DENVER K. BECKNER

ROY S. CAVE

CARLOS PARTIDA

RULING NUMBER #13**Trainer Timothy C. Kreiser****Permit #77960**

On **March 19, 2025** the Board of Stewards convened a hearing for **Trainer, Timothy C. Kreiser, Permit #77960 DOB 10/23/1963**. The official blood sample **#E565705** taken from the horse **"Alvy"** which finished **1st in the 7th race on Friday, January 24, 2025**, did contain **"Gabapentin"** at a concentration level of **5.7 ng/mL**. **Gabapentin** is a **Class 3** drug with a **Category B** penalty.

The Board of Stewards find the following:

Pursuant to **178 W. Va. C.S.R. 1, section 24.11.o**, the Stewards are authorized to take disciplinary action against a permit holder for violating any provision of the Thoroughbred Racing Rule. Pursuant to section **51.1.1a, of the Thoroughbred Racing Rule, 178 W.Va.C.S.R.1**: "The trainer is the absolute insurer of and responsible for the condition of the horses he or she enters in an official workout or a race, regardless of the acts of third parties. If testing or analysis of urine, blood or other bodily substances or tissues prove positive showing the presence of any prohibited drug, medication or substance, the trainer of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined. In addition, the owner of the horse, the foreman in charge of the horse, the groom, and any other person shown to have had the care, attendance of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined."

Pursuant to **178 W. Va. C.S.R. 1, section 49.4.a.2.**, a finding by a Racing Commission approved laboratory of a prohibited drug, chemical or other substance in a test specimen of a horse is prima facie evidence that the prohibited drug, chemical or other substance was administered to the horse, and in the case of a post-race test, was present in the horse's body while it was participating. Prohibited substances included controlled therapeutic medications in excess of established threshold concentrations as set forth in the Association of Racing Commissioners International Controlled Therapeutic Medication Schedule, Version 2.1., contained in Table 178-1 F of the Thoroughbred Racing Rule.

Pursuant to **178 W. Va. C.S.R. 1, Table 178-1 F**, there is no post-race threshold for **Gabapentin in urine or level of detection in plasma or serum**. Because of the presents of **Gabapentin in "Alvy" Mr. Kreiser** may be held responsible and his or her occupational permit disciplined pursuant to 178 W. Va. C.S.R. 1, sections 49.a.1. and 51.1.a.

The **Gabapentin** positive in **"Alvy"** is **Mr. Kreiser's First Offense** for a medication/substance violation carrying a **Category B** penalty in a 365 days period.

The permit holder has **0 points** under the multiple medication violation point system. **Mr. Kreiser** is assessed **4 points** for this **Gabapentin** medication/substance violation pursuant to section **49.3.m. of 178 of W.Va.C.S.R.1**.

The penalty guidelines set forth in **Table 178 1 E** of the Thoroughbred Racing Rule provide a minimum penalty of a **\$500 fine, 15 day Suspension and loss of purse**, for a **First Offense Class 3** violation carrying a **Category B**. The Stewards determine the appropriate penalty for the underlying offense on a case by case basis by considering mitigating and aggravating factors. The following is an analysis of the factors set forth in section 49.1 of the Thoroughbred Racing Rule:

- 1. (Mitigating) The Permit holders past record:** The permit holder's past record indicates this is his first violation carrying a **Category B** penalty in his lifetime. This is his first medical violation of any kind since 2010. This is a mitigating factor.
- 2. (Mitigating) The potential of the drug to influence the horse's racing performance:** Pursuant to 178 W. Va. C.S.R. 1, section 49.2.d. **Class 3** drugs may influence performance, but generally have a more limited ability to do so. This is a mitigating factor although it is always of concern to the Stewards when a horse tests in excess of a threshold set forth in the Thoroughbred Racing Rule inasmuch as such thresholds are designed to ensure that horses aren't racing under the effects of the medication; to allow a state veterinarian conducting a pre-race examination to have as clean a look at the horse as is possible to make sure that the horse does not have some condition that would cause it to harm itself if it races, and to ensure the integrity of racing so that horse aren't racing under the effect of a medication that could affect performance.]
- 3. (Mitigating) The legal availability of the drug: Gabapentin** is legally available.

- 4. Whether there is reason to believe the permit holder knew of the administration of the drug or intentional administered the drug:** The permit holder knew nothing of the administration of the drug, nor the circumstances under which the drug may have been given. Therefore this factor is considered in weighing the penalty in this case.
- 5. The steps taken by the trainer to safeguard the horse:** In this case it is unknown what efforts the trainer made to ensure that the treatment of the horse. Therefore this factor is not considered in weighing the penalty in this case.
- 6. The probability of environmental contamination exposure due to human use:** This factor is not applicable to this case.
- 7. The purse of the race:** The race in question was a **Starter Optional Claiming** race with a **\$20,600 purse**. The Stewards place no weight, either aggravating or mitigating, based upon the purse in this case.
- 8. Whether the drug found was one for which the horse was receiving a treatment as documented by the treating veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission:** Mr. Kreiser claims that this horse "Alvy" was not being treated with "Gabapentin" therefore, this factor is considered in weighing the penalty in this case.
- 9. Whether there was any suspicious betting pattern in the race:** There is no evidence of a suspicious betting pattern in this case and therefore, this factor is not considered in weighing the penalty in this case.
- 10. Whether the trainer was acting under the advice of a veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission:** Mr. Kreiser stated that he has never used or had any of his horses treated with Gabapentin. Therefore, this factor is considered in weighing the penalty in this case.

Based on the findings and **WV Rule of Racing 178-1-49.2.d Gabapentin** is a medication which is a **Class 3** with a **B Penalty**. Based on the above, the Stewards hereby impose the following penalty for the underlying offense: **Mr. Kreiser's horse "Alvy" will be disqualified from all purse monies and Mr. Kreiser will have a total of 4 points on his record.** With the "Gabapentin" positive being the first medication violation in 365 days, and due to the presence of mitigating circumstances the Board of Stewards imposes **15 days suspension** of Mr. Kreiser's license and fined **(\$500.00) Five hundred dollars**, The suspension is stayed under the stipulation that Mr. Kreiser will not have another Class B violation through September 19, 2025. (180 days), or the 15 days suspension will accompany any fines or suspensions for additional violations.

The horse "Alvy" is disqualified from all purse money. The distribution is as follows.

