RULING #56

On September 8, 2021 the Board of Stewards conducted a hearing regarding allegations to Owner/Trainer Richard A. Hummer Permit #43286 DOB 04/13/1946. Mr. Hummer was present in person and testified before the Board of Stewards. Mr. Hummer was not represented by counsel. The Board of Stewards hereby finds the following:

The official sample #E432434 taken on August 13, 2021 was reported by Industrial Laboratories to contain Lamotrigine, approx. .364 pg/ml. Pursuant to Table 178-1 E of the Thoroughbred Racing Rule, 178 C.S.R. 1, Lamotrigine is a Class 3 Drug, carrying a Category A penalty. The samples were taken from “Alltheway to Cairo”, which ran in Race Number 2 on August 13, 2021, finishing First (1st). The horse is owned and trained by Richard A. Hummer.

After notification to Mr. Hummer, he declined split sample testing.

Pursuant to section 49.4.a.1. of the Thoroughbred Racing Rule, 178 C.S.R. 1, a finding by a Racing Commission approved laboratory of a prohibited drug, chemical or other substance in a post-race test specimen of a horse is prima facie evidence that the prohibited drug, chemical or other substance was present in the horse’s body while it was participating in a race. Lamotrigine, confirmed to be present in “Alltheway to Cairo’s” body while it was participating in a race, is a drug or medication for which no acceptable threshold concentration has been established by the West Virginia Racing Commission.

Additionally, as the trainer of “Alltheway to Cairo” Richard A. Hummer is the absolute insurer of and responsible for the condition of the horse he entered in the 2nd race at Charles Town ran on August 13, 2021. 178 C.S.R. 1, § 51.1.a.

The Board of Stewards concludes that while Mr. Hummer is responsible for the positive in “Alltheway to Cairo” under § 51.1.a. and the presence of the drug has been established to have been in the horse during the 2nd race on August 13, 2021 there are substantial mitigating factors which cause the Stewards to impose no penalty against Mr. Hummer’s permit in this matter. Those factors are as follows:

Mr. Hummer’s past record as a permit holder is good in that he has no medication violations in any jurisdiction in the past 365 days. Mr. Hummer has had no medication violations since his first license in 1993.

The amount of Lamotrigine found in the horse is a trace level which lends credibility to the probability that the horse was inadvertently exposed to the drug in some manner. Based upon an evaluation of the evidence, the Stewards conclude that the positive is attributable to inadvertent exposure.
Mr. Hummer is prescribed the drug Lamotrigine and has been taking the prescription for over 2 years.

Mr. Hummer prepared the tongue tie not knowing that he might have had Lamotrigine on his hands and not knowing that Lamotrigine was a prohibited drug.

178 C.S.R. 1, §49.10.a, the Stewards are explicitly authorized to consider inadvertent exposure as a factor in determining medication violations. Further, pursuant to §49.1., the Stewards are to determine medication violations on a case by case basis and may determine to impose no penalty against a trainer’s permit, if warranted.

Weighing and balancing these factors, the Board of Stewards find that while Mr. Hummer is held responsible for the positive in this case, the Stewards shall impose no penalty against Mr. Hummer’s permit. Therefore, the standard penalty for a first offense Class A medication violation (1 year suspension/$10,000.00 fine) is not imposed in this matter. In addition, the Stewards do not impose the 6 Multiple Medication Violation points that would typically be imposed under §49.3.m. of the Thoroughbred Racing Rule.

Because “Alltheway to Cairo” was found to have carried Lamotrigine in its system during the running of the race, the purse of the race is ordered to be FORFEITED and “Alltheway to Cairo” is DISQUALIFIED from its (1st) first place finish in the second (2nd) race on August 13, 2021. This disqualification is justified due to the irrefutable drug positive, even though Mr. Hummer’s permit was not disciplined in this matter. Although it is likely that the horse carried the drug in its system due to inadvertent exposure, it nonetheless carried the drug in its system which necessitates the disqualification to ensure the integrity of racing and to instill confidence in the betting public. The order of finish is hereby re-ordered as follows:

1. #1 Strong Like Bull
2. #4 Unnamed Soldier
3. #6 Won Dozen Banks
4. #5 Grandpa Munster

You have the right to appeal this Ruling to the Racing Commission. Your appeal must be received in the Commission Office within 20 days of your receipt of this Ruling and must include a security fee in the amount of $500.00.

