition, "Road Agent" is hereby placed on the Veterinarian's List for **NINETY (90)** days from the date of this ruling and must pass an examination before becoming eligible to be entered in a race. The purse of the race is ordered to be **FORFEITED** and "Road Agent" is **DISQUALIFIED** from its first place finish in the 7th race on March 19, 2016. The order of finish is hereby re-ordered as follows:

- 1st Blue Mountain Cat
- 2nd Gabbi's Amor
- 3rd Manewal
- 4th Graduated
- 5th Two More Jacs
- 6th Academy Run

Mr. Nunez is hereby **SUSPENDED** for **THREE (3) years** and **FINED \$25,000.00** for the second offense Class 1, Category A, drug positive in "Grace Is a Beauty." Pursuant to 178 C.S.R. 1, § 49.3.m., Mr. Nunez is assessed **SIX (6) POINTS** under the Multiple Medication Violation rule for this violation. In addition, "Grace Is a Beauty" is hereby placed on the Veterinarian's List for **ONE HUNDRED TWENTY (120)** days from the date of this ruling and must pass an examination before becoming eligible to be entered in a race. The purse of the race is ordered to be **FORFEITED** and "Grace Is a Beauty" is **DISQUALIFIED** from its first place finish in the 6th race on March 26, 2016. The order of finish is hereby re-ordered as follows:

- 1st Early Glory
- 2nd Distinctlybella
- 3rd Linda's Lollipop

4th Prithee
5th Malibu Fever
6th Wawa

As a result of the accumulation of a total of **TWELVE (12) POINTS** under the Multiple Medication Violation rule for the above-listed violations, Mr. Nunez is hereby **SUSPENDED** an additional **THREE HUNDRED SIXTY (360)** days pursuant to 178 C.S.R. 1, § 49.3.m.6.

Accordingly, it is hereby **ORDERED** that Jose Nunez's permit is **SUSPENDED** for a total of **FOUR (4) YEARS** and **THREE HUNDRED SIXTY (360)** days effective beginning Thursday, June 23, 2016, through and including, June 18, 2021. It is further **ORDERED** that Jose Nunez is **FINED** a total of **\$35,000.00**. Pursuant to 178 C.S.R. 1, § 8.5.n., such fine shall be paid within seven (7) calendar days after this ruling is issued.

You have the right to appeal this Ruling to the Racing Commission. Your appeal must be received in the Commission Office within 20 days of your receipt of this Ruling and must include a security fee in the amount of \$100.00.

RULING NUMBER 99

Trainer, **Anthony Farrior**, Permit #12423; SS# xxx-xx-7529 is hereby fined **One Thousand (\$1000.00) Dollars** for violation of West Virginia Rule of Racing Number **178-1-24.11.p** which states, "Has knowingly or without conducting proper due diligence, sold a horse for slaughter, directly or indirectly.

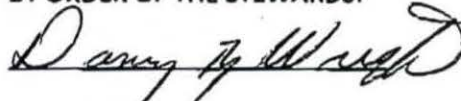

On **June 23, 2016**, **Mr. Farrior** was afforded a hearing by The Board of Stewards. After hearing the testimony presented by the Chief Investigator for the West Virginia Racing Commission, Mr. Farrior was given the opportunity to explain the events, leading up to several horses under his care, being located on the grounds of a known livestock operation, that ships some horses for the purpose of slaughter.

The Board of Stewards concur with the Chief Investigator for the West Virginia Racing Commission, that Mr. Farrior may not have intended for these horses to be tagged and end up in a kill pen, but with proper investigation (due diligence), by Mr. Farrior, into the sale of these horses, the Board of Stewards feel that this could have been avoided.

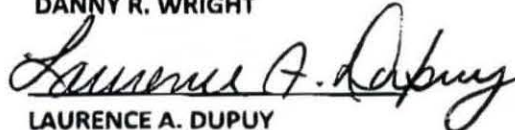

All fines imposed by the Stewards shall be paid to the Racing Commission within seven (7) Calendar days after the ruling is issued, unless otherwise ordered by the Stewards, Per Rule of Racing Number 178-1-8.5.n.

You have the right to appeal this ruling to the Racing Commission. Your appeal must be received in the Commission Office within 20 days of your receipt of this ruling and must include a security fee in the amount of One-Hundred (\$100.00) Dollars.
