

RULING #53

Apprentice/Jockey, **Victor T. Lara**, Permit: #81367, DOB: 10/22/1995 is hereby fined **\$500.00 (FIVE HUNDRED DOLLARS)** for violation of **Rule of Racing, Number 178-1-45.7.c.1**, which reads: "When the way is clear in a race, a horse may be ridden to any part of the course, but if any horse swerves, or is ridden to either side, so as to interfere with, impede or intimidate any other horse, it is a foul." And 45.7.c.2. The offending horse may be disqualified, if in the opinion of the stewards, the foul altered the finish of the race, regardless of whether the foul was accidental, willful or the result of careless riding.

Jockey **Lara** let his mount "**Madam Senator**" angle in nearing the head of the stretch impeding with "**Don't Blink**" in the **Fourth Race, Saturday, September 27, 2025**.

"Madam Sunshine" was disqualified from First (1st) and placed Fourth(4th)

All fines imposed by the Stewards shall be paid to the Racing Commission within Seven (7) days after the ruling is issued, unless otherwise ordered by the Stewards, Per West Virginia **Rule of Racing Number 178-1-8.5.n**.

You have the right to appeal this ruling to the Racing Commission. Your appeal must be received in the Commission Office within 20 days of your receipt of this ruling and must include a security fee in the amount of Five Hundred (\$500.00) Dollars.

RULING #54

Trainer Mark A. Shanley

Permit #83335

On **October 4, 2025**, the Board of Stewards offered a hearing to **Trainer, Mark A. Shanley, Permit #83335, DOB 06/10/1983**, to which he waived his right to a hearing and elected not to send a split sample.

The Board of stewards find the following:

The official blood sample **#E566686**, taken on **09/13/2025** was reported by Industrial Laboratories, the official testing laboratory, to contain **Dexamethasone** which is a **Class 4** drug, with a **C Penalty**, designation. Sample **#E566686** contained **Dexamethasone** confirmed in the blood at **12.9 pg/mL**. The measurement uncertainty of the method is **0.56 pg/mL** at the threshold of **5 pg/mL**. The sample was taken from the **Four (4) horse, "Wishful Thoughts"** which ran in the **2nd Race on 09/13/2025**, finishing first.

Pursuant to **178 W. Va. C.S.R. 1, section 24.11.o**, The Stewards are authorized to take disciplinary action against a permit holder for violating any provision of the Thoroughbred Racing Rule.

Pursuant to section **51.1.a, of the Thoroughbred Racing Rule, 178 W.Va.C.S.R.1**: "The trainer is the absolute insurer of and responsible for the condition of the horses he or she enters in an official workout or a race, regardless of the acts of third parties. If testing or analysis of urine, blood or other bodily substances or tissues prove positive showing the presence of any prohibited drug, medication or substance, the trainer of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined. In addition, the owner of the horse, the foreman in charge of the horse, the groom, and any other person shown to have had the care, attendance of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined."

Pursuant to **178 W. Va. C.S.R. 1, section 49.4.a.2.**, a finding by a Racing Commission approved laboratory of a prohibited drug, chemical or other substance in a test specimen of a horse is prima facie evidence that the prohibited drug, chemical or other substance was administered to the horse, and in the case of a post-race test, was present in the horse's body while it was participating. Prohibited substances included controlled therapeutic medications in excess of established threshold concentrations as set forth in the Association of Racing Commissioners International Controlled Therapeutic Medication Schedule, Version 3.2., contained in Table 178-1 F of the Thoroughbred Racing Rule.

Pursuant to **178 W. Va. C.S.R. 1, Table 178-1 F**, Because the amount of **Dexamethasone** in **"Wishful Thoughts"** exceeded the acceptable threshold set forth in **Table 178-1 F**. **Mr. Shanley** may be held responsible and his occupational permit disciplined pursuant to **178 W. Va. C.S.R. 1, sections 49.4.a.2. and 51.1.a.**

The **Dexamethasone** positive in **"Wishful Thoughts"** is **Mr. Shanley's First Offense** in this category for a medication/substance violation in 365 days.

The permit holder has accumulated **0 points** under the multiple medication violation point system as a result of this issuance. **Mr. Shanley** is assessed **½ point** for this **Dexamethasone** medication/substance violation pursuant to section **49.3.m. of 178 of W.Va.C.S.R.1.**

The Stewards determine the appropriate penalty for the underlying offense on a case by case basis by considering mitigating and aggravating factors. The following is an analysis of the factors set forth in section **49.1 of the Thoroughbred Racing Rule**:

1. **(Mitigating) The Permit holder's past record:** The permit holder has not had a violation in this class category.
2. **(Mitigating) The potential of the drug to influence the horse's racing performance:** Pursuant to **178 W. Va. C.S.R. 1, section 49.2.d**, **Class 4** drugs may influence performance, but generally have a more limited ability to do so. This is a mitigating factor although it is always of concern to the Stewards when a horse tests in excess of a threshold set forth in the Thoroughbred Racing Rule inasmuch as such thresholds are designed to ensure that horses aren't racing under the effects of the medication, to allow a state veterinarian conducting a pre-race examination to have as clean a look at the horse as is possible to make sure that the horse does not have some condition that would cause it to harm itself if it

racers, and to ensure the integrity of racing so that horse's aren't racing under the effect of a medication that could affect performance.