1. #4 Pit Stop Man
2. #3 Zen Master
3. #7 Al Loves Josie
4. #2 Subject to Change
5. #8 Ridiculous
6. #6 Battle of Bastogne

All fines imposed by the Stewards shall be paid to the Racing Commission within **Seven (7) days** after the ruling is issued, unless otherwise ordered by the Stewards, Per West Virginia Rule of Racing Number 178-1-8.5.n. You have the right to appeal this ruling to the Racing Commission. Your appeal must be received in the Commission Office within **20 days** of your receipt of this ruling and must include a security fee in the amount of **Five Hundred (\$500.00) Dollars**.

DENVER K. BECKNER

ROY S. CAVE

CARLOS A. PARTIDA

RULING #14

Trainer Murray L. Rojas

Permit #76725

On April 3, 2025, the Board of Stewards offered a hearing to Trainer, Murray L. Rojas, Permit #76725, DOB 01/13/1966, to which she waived her right to a hearing and elected not to send a split sample.

The Board of stewards find the following:

The official blood sample #E565946, taken on 03/21/2025 was reported by Industrial Laboratories, the official testing laboratory, to contain **Dexamethasone** which is a **Class 4** drug, with a **C Penalty** designation. Sample #E565946 contained **Dexamethasone** confirmed in the blood at **81.1 pg/mL**. The measurement uncertainty of the method is **0.58 pg/mL** at the threshold of **5 pg/mL**. The sample was taken from the **One (1) horse, "Over and Thunder"**, which ran in the **6th Race on 03/21/2025, finishing first.**

Pursuant to **178 W. Va. C.S.R. 1, section 24.11.o**, The Stewards are authorized to take disciplinary action against a permit holder for violating any provision of the Thoroughbred Racing Rule.

Pursuant to section **51.1.a, of the Thoroughbred Racing Rule, 178 W.Va.C.S.R.1**: "The trainer is the absolute insurer of and responsible for the condition of the horses he or she enters in an official workout or a race, regardless of the acts of third parties. If testing or analysis of urine, blood or other bodily substances or tissues prove positive showing the presence of any prohibited drug, medication or substance, the trainer of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined. In addition, the owner of the horse, the foreman in charge of the horse, the groom, and any other person shown to have had the care, attendance of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined."

Pursuant to **178 W. Va. C.S.R. 1, section 49.4.a.2.**, a finding by a Racing Commission approved laboratory of a prohibited drug, chemical or other substance in a test specimen of a horse is prima facie evidence that the prohibited drug, chemical or other substance was administered to the horse, and in the case of a post-race test, was present in the horse's body while it was participating. Prohibited substances included controlled therapeutic medications in excess of established threshold concentrations as set forth in the Association of Racing Commissioners International Controlled Therapeutic Medication Schedule, Version 3.2., contained in Table 178-1 F of the Thoroughbred Racing Rule.

Pursuant to **178 W. Va. C.S.R. 1, Table 178-1 F**, Because the amount of **Dexamethasone** in "**Over and Thunder**" exceeded the acceptable threshold set forth in **Table 178-1 F. Ms. Rojas** may be held responsible and her occupational permit disciplined pursuant to **178 W. Va. C.S.R. 1. sections 49.4.a.2. and 51.1.a.**

The **Dexamethasone** positive in "**Over and Thunder**" is **Ms. Rojas' First Offense** in this category for a medication/substance violation since 2014

The permit holder has accumulated **0 points** under the multiple medication violation point system as a result of this issuance. **Ms. Rojas** is assessed **½ point** for this **Dexamethasone** medication/substance violation pursuant to section **49.3.m. of 178 of W.Va.C.S.R.1.**

The Stewards determine the appropriate penalty for the underlying offense on a case by case basis by considering mitigating and aggravating factors. The following is an analysis of the factors set forth in section **49.1 of the Thoroughbred Racing Rule**:

1. **(Mitigating) The Permit holder's past record:** The permit holder has not had a violation in this class category since 2015.
2. **(Mitigating) The potential of the drug to influence the horse's racing performance:** Pursuant to **178 W. Va. C.S.R. 1, section 49.2.d, Class 4** drugs may influence performance, but generally have a more limited ability to do so. This is a mitigating factor although it is always of concern to the Stewards when a horse tests in excess of a threshold set forth in the Thoroughbred Racing Rule inasmuch as such thresholds are designed to ensure that horses aren't racing under the effects of the medication, to allow a state veterinarian conducting a pre-race examination to have as clean a look at the horse as is possible to make sure that the horse does not have some condition that would cause it to harm itself if it

racers, and to ensure the integrity of racing so that horse's aren't racing under the effect of a medication that could affect performance.

3. **(Mitigating) The legal availability of the oral application: Dexamethasone** is legally available.
4. **Whether there is reason to believe the permit holder knew of the administration of the drug or intentional administered the drug:** Inasmuch as there was no hearing in this matter it was not established whether or not the permit holder knew of the administration of the drug, nor the circumstances under which the drug may have been given. Therefore this factor is considered in weighing the penalty in this case.
5. **The probability of environmental contamination exposure due to human use:** This factor is not applicable to this case.
6. **The purse of the race:** The race in question was a **Claiming** race with a **\$13,800 purse**. The Stewards place no weight, either aggravating or mitigating, based upon the purse in this case.
7. **Whether the drug found was one for which the horse was receiving as a treatment as documented by the treating veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission:** Inasmuch as there was no hearing in this matter it was not established whether or not **"Over and Thunder"** was treated with **Dexamethasone** therefore, this factor is not considered in weighing the penalty in this case.
8. **Whether there was any suspicious betting pattern in the race:** There is no evidence of a suspicious betting pattern in this case and therefore, this factor is not considered in weighing the penalty in this case.

Based on the above, the Stewards hereby impose the following penalty for the underlying offense:

Ms. Rojas' horse "Over and Thunder" will be disqualified from all purse money, this disqualification is justified due to the irrefutable drug positive, and **Ms. Rojas will have a total of ½ points on her record**. The **Dexamethasone** positive, **being the first medication violation in this class category in 365 days**. **Ms. Rojas is fined \$1000.00 dollars**.

The horse "Over and Thunder" is disqualified from all purse money. Redistribution is as following:

1. #2 Chico Charlie
2. #8 Welling
3. #7 Practical Sense
4. #5 Brilliant Chase
5. #6 Award Nominated
6. #4 Captain Creed

All fines imposed by the Stewards shall be paid to the Racing Commission within **Seven (7) days** after the ruling is issued, unless otherwise ordered by the Stewards, Per West Virginia Rule of Racing Number 178-1-8.5.n.