RULING #69

Trainer, Miguel Ramos-Agosto

On September 30, 2021, the Board of Stewards offered a hearing to Trainer, Miguel Ramos-Agosto, Permit #46643, DOB 06/17/1981 to which he waived his right to hearings regarding a medication violations pertaining to his horses “Willie the Whale” who finished first (1st) in the second (2nd) race, on September 4, 2021, and “Sonde St. Blues” who finished first (1st) in the eighth (8th) on September 9, 2021.

The Stewards hereby find the following:

The official blood samples #E432592 taken on 9/04/2021 and #E432625 taken on 9/09/21 and were reported by Industrial Laboratories, the official testing laboratory, to contain Diclofenac which is a Class 4 drug, with a C Penalty, designation. The permissible threshold for Diclofenac is 5 ng/ml in blood. Sample #E432592 contained 108 ng/ml, and sample #E432625 contained 29.3 ng/ml of the drug, which in both samples is above the permissible threshold for this drug. The sample #E432592 was taken from the Three (3) horse, “Willie the Whale”, which ran in the 2nd Race on 9/04/21, finishing First (1st). Sample #E432625 was taken from the Five (5) horse “Sonde St Blues”, which ran in the 8th race on 9/09/21, finishing First (1st).

Mr. Ramos-Agosto elected not to have a split samples tested.

Pursuant to 178 W. Va. C.S.R. 1, section 24.11.o, The Stewards are authorized to take disciplinary action against a permit holder for violating any provision of the Thoroughbred Racing Rule.

Pursuant to section 51.1.1a, of the Thoroughbred Racing Rule, 178 W.Va.C.S.R.1: “The trainer is the absolute insurer of and responsible for the condition of the horses he or she enters in an official workout or a race, regardless of the acts of third parties. If testing or analysis of urine, blood or other bodily substances or tissues prove positive showing the presence of any prohibited drug, medication or substance, the trainer of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined. In addition, the owner of the horse, the foreman in charge of the horse, the groom, and any other person shown to have had the care, attendance of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined.”

Pursuant to 178 W. Va. C.S.R. 1, section 49.4.a.2., a finding by a Racing Commission approved laboratory of a prohibited drug, chemical or other substance in a test specimen of a horse is prima facie evidence that the prohibited drug, chemical or other substance was administered to the horse, and in the case of a post-race test, was present in the horse’s body while it was participating. Prohibited substances included controlled therapeutic medications in excess of established threshold concentrations as set forth in the Association of Racing Commissioners International Controlled Therapeutic Medication Schedule, Version 2.1., contained in Table 178-1 F of the Thoroughbred Racing Rule.

Pursuant to 178 W. Va. C.S.R. 1, Table 178-1 F, the post-race threshold for Diclofenac is 5 ng.ml in the blood. Because the amount of Diclofenac in both “Willie the Whale” and “Sonde St Blues” exceeded the acceptable threshold set forth in Table 178-1 F, Mr. Ramos-Agosto may be held responsible and his occupational permit disciplined pursuant to 178 W. Va. C.S.R. 1, sections 49.a.1. and 51.1.a.

Because of mitigating circumstances, the Diclofenac positives in “Willie the Whale” and “Sonde St Blues” will be considered as one violation in this category for a medication/substance violation in a 365 days period.

The permit holder has accumulated 0 points under the multiple medication violation point system as a result of the issuance of Mr. Ramos-Agosto is assessed ⅓ point for these Diclofenac medication/substance violations pursuant to section 49.3.m. of 178 of W.Va.C.S.R.1.

The Stewards determine the appropriate penalty for the underlying offense on a case by case basis by considering mitigating and aggravating factors. The following is an analysis of the factors set forth in section 49.1 of the Thoroughbred Racing Rule:

1. **(Mitigating) The Permit holder’s past record:** The permit holder has no violations in the last 365 days
2. **(Mitigating) The potential of the drug to influence the horse’s racing performance:** Pursuant to 178 W. Va. C.S.R. 1, section 49.2.d, Class 4 drugs may influence performance, but generally have a more limited ability to do so. This is a
mitigating factor although it is always of concern to the Stewards when a horse tests in excess of a threshold set forth in the Thoroughbred Racing Rule inasmuch as such thresholds are designed to ensure that horses aren’t racing under the effects of the medication; to allow a state veterinarian conducting a pre-race examination to have as clean a look at the horse as is possible to make sure that the horse does not have some condition that would cause it to harm itself if it races, and to ensure the integrity of racing so that horse aren’t racing under the effect of a medication that could affect performance.