3. **(Mitigating) The legal availability of the oral application: Dexamethasone** is legally available.
4. **Whether there is reason to believe the permit holder knew of the administration of the drug or intentional administered the drug:** Inasmuch as there was no hearing in this matter it was not established whether or not the permit holder knew of the administration of the drug, nor the circumstances under which the drug may have been given. Therefore this factor is considered in weighing the penalty in this case.
5. **The probability of environmental contamination exposure due to human use:** This factor is not applicable to this case.
6. **The purse of the race:** The race in question was a **Claiming** race with a **\$12,400 purse**. The Stewards place no weight, either aggravating or mitigating, based upon the purse in this case.
7. **Whether the drug found was one for which the horse was receiving as a treatment as documented by the treating veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission:** Inasmuch as there was no hearing in this matter it was not established whether or not "Wishful Thoughts" was treated with **Dexamethasone** therefore, this factor is not considered in weighing the penalty in this case.
8. **Whether there was any suspicious betting pattern in the race:** There is no evidence of a suspicious betting pattern in this case and therefore, this factor is not considered in weighing the penalty in this case.

Based on the above, the Stewards hereby impose the following penalty for the underlying offense:

Mr. Shanley's horse "Wishful Thoughts" will be disqualified from all purse money, this disqualification is justified due to the irrefutable drug positive, and **Mr. Shanley will have a total of ½ points on his record**. The **Dexamethasone** positive, being the first medication violation in this class category in 365 days. **Mr. Shanley is fined \$1000.00 dollars**.

The horse "Wishful Thoughts" is disqualified from all purse money. Redistribution is as following:

1. #6 Shuffle
2. #2 Tup's to Take
3. #3 Monkey Wrench
4. #1 Shiney Ghost
5. #5 Best Hop is a Drop

All fines imposed by the Stewards shall be paid to the Racing Commission within **Seven (7) days** after the ruling is issued, unless otherwise ordered by the Stewards, Per West Virginia Rule of Racing Number 178-1-8.5.n.

You have the right to appeal this Ruling to the Racing Commission. Your appeal must be received in the Commission Office within 20 Days of your receipt of this Ruling and must include a security fee in the amount of \$500.00.

RULING #55

Owner/Trainer, **Alfred H. Scott Jr.**, Permit: **#79906** DOB: **03/21/1959**, the official sample **#E566701** taken from the runner **"She's So Speighty"** who finished **first (1st)** in the **First (1st)** race on **Friday September 19, 2025**, was reported by Industrial Testing Laboratory to contain **Phenylbutazone** above the authorized levels. Specifically, the blood sample contained **2.35 ug/mL**. The measurement uncertainty at the threshold is **0.2.4 ug/ml at the threshold 2.00 ug/mL**

The Stewards conclude that **Mr. Scott** has violated section(s) **178-1-49.6.a** and **178-1-49.4.a.2**, which reads: "Controlled therapeutic medications in excess of established threshold concentrations as set forth in the Association of Racing Commissioners International Controlled Therapeutic Medication Schedule, Version 3.2, contained in table **178-1F** at the end of this rule".

However, the Stewards determine the appropriate penalty on a case by case basis by considering the mitigating/aggravating factors.

Based on the above, the penalty on **Mr. Scott** will be a warning with no suspension, fine, or points.

You have the right to appeal this Ruling to the Racing Commission. Your appeal must be received in the Commission Office within 20 Days of your receipt of this Ruling and must include a security fee in the amount of \$500.

RULING #58

Owner/Trainer, Javier Contreras

Permit #83110

On **October 9, 2025**, the Board of Stewards offered a hearing to **Owner/Trainer, Javier Contreras, Permit #83110, DOB 06/25/1988** to which he waived his right to a hearing regarding a medication violation pertaining to his horse **"First Print"** who finished first (1st) in the fifth (5th) race on **Thursday September 25, 2025**.

The Stewards hereby find the following:

The official blood sample **#E566725**, taken on **09/25/25** was reported by **Industrial Laboratories**, the official testing laboratory, to contain **Methocarbamol** which is a Class 4 drug, with a C Penalty, designation. The permissible threshold for **Methocarbamol** is **1 ng/ml** in blood. Sample **#E566725** contained **3.35 ng/ml** of the drug, which is above the permissible threshold for this drug. The sample was taken from the **Three (3) horse, "First Print"**, which ran in the **5th Race on 09/25/25, finishing First (1st)**

Mr. Contreras elected not to have a split sample tested

Pursuant to **178 W. Va. C.S.R. 1, section 24.11.o**, The Stewards are authorized to take disciplinary action against a permit holder for violating any provision of the Thoroughbred Racing Rule.