You have the right to appeal this Ruling to the Racing Commission. Your appeal must be received in the Commission Office within 20 Days of your receipt of this Ruling and must include a security fee in the amount of \$500.00.

RULING #16**Trainer Jean L. Adorno****Permit #78616**

On **April 9, 2025**, the Board of Stewards offered a hearing to **Owner/Trainer, Jean L. Adorno, Permit #78616, DOB 02/22/1989**, to which he waived his right to a hearing and elected not to send a split sample.

The Board of stewards find the following:

The official blood sample **#E565983**, taken on **03/29/2025** was reported by Industrial Laboratories, the official testing laboratory, to contain **Dexamethasone** which is a **Class 4** drug, with a **C Penalty**, designation. Sample **#E565983** contained **Dexamethasone** confirmed in the blood at **12.2 pg/mL**. The measurement uncertainty of the method is **0.54 pg/mL** at the threshold of **5 pg/mL**. The sample was taken from the **Four (4) horse, "Peggy's Way"**, which ran in the **9th Race on 03/29/2025**, finishing first.

Pursuant to **178 W. Va. C.S.R. 1, section 24.11.o**, The Stewards are authorized to take disciplinary action against a permit holder for violating any provision of the Thoroughbred Racing Rule.

Pursuant to section **51.1.a, of the Thoroughbred Racing Rule, 178 W.Va.C.S.R.1**: "The trainer is the absolute insurer of and responsible for the condition of the horses he or she enters in an official workout or a race, regardless of the acts of third parties. If testing or analysis of urine, blood or other bodily substances or tissues prove positive showing the presence of any prohibited drug, medication or substance, the trainer of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined. In addition, the owner of the horse, the foreman in charge of the horse, the groom, and any other person shown to have had the care, attendance of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined."

Pursuant to **178 W. Va. C.S.R. 1, section 49.4.a.2.**, a finding by a Racing Commission approved laboratory of a prohibited drug, chemical or other substance in a test specimen of a horse is prima facie evidence that the prohibited drug, chemical or other substance was administered to the horse, and in the case of a post-race test, was present in the horse's body while it was participating. Prohibited substances included controlled therapeutic medications in excess of established threshold concentrations as set forth in the Association of Racing Commissioners International Controlled Therapeutic Medication Schedule, Version 3.2., contained in Table 178-1 F of the Thoroughbred Racing Rule.

Pursuant to **178 W. Va. C.S.R. 1, Table 178-1 F**, Because the amount of **Dexamethasone** in **"Peggy's Way"**, exceeded the acceptable threshold set forth in **Table 178-1 F**, **Mr. Adorno** may be held responsible and his occupational permit disciplined pursuant to **178 W. Va. C.S.R. 1, sections 49.4.a.2. and 51.1.a.**

The **Dexamethasone** positive in **"Peggy's Way"**, is **Mr. Adorno's First Offense** in this category for a medication/substance violation ever.

The permit holder has accumulated **0 points** under the multiple medication violation point system as a result of this issuance. **Mr. Adorno** is assessed **½ point** for this **Dexamethasone** medication/substance violation pursuant to section **49.3.m. of 178 of W.Va.C.S.R.1.**

The Stewards determine the appropriate penalty for the underlying offense on a case by case basis by considering mitigating and aggravating factors. The following is an analysis of the factors set forth in section **49.1 of the Thoroughbred Racing Rule**:

1. **(Mitigating) The Permit holder's past record:** The permit holder has not had a violation in this class category.
2. **(Mitigating) The potential of the drug to influence the horse's racing performance:** Pursuant to **178 W. Va. C.S.R. 1, section 49.2.d**, **Class 4** drugs may influence performance, but generally have a more limited ability to do so. This is a mitigating factor although it is always of concern to the Stewards when a horse tests in excess of a threshold set forth in the Thoroughbred Racing Rule inasmuch as such thresholds are designed to ensure that horses aren't racing under the effects of the medication, to allow a state veterinarian conducting a pre-race examination to have as clean a look at the horse as is possible to make sure that the horse does not have some condition that would cause it to harm itself if it

racers, and to ensure the integrity of racing so that horse's aren't racing under the effect of a medication that could affect performance.

3. **(Mitigating)** The legal availability of the oral application: **Dexamethasone** is legally available.
4. **Whether there is reason to believe the permit holder knew of the administration of the drug or intentional administered the drug:** Inasmuch as there was no hearing in this matter it was not established whether or not the permit holder knew of the administration of the drug, nor the circumstances under which the drug may have been given. Therefore this factor is considered in weighing the penalty in this case.
5. **The probability of environmental contamination exposure due to human use:** This factor is not applicable to this case.
6. **The purse of the race:** The race in question was a **Claiming** race with a **\$13,300 purse**. The Stewards place no weight, either aggravating or mitigating, based upon the purse in this case.
7. **Whether the drug found was one for which the horse was receiving as a treatment as documented by the treating veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission:** Inasmuch as there was no hearing in this matter it was not established whether or not **"Peggy's Way"** was treated with **Dexamethasone** therefore, this factor is not considered in weighing the penalty in this case.
8. **Whether there was any suspicious betting pattern in the race:** There is no evidence of a suspicious betting pattern in this case and therefore, this factor is not considered in weighing the penalty in this case.

Based on the above, the Stewards hereby impose the following penalty for the underlying offense:

Mr. Adorno's horse "Peggy's Way" will be disqualified from all purse money, this disqualification is justified due to the irrefutable drug positive, and **Mr. Adorno will have a total of ½ points on his record**. The **Dexamethasone** positive, **being the first medication violation in this class category in 365 days**. **Mr. Adorno is fined \$1000.00 dollars**.

The horse "Peggy's Way", is disqualified from all purse money. Redistribution is as following:

1. #8 Ding Ding
2. #1 Cherokee Castle
3. #9 O Shaughesey
4. #10 American Bound
5. #7 Emberly
6. #3 Martha's Heart

All fines imposed by the Stewards shall be paid to the Racing Commission within **Seven (7) days** after the ruling is issued, unless otherwise ordered by the Stewards, Per West Virginia Rule of Racing Number 178-1-8.5.n.

You have the right to appeal this Ruling to the Racing Commission. Your appeal must be received in the Commission Office within 20 Days of your receipt of this Ruling and must include a security fee in the amount of \$500.00.

RULING #17

Jockey, **Justin M. Lewis**, Permit: #77805, DOB: 09/19/2000 is hereby fined **\$500.00 (FIVE HUNDRED DOLLARS)** for violation of **Rule of Racing, Number 178-1-45.7.c.1**, which reads: "When the way is clear in a race, a horse may be ridden to any part of the course, but if any horse swerves, or is ridden to either side, so as to interfere with, impede or intimidate any other horse, it is a foul."