3. **(Mitigating)** The legal availability of the drug: Diclofenec is legally available.

4. Whether there is reason to believe the permit holder knew of the administration of the drug or intentional administered the drug: While notifying Mr. Ramos-Agosto about his violations he stated that he knew of no way that both of his horses were treated with the drug, Diclofenec. Upon returning to the barn he questioned his workers to find out if anything was done different. One man came forth to state that he went to Walmart and purchased a cream. That cream contained Diclofenec Sodium, 1%. Mr. Ramos-Agosto stated that he didn’t request them to purchase or order his employee to administer the cream to his horses.

5. **The steps taken by the trainer to safeguard the horse:** Inasmuch as there was no hearing in this case it is unknown what efforts the trainer made to ensure that the treatment of the horse with Diclofenec was done within the withdrawal guidelines and dosing specifications set forth in 178 W. Va. C.S.R. 1, Table 178-1 F, so as to avoid a positive. This factor is not considered in weighing the penalty in this case.

6. **The probability of environmental contamination exposure due to human use:** This factor is not applicable to this case.

7. **The purse of the race:** Both races in question were $5000 claiming races with a $13,200 purse, The Stewards place no weight, either aggravating or mitigating, based upon the purses in this case.

8. **Whether the drug found was one for which the drug was receiving a treatment as documented by the treating veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission:** Inasmuch as there was no hearing in this matter it was not established whether or not the horse was being treated by a veterinarian with Diclofenec therefore, this factor is not considered in weighing the penalty in this case.

9. **Whether there was any suspicious betting pattern in the race:** There is no evidence of a suspicious betting pattern in this case and therefore, this factor is not considered in weighing the penalty in this case.

10. **Whether the trainer was acting under the advice of a veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission:** It was established the horse had been treated with Diclofenec by a groom. Therefore, this factor is not considered in weighing the penalty in this case.

Based on the above, the Stewards hereby impose the following penalty for the underlying offense: Ms. Ramos-Agosto’s horse “Willie the Whale” will be disqualified from all purse money and will have a total of ½ point on his record. Also: Mr. Ramos-Agosto’s horse “Sonde St Blues” will be disqualified from all purse money.

RULING #107

Owner/Trainer Kevin S. Patterson

On December 10, 2021, the Board of Stewards offered a hearing to Owner/Trainer, Kevin S. Patterson, Permit #42994, DOB 01/13/1960 to which he waived his right to a hearing regarding a medication violation pertaining to her horse “Go Daddy” who finished first (1st) in the sixth (6th) race on Wednesday September 29, 2021.

The Stewards hereby find the following: The official blood sample #E432770, taken on 09/29/2021 was reported by Industrial Laboratories, the official testing laboratory, to contain Hydroxyethylpromazine sulfoxide which are Class 3 drugs, with a B Penalty, designation. Sample #E432770 contained Hydroxyethylpromazine sulfoxide confirmed in urine at 16.6 ng/ml. The sample was taken from the Six (6) horse, “Go Daddy”, which ran in the 6th Race on 09/29/2021, finishing first.

Mr. Patterson elected to have a split sample tested. The split #E432770 was sent to Texas A&M Veterinary Medical Diagnostic Laboratory and was received on 11/18/2021 and reported on 12/9/2021. Sample #E432770 contained 17.35 +/- 0.44 ng/ml which is above the permissible level for this drug, confirming the presence of the drug Hydroxyethylpromazine sulfoxide.

Pursuant to 178 W. Va. C.S.R. 1, section 24.11.o, The Stewards are authorized to take disciplinary action against a permit holder for violating any provision of the Thoroughbred Racing Rule.

Pursuant to section 51.1.a, of the Thoroughbred Racing Rule, 178 W.Va.C.S.R.1: “The trainer is the absolute insurer of and responsible for the condition of the horses he or she enters in an official workout or a race, regardless of the acts of third parties. If testing or analysis of urine, blood or other bodily substances or tissues prove positive showing the presence of any prohibited drug, medication or substance, the trainer of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined. In addition, the owner of the horse, the foreman in charge of the horse, the groom, and any other person shown to have had the care, attendance of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined.”

Pursuant to 178 W. Va. C.S.R. 1, section 49.4.a.2., a finding by a Racing Commission approved laboratory of a prohibited drug, chemical or other substance in a test specimen of a horse is prima facie evidence that the prohibited drug, chemical or other substance was administered to the horse, and in the case of a post-race test, was present in the horse’s body while it was participating. Prohibited substances included controlled therapeutic medications in excess of established threshold concentrations as set forth in the Association of Racing Commissioner International Controlled Therapeutic Medication Schedule, Version 3.2., contained in Table 178-1 F of the Thoroughbred Racing Rule.