Jockey **Lewis** let his mount "**Kluyameanandnasty**" drift in down the stretch, taking the room away from "**O K Smarty Pants**" causing her rider to take up in the **Seventh Race, Saturday, April 19, 2025.**

"Kluyameanandnasty" was disqualified from Third (3rd) and placed Fifth (5th)

All fines imposed by the Stewards shall be paid to the Racing Commission within Seven (7) days after the ruling is issued, unless otherwise ordered by the Stewards, Per West Virginia **Rule of Racing Number 178-1-8.5.n.**

You have the right to appeal this ruling to the Racing Commission. Your appeal must be received in the Commission Office within 20 days of your receipt of this ruling and must include a security fee in the amount of Five Hundred (\$500.00) Dollars.

CARLOS A. PARTIDA

RULING #20

On **April 23, 2025**, the Board of Stewards notified **Owner/Trainer, Curtis W. Bass, Permit #74148 DOB 7/31/1962**, of a medication violation pertaining to his horse **“Crafty Windsor Cat”** who finished first (1st) in the ninth (9th) race on **Thursday April 10, 2025**.

The official sample **#E566026** taken on **April 10, 2025** was reported by Industrial Laboratories to contain **Benzoylecgonine**, in the blood. Pursuant to **Table 178-1 E** of the **Thoroughbred Racing Rule, 178 C.S.R. Benzoylecgonine** the main metabolite of cocaine, is a **Class 1** Drug, carrying a **Category A** penalty. The sample was taken from **“Crafty Windsor Cat”** which ran in **Race 9** on **April 10, 2025**, finishing **First (1st)**.

Mr. Bass waived his right to a hearing and elected not to send a split sample, the Board of Stewards finds the following.

Pursuant to section **49.4.a.1.** of the **Thoroughbred Racing Rule, 178 C.S.R. 1**, a finding by a Racing Commission approved laboratory of a prohibited drug, chemical or other substance in a post-race test specimen of a horse is prima facie evidence that the prohibited drug, chemical or other substance was present in the horse’s body while it was participating in a race. **Benzoylecgonine**, confirmed to be present in **“Crafty Windsor Cat”** body while it was participating in a race, is a drug or medication for which no acceptable threshold concentration has been established by the West Virginia Racing Commission.

Additionally, as the trainer of **“Crafty Windsor Cat”** **Curtis W. Bass** is the absolute insurer of and responsible for the condition of the horse he entered in the **9th race** at Charles Town who ran on **April 10, 2024. 178 C.S.R. 1, § 51.1.a.**

The Board of Stewards concludes that while **Mr. Bass** is responsible for the positive in **“Crafty Windsor Cat”** under **§ 51.1.a.** and the presence of the drug has been established to have been in the horse during the **9th race on April 10, 2025** there are mitigating factors which cause the Stewards to impose no penalty against **Mr. Bass’** permit in this matter. Those factors are as follows:

Mr. Bass’ past record as a permit holder is good in that he has never had a medication violation in any jurisdiction since his first license in 2018.

The amount of **Benzoylecgonine** found in the horse is a trace level which lends credibility to the probability that the horse was inadvertently exposed to the drug in some manner. Based upon an evaluation of the evidence, the Stewards conclude that the positive is attributable to inadvertent exposure.

There is no reason to believe that **Mr. Bass** knew of or caused the drug to be administered to the horse.

178 C.S.R. 1, §49.10.a, the Stewards are explicitly authorized to consider inadvertent exposure as a factor in determining medication violations. Further, pursuant to **§49.1.**, the Stewards are to determine medication violations on a case by case basis and may determine to impose no penalty against a trainer's permit, if warranted.

Weighing and balancing these factors, the Board of Stewards find that while **Mr. Bass** is held responsible for the positive in this case, the Stewards shall impose no penalty against **Mr. Bass'** permit. Therefore, the standard penalty for a first offense **Class A** medication violation (one-year suspension/\$10,000.00 fine) is not imposed in this matter. In addition, the Stewards do not impose the 6 Multiple Medication Violation points that would typically be imposed under **§ 49.3.m.** of the Thoroughbred Racing Rule.

Because "**Crafty Windsor Cat**" was found to have carried **Benzoyllecgonine** in its system during the running of the race, the purse of the race is ordered to be **Forfeited** and "**Crafty Windsor Cat**" is **Disqualified** from its **(1st) first place** finish in the **ninth (9th)** race on **April 10, 2025**. This disqualification is justified due to the irrefutable drug positive, even though **Mr. Bass'** permit was not disciplined in this matter. Although it is likely that the horse carried the drug in its system due to inadvertent exposure, it nonetheless carried the drug in its system which necessitates the disqualification to ensure the integrity of racing and to instill confidence in the betting public. The order of finish is hereby re-ordered as follows:

1. **#10 Let's Do This**
2. **#1 Mad Swann**
3. **#7 Princess Margaret**
4. **#8 Luzia**
5. **#3 Miss Argentina**
- 6 **#6 Silver Rules**

You have the right to appeal this Ruling to the Racing Commission. Your appeal must be received in the Commission Office within 20 days of your receipt of this Ruling and must include a security fee in the amount of \$500.00.

RULING #42

Trainer: Angelo Jackson

Permit #74564

On July 15, 2025, the Board of Stewards offered a hearing to Owner/Trainer, Angelo Jackson, Permit #74564, DOB 08/15/1964, to which he waived his right to a hearing and elected not to send a split sample.

The Board of stewards find the following:

The official blood sample #E566357, taken on 06/27/2025 was reported by Industrial Laboratories, the official testing laboratory, to contain Dexamethasone which is a Class 4 drug, with a C Penalty, designation. Sample #E566357 contained Dexamethasone confirmed in the blood at 13 pg/mL. The measurement uncertainty of the method is 0.67 pg/mL at the threshold of 5 pg/mL. The sample was taken from the Two (2) horse, "Eyesonthe candy", which ran in the 1st Race on 06/27/2025, finishing first.

Pursuant to 178 W. Va. C.S.R. 1, section 24.11.o, The Stewards are authorized to take disciplinary action against a permit holder for violating any provision of the Thoroughbred Racing Rule.

Pursuant to section 51.1.a, of the Thoroughbred Racing Rule, 178 W.Va.C.S.R.1: "The trainer is the absolute insurer of and responsible for the condition of the horses he or she enters in an official workout or a race, regardless of the acts of third parties. If testing or analysis of urine, blood or other bodily substances or tissues prove positive showing the presence of any prohibited drug, medication or substance, the trainer of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined. In addition, the owner of the horse, the foreman in charge of the horse, the groom, and any other person shown to have had the care, attendance of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined."

Pursuant to 178 W. Va. C.S.R. 1, section 49.4.a.2., a finding by a Racing Commission approved laboratory of a prohibited drug, chemical or other substance in a test specimen of a horse is prima facie evidence that the prohibited drug, chemical or other substance was administered to the horse, and in the case of a post-race test, was present in the horse's body while it was participating. Prohibited substances included controlled therapeutic medications in excess of established threshold concentrations as set forth in the Association of Racing Commissioners International Controlled Therapeutic Medication Schedule, Version 3.2., contained in Table 178-1 F of the Thoroughbred Racing Rule.

Pursuant to 178 W. Va. C.S.R. 1, Table 178-1 F, Because the amount of Dexamethasone in "Eyesonthe candy", exceeded the acceptable threshold set forth in Table 178-1 F. Mr. Jackson may be held responsible and his occupational permit disciplined pursuant to 178 W. Va. C.S.R. 1. sections 49.4.a.2. and 51.1.a.

The Dexamethasone positive in "Eyesonthe candy", is Mr. Jackson's First Offense in this category for a medication/substance violation ever.

The permit holder has accumulated 0 points under the multiple medication violation point system as a result of this issuance. Mr. Jackson is assessed ½ point for this Dexamethasone medication/substance violation pursuant to section 49.3.m. of 178 of W.Va.C.S.R.1.

The Stewards determine the appropriate penalty for the underlying offense on a case by case basis by considering mitigating and aggravating factors. The following is an analysis of the factors set forth in section 49.1 of the Thoroughbred Racing Rule:

1. **(Mitigating) The Permit holder's past record:** The permit holder has not had a violation in this class category.
2. **(Mitigating) The potential of the drug to influence the horse's racing performance:** Pursuant to 178 W. Va. C.S.R. 1, section 49.2.d, Class 4 drugs may influence performance, but generally have a more limited ability to do so. This is a mitigating factor although it is always of concern to the Stewards when a horse tests in excess of a threshold set forth in the Thoroughbred Racing Rule inasmuch as such thresholds are designed to ensure that horses aren't racing under the effects of the medication, to allow a state veterinarian conducting a pre-race examination to have as clean a look at the horse as is possible to make sure that the horse does not have some condition that would cause it to harm itself if it

racers, and to ensure the integrity of racing so that horse's aren't racing under the effect of a medication that could affect performance.

3. **(Mitigating) The legal availability of the oral application: Dexamethasone** is legally available.
4. **Whether there is reason to believe the permit holder knew of the administration of the drug or intentional administered the drug:** Inasmuch as there was no hearing in this matter it was not established whether or not the permit holder knew of the administration of the drug, nor the circumstances under which the drug may have been given. Therefore this factor is considered in weighing the penalty in this case.
5. **The probability of environmental contamination exposure due to human use:** This factor is not applicable to this case.
6. **The purse of the race:** The race in question was a **Maiden/Claiming** race with a **\$13,700** purse. The Stewards place no weight, either aggravating or mitigating, based upon the purse in this case.
7. **Whether the drug found was one for which the horse was receiving as a treatment as documented by the treating veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission:** Inasmuch as there was no hearing in this matter it was not established whether or not **"Eyesonthecandy"** was treated with **Dexamethasone** therefore, this factor is not considered in weighing the penalty in this case.
8. **Whether there was any suspicious betting pattern in the race:** There is no evidence of a suspicious betting pattern in this case and therefore, this factor is not considered in weighing the penalty in this case.

Based on the above, the Stewards hereby impose the following penalty for the underlying offense:

Mr. Jackson's horse "Eyesonthecandy" will be disqualified from all purse money, this disqualification is justified due to the irrefutable drug positive, and **Mr. Jackson will have a total of ½ points on his record**. The **Dexamethasone** positive, **being the first medication violation in this class category in 365 days**. **Mr. Jackson is fined \$1000.00 dollars**.

The horse **"Eyesonthecandy"**, is disqualified from all purse money. Redistribution is as following:

1. #3 Aim to Please
2. #4 Tina's Back
3. #1 Count the Flowers
4. #6 Ginger Twist
5. #7 Vieste
6. #5 Enriqueta

All fines imposed by the Stewards shall be paid to the Racing Commission within **Seven (7) days** after the ruling is issued, unless otherwise ordered by the Stewards, Per West Virginia Rule of Racing Number 178-1-8.5.n.

You have the right to appeal this Ruling to the Racing Commission. Your appeal must be received in the Commission Office within 20 Days of your receipt of this Ruling and must include a security fee in the amount of \$500.00.

RULING #44

Owner/Trainer, Cynthia E. McKee

Permit #77443

On July 25, 2025, the Board of Stewards offered a hearing to Owner/Trainer, Cynthia E. McKee, Permit #77443, DOB 10/27/1957 to which she waived her right to a hearing regarding a medication violation pertaining to her horse "Overnight Pow Wow" who finished first (1st) in the third (3rd) race on Saturday, July 5, 2025.

The Stewards hereby find the following:

The official blood sample #E566393, taken on 7/05/25 was reported by Industrial Laboratories, the official testing laboratory, to contain **Methylprednisolone** which is a **Class 4** drug, with a **C Penalty**, designation. The permissible threshold for **Methylprednisolone** is **100 pg/ml** in blood. Sample #E566393 contained **153 pg/ml** of the drug, which is above the permissible threshold for this drug. The sample was taken from the **Seven (7) horse, "Overnight Pow Wow"**, which ran in the **8th Race on 4/25/25, finishing First (1st)**.

Ms. McKee elected not to have a split sample tested

Pursuant to **178 W. Va. C.S.R. 1, section 24.11.o**, The Stewards are authorized to take disciplinary action against a permit holder for violating any provision of the Thoroughbred Racing Rule.

Pursuant to section **51.1.1a, of the Thoroughbred Racing Rule, 178 W.Va.C.S.R.1**: "The trainer is the absolute insurer of and responsible for the condition of the horses he or she enters in an official workout or a race, regardless of the acts of third parties. If testing or analysis of urine, blood or other bodily substances or tissues prove positive showing the presence of any prohibited drug, medication or substance, the trainer of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined. In addition, the owner of the horse, the foreman in charge of the horse, the groom, and any other person shown to have had the care, attendance of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined."