Pursuant to 178 W. Va. C.S.R. 1, Table 178-1 F, Because the amount of Hydroxyethylpromazine sulfoxide in “Go Daddy” exceeded the acceptable threshold set forth in Table 178-1 F. Mr. Patterson may be held responsible and his occupational permit disciplined pursuant to 178 W. Va. C.S.R. 1. sections 49.4.a.2. and 51.1.a.

The Hydroxyethylpromazine sulfoxide positive in “Go Daddy” is Mr. Patterson’s First Offense in this category for a medication/substance violation in a 365 days period.

The permit holder has accumulated 0 points under the multiple medication violation point system as a result of this issuance.

Mr. Patterson is assessed X point for this Hydroxyethylpromazine sulfoxide medication/substance violation pursuant to section 49.3.m. of 178 of W.Va.C.S.R.1.

The Stewards determine the appropriate penalty for the underlying offense on a case by case basis by considering mitigating and aggravating factors. The following is an analysis of the factors set forth in section 49.1 of the Thoroughbred Racing Rule:

1. (Mitigating) The Permit holder’s past record: The permit holder has no violations in any class category in the last 365 days.

2. (Mitigating) The potential of the drug to influence the horse’s racing performance: Pursuant to 178 W. Va. C.S.R. 1, section 49.2.d, Class 3 drugs may influence performance, but generally have a more limited ability to do so. This is a mitigating factor although it is always of concern to the Stewards when a horse tests in excess of a threshold set forth in the Thoroughbred Racing Rule inasmuch as such thresholds are designed to ensure that horses aren’t racing under the
effects of the medication, to allow a state veterinarian conducting a pre-race examination to have as clean a look at the horse as is possible to make sure that the horse does not have some condition that would cause it to harm itself if it races, and to ensure the integrity of racing so that horse’s aren’t racing under the effect of a medication that could affect performance.

3. **Mitigating** The legal availability of the oral application: Hydroxyethylpromazine sulfoxide is legally available.

4. Whether there is reason to believe the permit holder knew of the administration of the drug or intentional administered the drug: The trainer admitted to the treatment of the horse “Go Daddy” with Hydroxyethylpromazine sulfoxide and thought the treatment was done within the withdrawal guidelines and dosing specifications set forth in 178 W. Va. C.S.R. 1. Table 178-1 F. so as to avoid a positive. Therefore this factor is considered in weighing the penalty in this case.

5. The probability of environmental contamination exposure due to human use: This factor is not applicable to this case.

6. The purse of the race: The race in question was a Claiming race with a $14,300 purse. The Stewards place no weight, either aggravating or mitigating, based upon the purse in this case.

7. Whether the drug found was one for which the horse was receiving as a treatment as documented by the treating veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission: Inasmuch as there was no hearing in this matter it was not established whether or not the horse was being treated by a veterinarian with Hydroxyethylpromazine sulfoxide therefore, this factor is not considered in weighing the penalty in this case.

8. Whether there was any suspicious betting pattern in the race: There is no evidence of a suspicious betting pattern in this case and therefore, this factor is not considered in weighing the penalty in this case.

Based on the above, the Stewards hereby impose the following penalty for the underlying offense:

Mr. Patterson’s horse “Go Daddy” will be disqualified from all purse money and Mr. Patterson will have a total of ⅜ point on his record. The Hydroxyethylpromazine sulfoxide positive, being the first medication violation in this class category in 365 days. Mr. Patterson is fined $1000.00 dollars.

The horse “Go Daddy” is disqualified from all purse money. Redistribution is as following:

1. #3 Fluent in Sarcasm
2. #4 Wizard of Odds
3. #1 Gattosing
4. #2 Union Grace
5. #8 Shackled
6. #7 Taneeleer

All fines imposed by the Stewards shall be paid to the Racing Commission within Seven (7) days after the ruling is issued, unless otherwise ordered by the Stewards, Per West Virginia Rule of Racing Number 178-1.8.5.n.

You have the right to appeal this Ruling to the Racing Commission. Your appeal must be received in the Commission Office within 20 Days of your receipt of this Ruling and must include a security fee in the amount of $500.00.