Pursuant to **178 W. Va. C.S.R. 1, section 49.4.a.2.**, a finding by a Racing Commission approved laboratory of a prohibited drug, chemical or other substance in a test specimen of a horse is prima facie evidence that the prohibited drug, chemical or other substance was administered to the horse, and in the case of a post-race test, was present in the horse's body while it was participating. Prohibited substances included controlled therapeutic medications in excess of established threshold concentrations as set forth in the Association of Racing Commissioners International Controlled Therapeutic Medication Schedule, Version 2.1., contained in Table 178-1 F of the Thoroughbred Racing Rule

Pursuant to **178 W. Va. C.S.R. 1, Table 178-1 F**, the post-race threshold for **Methylprednisolone** is **100 pg.ml** in the blood. Because the amount of **Methylprednisolone** in "**Overnight Pow Wow**", exceeded the acceptable threshold set forth in **Table 178-1 F**, Ms. McKee may be held responsible and her occupational permit disciplined pursuant to **178 W. Va. C.S.R. 1, sections 49.a.1. and 51.1.a.**

The **Methylprednisolone** positive in "**Overnight Pow Wow**", is Ms. McKee's **Second Offense** in this category for a medication/substance violation in a 365 days period.

The permit holder has accumulated **1/2 points** under the multiple medication violation point system as a result of the issuance of. Ms. McKee is assessed **½ point** for this **Methylprednisolone** medication/substance violation pursuant to section **49.3.m. of 178 of W.Va.C.S.R.1.**

The Stewards determine the appropriate penalty for the underlying offense on a case by case basis by considering mitigating and aggravating factors. The following is an analysis of the factors set forth in section **49.1 of the Thoroughbred Racing Rule**:

1. **(Mitigating) The Permit holder's past record:** The permit holder has one violation in the last 365 days. This was Ms. McKee's only medication violation in her 44 year career.
2. **(Mitigating) The potential of the drug to influence the horse's racing performance:** Pursuant to 178 W. Va. C.S.R. 1, section 49.2.d, Class 4 drugs may influence performance, but generally have a more limited ability to do so. This is a mitigating factor although it is always of concern to the Stewards when a horse tests in excess of a threshold set forth in

the Thoroughbred Racing Rule inasmuch as such thresholds are designed to ensure that horses aren't racing under the effects of the medication; to allow a state veterinarian conducting a pre-race examination to have as clean a look at the horse as is possible to make sure that the horse does not have some condition that would cause it to harm itself if it races, and to ensure the integrity of racing so that horse aren't racing under the effect of a medication that could affect performance.]

3. **(Mitigating) The legal availability of the drug: Methylprednisolone** is legally available.
4. **Whether there is reason to believe the permit holder knew of the administration of the drug or intentional administered the drug:** Inasmuch as there was no hearing in this matter it was not established whether or not the permit holder knew of the administration of the drug, or the circumstances under which the drug may have been given. Therefore this factor is not considered in weighing the penalty in this case.
5. **The steps taken by the trainer to safeguard the horse:** Inasmuch as there was no hearing in this case it is unknown what efforts the trainer made to ensure that the treatment of the horse with **Methylprednisolone** was done within the withdrawal guidelines and dosing specifications set forth in **178 W. Va. C.S.R. 1, Table 178-1 F**, so as to avoid a positive. Therefore this factor is not considered in weighing the penalty in this case.
6. **The probability of environmental contamination exposure due to human use:** This factor is not applicable to this case.
7. **The purse of the race:** The races in question was an Allowance race with a \$29,800 purse. The Stewards place no weight, either aggravating or mitigating, based upon the purse in this case.
8. **Whether the drug found was one for which the drug was receiving a treatment as documented by the treating veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission:** Inasmuch as there was no hearing in this matter the trainer stated that the horse was not being treated by a veterinarian with **Methylprednisolone**. Therefore, this factor is considered in weighing the penalty in this case.
9. **Whether there was any suspicious betting pattern in the race:** There is no evidence of a suspicious betting pattern in this case and therefore, this factor is not considered in weighing the penalty in this case.
10. **Whether the trainer was acting under the advice of a veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission:** Inasmuch as there was no hearing in this matter but **Ms. McKee** stated in our meeting that the horse was not being treated with **Methylprednisolone** by a veterinarian. Therefore, this factor is considered in weighing the penalty in this case.

Based on the above, the Stewards hereby impose the following penalty for the underlying offense: **Ms. McKee's horse "Overnight Pow Wow", will be disqualified from all purse monies and will have a total of ½ points on her record. With the Methylprednisolone positive being her second medication violation in 365 days, Ms. McKee is fined \$3000 dollars. The suspension is stayed under the stipulation that Ms. McKee will not have another violation through May 13, 2026. She cannot have any medication violations, or the 15 days suspension will accompany any fines or suspensions for additional violations.**

Re-Distribution is as following.

1. #6 Molly Factor
2. #2 Coal Country
3. #3 Kluvyameanandnasty
4. #1 Ghostly Squal
5. #5 O K Smarty Pants
6. #4 Iheartrainacomm

You have the right to appeal this Ruling to the Racing Commission. Your appeal must be received in the Commission Office within 20 Days of your receipt of this Ruling and must include a security fee in the amount of \$500.00

RULING #45**Owner / Trainer Michael Sandoval****Permit #76903**

On July 29, 2025, Owner / Trainer, Michael Sandoval, permit #76903, having been properly noticed for a formal hearing waived his right to a hearing and elected not to send a split sample.

The Board of stewards find the following:

The official blood sample #E566407, taken on 07/10/2025 was reported by Industrial Laboratories, the official testing laboratory, to contain Dexamethasone which is a Class 4 drug, with a C Penalty, designation. Sample #E566407 contained Dexamethasone confirmed in the blood at 6.26 pg/mL. The measurement uncertainty of the method is 0.62 pg/mL at the threshold of 5 pg/mL. The sample was taken from the number four (4) horse, "Claw", which ran in the 1st Race on 07/10/2025, finishing first.

Pursuant to 178 W. Va. C.S.R. 1, section 24.11.0, The Stewards are authorized to take disciplinary action against a permit holder for violating any provision of the Thoroughbred Racing Rule.