On Friday December 10, 2021 the Board of Stewards offered a hearing to Owner/Trainer, Donald C. Barber Permit #42796, DOB 04/06/1940 to which he waived his right to a hearing regarding a medication violation pertaining to his horse "Forever Takes Time" who finished first (1st) in the Third (3rd) race on Saturday November 20, 2021.

The Stewards hereby find the following: The official blood sample #E433146 taken on 11/20/21 was reported by Industrial Laboratories, the official testing laboratory, to contain Flunixin and Phenylbutazone which are a Class 4 drugs, with a C Penalty, designation. Sample #E433146 contained 6.79 ng/ml of Flunixin and 1.15 ug/ml of Phenylbutazone, which is above the permissible thresholds for these drugs when stacked together. The sample was taken from the Four (4) horse, "Forever Takes Time", which ran in the 3rd Race on 11/20/21, finishing first.

Mr. Barber elected not to have a split sample tested.

Pursuant to 178 W. Va. C.S.R. 1, section 24.11.o, The Stewards are authorized to take disciplinary action against a permit holder for violating any provision of the Thoroughbred Racing Rule.

Pursuant to section 51.1.a, of the Thoroughbred Racing Rule, 178 W.Va.C.S.R.1: "The trainer is the absolute insurer of and responsible for the condition of the horses he or she enters in an official workout or a race, regardless of the acts of third parties. Prohibited substances included controlled therapeutic medications in excess of established threshold concentrations as set forth in the Association of Racing Commissioners International Controlled Therapeutic Medication Schedule, Version 3.2., contained in Table 178-1 F of the Thoroughbred Racing Rule.

Pursuant to 178 W. Va. C.S.R. 1, Table 178-1 F., Because the amount of Flunixin and Phenylbutazone in "Forever Takes Time" exceeded the acceptable threshold set forth in Table 178-1 F, Mr. Barber may be held responsible and his occupational permit disciplined pursuant to 178 W. Va. C.S.R. 1, sections 49.4.a.2. and 51.1.a.

This Stacking violation is Mr. Barber's in this category for a medication/substance violation in a 365 days period.

The permit holder has accumulated 0 points under the multiple medication violation point system. Mr. Barber is assessed ¾ point for this medication/substance violation pursuant to section 49.3.m. of 178 W.Va.C.S.R.1.

This Stacking violation is Mr. Barber's in this category for a medication/substance violation in a 365 days period.

The permit holder has accumulated 0 points under the multiple medication violation point system. Mr. Barber is assessed ¾ point for this medication/substance violation pursuant to section 49.3.m. of 178 W.Va.C.S.R.1.

The Stewards determine the appropriate penalty for the underlying offense on a case by case basis by considering mitigating and aggravating factors. The following is an analysis of the factors set forth in section 49.1 of the Thoroughbred Racing Rule:

1. (Mitigating) The Permit holder’s past record: The permit holder has never had a medication violation in his life.
2. (Mitigating) The potential of the drug to influence the horse’s racing performance: Pursuant to 178 W. Va. C.S.R. 1, section 49.2.d, Class 4 drugs may influence performance, but generally have a more limited ability to do so. 3. **(Mitigating)** The legal availability of the drug: Flunixin and Phenylbutazone are legally available.

4. Whether there is reason to believe the permit holder knew of the administration of the drug or intentional administered the drug: Inasmuch as there was no hearing in this matter it was not established whether or not the permit holder knew of the administration of the drug, or the circumstances under which the drug may have been given. Therefore this factor is not considered in weighing the penalty in this case.

5. The steps taken by the trainer to safeguard the horse: Inasmuch as there was no hearing in this case it is unknown what efforts the trainer made to ensure that the treatment of the horse with Flunixin and Phenylbutazone was done within the withdrawal guidelines and dosing specifications set forth in 178 W. Va. C.S.R. 1, Table 178-1 F, so as to avoid a positive. Therefore this factor is not considered in weighing the penalty in this case.

6. The probability of environmental contamination exposure due to human use: This factor is not applicable to this case.

7. The purse of the race: The race in question was a Allowance race with a $30,800 purse. The Stewards place no weight, either aggravating or mitigating, based upon the purse in this case.

8. Whether the drug found was one for which the horse was receiving as a treatment as documented by the treating veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission: Inasmuch as there was no hearing in this matter it was not established whether or not the horse was being treated by a veterinarian with Flunixin and Phenylbutazone. Therefore, this factor is not considered in weighing the penalty in this case.

9. Whether there was any suspicious betting pattern in the race: There is no evidence of a suspicious betting pattern in this case and therefore, this factor is not considered in weighing the penalty in this case.