Pursuant to section 51.1. a, of the Thoroughbred Racing Rule, 178 W.Va.C.S.R.1: "The trainer is the absolute insurer of and responsible for the condition of the horses he or she enters in an official workout or a race, regardless of the acts of third parties. If testing or analysis of urine, blood or other bodily substances or tissues prove positive showing the presence of any prohibited drug, medication or substance, the trainer of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined. In addition, the owner of the horse, the foreman in charge of the horse, the groom, and any other person shown to have had the care, attendance of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined."

Pursuant to 178 W. Va. C.S.R. 1, section 49.4.a.2., a finding by a Racing Commission approved laboratory of a prohibited drug, chemical or other substance in a test specimen of a horse is prima facie evidence that the prohibited drug, chemical or other substance was administered to the horse, and in the case of a post-race test, was present in the horse's body while it was participating. Prohibited substances included controlled therapeutic medications in excess of established threshold concentrations as set forth in the Association of Racing Commissioners International Controlled Therapeutic Medication Schedule, Version 3.2., contained in Table 178-1 F of the Thoroughbred Racing Rule.

Pursuant to 178 W. Va. C.S.R. 1, Table 178-1 F, Because the amount of Dexamethasone in "Claw", exceeded the acceptable threshold set forth in Table 178-1 F. Mr. Sandoval may be held responsible and his occupational permit disciplined pursuant to 178 W. Va. C.S.R. 1. sections 49.4. a.2. and 51.1.a.

The Dexamethasone positive in the horse named "Claw", is Mr. Sandoval's first offense in this category for a medication/substance violation in the previous 365 days.

The permit holder has accumulated 1/2 points under the multiple medication violation point system as a result of this issuance. Mr. Sandoval is assessed 1/2 point for this Dexamethasone medication/substance violation pursuant to section 49.3. m. of 178 of W.Va.C.S.R.1.

The Stewards determine the appropriate penalty for the underlying offense on a case by case basis by considering mitigating and aggravating factors. The following is an analysis of the factors set forth in section 49.1 of the Thoroughbred Racing Rule:

1. **(Mitigating)** The Permit holder's past record: The permit holder has not had a violation in this class category.
2. **(Mitigating)** The potential of the drug to influence the horse's racing performance: Pursuant to 178 W. Va. C.S.R. 1, section 49.2.d, Class 4 drugs may influence performance, but generally have a more limited ability to do so. This is a mitigating factor although it is always of concern to the Stewards when a horse tests in excess of a threshold set forth in the Thoroughbred Racing Rule inasmuch as such thresholds are designed to ensure that horses aren't racing under the effects of the medication, to allow a state veterinarian conducting a pre-race examination to have as clean a look at the horse as is possible to make sure that the horse does not have some condition that would cause it to harm itself if it

aces, and to ensure the integrity of racing so that horses aren't racing under the effect of a medication that could affect performance.

3. (Mitigating) The legal availability of the oral application: Dexamethasone is legally available.
4. Whether there is reason to believe the permit holder knew of the administration of the drug or intentional administered the drug: Inasmuch as there was no hearing in this matter it was not established whether the permit holder knew of the administration of the drug, nor the circumstances under which the drug may have been given. Therefore, this factor is considered in weighing the penalty in this case.
5. The probability of environmental contamination exposure due to human use: This factor is not applicable to this case.
6. The purse of the race: The race in question was a Claiming race with a \$14,400 purse. The Stewards place no weight, either aggravating or mitigating, based upon the purse in this case.
7. Whether the drug found was one for which the horse was receiving as a treatment as documented by the treating veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission: Inasmuch as there was no hearing in this matter it was not established whether or not "Claw" was treated with Dexamethasone therefore, this factor is not considered in weighing the penalty in this case.
8. Whether there was any suspicious betting pattern in the race: There is no evidence of a suspicious betting pattern in this case and therefore, this factor is not considered in weighing the penalty in this case.

Based on the above, the Stewards hereby impose the following penalty for the underlying offense:

Mr. Sandoval's horse "Claw" will be disqualified from all purse money, this disqualification is justified due to the irrefutable drug positive, and Mr. Sandoval will have a total of 1/2 points on his record. The Dexamethasone positive, being the first medication violation in this class category in 365 days. Mr. Sandoval is fined \$1000.00 dollars.

The horse "Claw" is disqualified from all purse money. Redistribution is as following:

1. #3 Imperial King
2. #2 Tizafastbullet
3. #6 Drew d'Oro
4. #1 Gabriel Seven
5. #7 Stellars in Charge
6. #5 Starlite Walker

All fines imposed by the Stewards shall be paid to the Racing Commission within Seven (7) days after the ruling is issued, unless otherwise ordered by the Stewards, Per West Virginia Rule of Racing Number 178-1-8.5. n.

You have the right to appeal this Ruling to the Racing Commission. Your appeal must be received in the Commission Office within 20 Days of your receipt of this Ruling and must include a security fee in the amount of \$500.00.

RULING #47

Owner/Trainer Christopher M. Keller

Permit #74511

On August 9, 2025, the Board of Stewards offered a hearing to Owner/Trainer, Christopher M. Keller, Permit #74511, DOB 08/10/1975 to which he waived his right to a hearing regarding a medication violation pertaining to his horse "Double Spirit" who finished first (1st) in the sixth (6th) race on Friday, July 18, 2025.

The Stewards hereby find the following: The official blood sample #E566444, taken on 07/18/2025 was reported by Industrial Laboratories, the official testing laboratory, to contain Hydroxyethylpromazine sulfoxide which are Class 3 drugs, with a B Penalty, designation. Sample #E566444 contained Hydroxyethylpromazine sulfoxide confirmed in urine at 83.2ng/ml. The sample was taken from the Two (2) horse, "Double Spirit" which ran in the 6th Race on 07/18/2025, finishing first.

Mr. Keller elected not to have a split sample tested. The Board of Stewards find the following:

Pursuant to 178 W. Va. C.S.R. 1, section 24.11.o, The Stewards are authorized to take disciplinary action against a permit holder for violating any provision of the Thoroughbred Racing Rule.

Pursuant to section 51.1.a, of the Thoroughbred Racing Rule, 178 W.Va.C.S.R.1: "The trainer is the absolute insurer of and responsible for the condition of the horses he or she enters in an official workout or a race, regardless of the acts of third parties. If testing or analysis of urine, blood or other bodily substances or tissues prove positive showing the presence of any prohibited drug, medication or substance, the trainer of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined. In addition, the owner of the horse, the foreman in charge of the horse, the groom, and any other person shown to have had the care, attendance of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined."