10. Whether the trainer was acting under the advice of a veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission: Inasmuch as there was no hearing in this matter it was not established whether or not the horse was being treated with Flunixin and Phenylbutazone by a veterinarian. Therefore, this factor is not considered in weighing the penalty in this case.

Based on the above, the Stewards hereby impose the following penalty for the underlying offense:

Mr. Barber will be fined Two Hundred Fifty Dollars (250.00)

All fines imposed by the Stewards shall be paid to the Racing Commission within Seven (7) days after the ruling is issued, unless otherwise ordered by the Stewards, Per West Virginia Rule of Racing Number 178-1-8.5.n.

On December 14, 2021, the Board of Stewards offered a hearing to Trainer, Kevin J. Joy, Permit #42715, DOB 03/18/1965 to which he waived his right to a hearing regarding a medication violation pertaining to his horse "Church of Many" who finished fourth (4th) in the fourth (4th) race on Thursday November 25, 2021.

The Stewards hereby find the following:

The official blood sample #E42715, taken on 11/25/21 was reported by Industrial Laboratories, the official testing laboratory, to contain Methocarbamol which is a Class 4 drug, with a C Penalty, designation. The permissible threshold for Methocarbamol is 1 ng/ml in blood. Sample #E42715 contained 3.1 ng/ml of the drug, which is above the permissible threshold for this drug. The sample was taken from the Three (3) horse, “Church of Many”, which ran in the 4th Race on 11/25/21, finishing Fourth (4th).

Mr. Joy elected not to have a split sample tested

Pursuant to 178 W. Va. C.S.R. 1, section 24.11.o, The Stewards are authorized to take disciplinary action against a permit holder for violating any provision of the Thoroughbred Racing Rule.

Pursuant to section 51.1.1a, of the Thoroughbred Racing Rule, 178 W.Va.C.S.R.1: “The trainer is the absolute insurer of and responsible for the condition of the horse or she enters in an official workout or a race, regardless of the acts of third parties. Pursuant to 178 W. Va. C.S.R. 1, Table 178-1 F, the post-race threshold for Methocarbamol is 1 ng.ml in the blood. Because the amount of Methocarbamol in “Church of Many” exceeded the acceptable threshold set forth in Table 178-1 F, Mr. Joy may be held responsible and his occupational permit disciplined pursuant to 178 W. Va. C.S.R. 1, sections 49.4.a. and 51.1.a.

The Methocarbamol positive in “Church of Many” is Mr. Joy’s First Offense in this category for a medication/substance violation in a 365 days period.

The permit holder has accumulated 0 points under the multiple medication violation point system as a result of the issuance of. Mr. Joy is assessed ½ point for this Methocarbamol medication/substance violation pursuant to section 49.3.m. of 178 of W.Va.C.S.R.1.

The Stewards determine the appropriate penalty for the underlying offense on a case by case basis by considering mitigating and aggravating factors. The following is an analysis of the factors set forth in section 49.1 of the Thoroughbred Racing Rule:

1. (Mitigating) The Permit holder’s past record: The permit holder has no violations in the last 365 days
2. (Mitigating) The potential of the drug to influence the horse’s racing performance: Pursuant to 178 W. Va. 6. The probability of environmental contamination exposure due to human use: This factor is not applicable to this case.

7. The purse of the race: The races in question was an Claiming race with a $13,200 purse. The Stewards place no weight, either aggravating or mitigating, based upon the purse in this case.

8. Whether the drug found was one for which the drug was receiving a treatment as documented by the treating veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission: Inasmuch as there was no hearing in this matter it was not established whether or not the horse was being treated by a veterinarian with Methocarbamol. Therefore, this factor is not considered in weighing the penalty in this case.

9. Whether there was any suspicious betting pattern in the race: There is no evidence of a suspicious betting pattern in this case and therefore, this factor is not considered in weighing the penalty in this case.

10. Whether the trainer was acting under the advice of a veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission: Inasmuch as there was no hearing in this matter it was not established whether or not the horse was being treated with Methocarbamol by a veterinarian. Therefore, this factor is not considered in weighing the penalty in this case.

Based on the above, the Stewards hereby impose the following penalty for the underlying offense: Mr. Joy’s horse “Church of Many” will be disqualified from all purse money and will have a total of ½ points on his record. With the Methocarbamol positive being his first medication violation in 365 days, Mr. Joy is fined $1000 dollars.