Pursuant to 178 W. Va. C.S.R. 1, section 49.4.a.2., a finding by a Racing Commission approved laboratory of a prohibited drug, chemical or other substance in a test specimen of a horse is prima facie evidence that the prohibited drug, chemical or other substance was administered to the horse, and in the case of a post-race test, was present in the horse's body while it was participating. Prohibited substances included controlled therapeutic medications in excess of established threshold concentrations as set forth in the Association of Racing Commissioners International Controlled Therapeutic Medication Schedule, Version 3.2., contained in Table 178-1 F of the Thoroughbred Racing Rule.

Pursuant to 178 W. Va. C.S.R. 1, Table 178-1 F, Because the amount of Hydroxyethylpromazine sulfoxide in "Double Spirit" exceeded the acceptable threshold set forth in Table 178-1 F. Mr. Keller may be held responsible and his occupational permit disciplined pursuant to 178 W. Va. C.S.R. 1, sections 49.4.a.2. and 51.1.a.

The Hydroxyethylpromazine sulfoxide positive in "Double Spirit" is Mr. Keller's First Offense in this category for a medication/substance violation in a 365 days period.

The permit holder has accumulated 0 points under the multiple medication violation point system as a result of this issuance. Mr. Keller is assessed 2 points for this Hydroxyethylpromazine sulfoxide medication/substance violation pursuant to section 49.3.m. of 178 of W.Va.C.S.R.1.

The Stewards determine the appropriate penalty for the underlying offense on a case by case basis by considering mitigating and aggravating factors. The following is an analysis of the factors set forth in section 49.1 of the Thoroughbred Racing Rule:

1. **(Mitigating) The Permit holder's past record:** The permit holder has no violations in any class category during a training career dating back to 1999.
2. **(Mitigating) The potential of the drug to influence the horse's racing performance:** Pursuant to 178 W. Va. C.S.R. 1, section 49.2.d, Class 3 drugs may influence performance, but generally have a more limited ability to do so. This is a mitigating factor although it is always of concern to the Stewards when a horse tests in excess of a threshold set forth in the Thoroughbred Racing Rule inasmuch as such thresholds are designed to ensure that horses aren't racing under the effects of the medication, to allow a state veterinarian conducting a pre-race examination to have as clean a look at the horse as is possible to make sure that the horse does not have some condition that would cause it to harm itself if it

ances, and to ensure the integrity of racing so that horse's aren't racing under the effect of a medication that could affect performance.

3. **(Mitigating) The legal availability of the oral application: Hydroxyethylpromazine sulfoxide** is legally available.
4. **Whether there is reason to believe the permit holder knew of the administration of the drug or intentional administered the drug:** Inasmuch as there was no hearing in this matter it was not established whether or not the permit holder knew of the administration of the drug, or the circumstances under which the drug may have been given. Therefore this factor is not considered in weighing the penalty in this case.
5. **The steps taken by the trainer to safeguard the horse:** Inasmuch as there was no hearing in this case it is unknown what efforts the trainer made to ensure that the treatment of the horse with **Hydroxyethylpromazine sulfoxide** was done within the withdrawal guidelines and dosing specifications set forth in **178 W. Va. C.S.R. 1, Table 178-1 F**, so as to avoid a positive. Therefore this factor is not considered in weighing the penalty in this case.
6. **The probability of environmental contamination exposure due to human use:** This factor is not applicable to this case.
7. **The purse of the race:** The race in question was a Maiden race with a **\$30,600 purse**. The Stewards place no weight, either aggravating or mitigating, based upon the purse in this case.
8. **Whether the drug found was one for which the horse was receiving as a treatment as documented by the treating veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission:** Inasmuch as there was no hearing in this matter it was not established whether or not the horse was being treated by a veterinarian with **Hydroxyethylpromazine sulfoxide** therefore, this factor is not considered in weighing the penalty in this case.
9. **Whether there was any suspicious betting pattern in the race:** There is no evidence of a suspicious betting pattern in this case and therefore, this factor is not considered in weighing the penalty in this case.

Based on the above, the Stewards hereby impose the following penalty for the underlying offense:

Mr. Keller's horse "Double Spirit" will be disqualified from all purse money and Mr. Keller will have a total of 2 points on his record. With the **Hydroxyethylpromazine sulfoxide** positive being the first medication violation in 365 days, and due to the presence of mitigating circumstances the Board of Stewards imposes **15 days suspension** of **Mr. Keller's** license and fined **(\$1000) One Thousand dollars**, **The suspension is stayed under the stipulation that Mr. Keller will not have another violation through January 14, 2026. (180 days) He cannot have any medication violations, or the 15 days suspension will accompany any fines or suspensions for additional violations.**

The horse "Double Spirit" is disqualified from all purse money. Redistribution is as following:

1. #4 Beautiful Town
2. #8 Lil Rainwater
3. #1 Beach Blonde
4. #3 Girl zero
5. #5 Elevated Power
6. #6 Great Moon

All fines imposed by the Stewards shall be paid to the Racing Commission within **Seven (7) days** after the ruling is issued, unless otherwise ordered by the Stewards, Per West Virginia Rule of Racing Number 178-1-8.5.n.

You have the right to appeal this Ruling to the Racing Commission. Your appeal must be received in the Commission Office within 20 Days of your receipt of this Ruling and must include a security fee in the amount of \$500.00.

Dated: August 12, 2025

RULING #48

Jockey, **Arnaldo Bocachica**, Permit: #74968, DOB: 06/20/1988 is hereby fined **\$500.00 (FIVE HUNDRED DOLLARS)** for violation of **Rule of Racing, Number 178-1-45.7.c.1**, which reads: "When the way is clear in a race, a horse may be ridden to any part of the course, but if any horse swerves, or is ridden to either side, so as to interfere with, impede or intimidate any other horse, it is a foul." And 45.7.c.2. The offending horse may be disqualified, if in the opinion of the stewards, the foul altered the finish of the race, regardless of whether the foul was accidental, willful or the result of careless riding.

Jockey **Bocachica** let his mount "**Golden Key**" drift in running across the chute into the stretch impeding with "**Summerstateofmind**", in the **Third Race, Saturday, August 16, 2025**.

"Golden Key" was disqualified from First (1st) and placed Second (2nd)

All fines imposed by the Stewards shall be paid to the Racing Commission within Seven (7) days after the ruling is issued, unless otherwise ordered by the Stewards, Per West Virginia **Rule of Racing Number 178-1-8.5.n**.

You have the right to appeal this ruling to the Racing Commission. Your appeal must be received in the Commission Office within 20 days of your receipt of this ruling and must include a security fee in the amount of Five Hundred (\$500.00) Dollars.