Pursuant to section **51.1.1a, of the Thoroughbred Racing Rule, 178 W.Va.C.S.R.1**: "The trainer is the absolute insurer of and responsible for the condition of the horses he or she enters in an official workout or a race, regardless of the acts of third parties. If testing or analysis of urine, blood or other bodily substances or tissues prove positive showing the presence of any prohibited drug, medication or substance, the trainer of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined. In addition, the owner of the horse, the foreman in charge of the horse, the groom, and any other person shown to have had the care, attendance of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined."

Pursuant to **178 W. Va. C.S.R. 1, section 49.4.a.2.**, a finding by a Racing Commission approved laboratory of a prohibited drug, chemical or other substance in a test specimen of a horse is prima facie evidence that the prohibited drug, chemical or other substance was administered to the horse, and in the case of a post-race test, was present in the horse's body while it was participating. Prohibited substances included controlled therapeutic medications in excess of established threshold concentrations as set forth in the Association of Racing Commissioners International Controlled Therapeutic Medication Schedule, Version 2.1., contained in Table 178-1 F of the Thoroughbred Racing Rule

Pursuant to **178 W. Va. C.S.R. 1, Table 178-1 F**, the post-race threshold for **Methocarbamol** is **1 ng.ml** in the blood. Because the amount of **Methocarbamol** in **"First Print"** exceeded the acceptable threshold set forth in **Table 178-1 F**, **Mr. Contreras** may be held responsible and his occupational permit disciplined pursuant to **178 W. Va. C.S.R. 1, sections 49.a.1. and 51.1.a.**

The **Methocarbamol** positive in **"First Print"** is **Mr. Contreras' First Offense** in this category for a medication/substance violation in a 365 days period.

The permit holder has accumulated **0 points** under the multiple medication violation point system as a result of the issuance of. **Mr. Contreras** is assessed **½ point** for this **Methocarbamol** medication/substance violation pursuant to section **49.3.m. of 178 of W.Va.C.S.R.1.**

The Stewards determine the appropriate penalty for the underlying offense on a case by case basis by considering mitigating and aggravating factors. The following is an analysis of the factors set forth in section **49.1 of the Thoroughbred Racing Rule**:

1. **(Mitigating) The Permit holder's past record:** The permit holder has no violations in the last 365 days
2. **(Mitigating) The potential of the drug to influence the horse's racing performance:** Pursuant to 178 W. Va. C.S.R. 1, section 49.2.d, Class 4 drugs may influence performance, but generally have a more limited ability to do so. This is a mitigating factor although it is always of concern to the Stewards when a horse tests in excess of a threshold set forth in the Thoroughbred Racing Rule inasmuch as such thresholds are designed to ensure that horses aren't racing under the effects of the medication; to allow a state veterinarian conducting a pre-race examination to have as clean a look at the horse as is possible to make sure that the horse does not have some condition that would cause it to harm itself if it

racers, and to ensure the integrity of racing so that horse aren't racing under the effect of a medication that could affect performance.]

3. **(Mitigating) The legal availability of the drug: Methocarbamol** is legally available.
4. **Whether there is reason to believe the permit holder knew of the administration of the drug or intentional administered the drug:** Inasmuch as there was no hearing in this matter it was not established whether or not the permit holder knew of the administration of the drug, or the circumstances under which the drug may have been given. Therefore this factor is not considered in weighing the penalty in this case.
5. **The steps taken by the trainer to safeguard the horse:** Inasmuch as there was no hearing in this case it is unknown what efforts the trainer made to ensure that the treatment of the horse with **Methocarbamol** was done within the withdrawal guidelines and dosing specifications set forth in **178 W. Va. C.S.R. 1, Table 178-1 F**, so as to avoid a positive. Therefore this factor is not considered in weighing the penalty in this case.
6. **The probability of environmental contamination exposure due to human use:** This factor is not applicable to this case.
7. **The purse of the race:** The races in question was an **Allowance** race with a **\$31,700 purse**. The Stewards place no weight, either aggravating or mitigating, based upon the purse in this case.
8. **Whether the drug found was one for which the drug was receiving a treatment as documented by the treating veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission:** Inasmuch as there was no hearing in this matter it was not established whether or not the horse was being treated by a veterinarian with **Methocarbamol**. Therefore, this factor is not considered in weighing the penalty in this case.
9. **Whether there was any suspicious betting pattern in the race:** There is no evidence of a suspicious betting pattern in this case and therefore, this factor is not considered in weighing the penalty in this case.
10. **Whether the trainer was acting under the advice of a veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission:** Inasmuch as there was no hearing in this matter it was not established whether or not the horse was being treated with **Methocarbamol** by a veterinarian. Therefore, this factor is not considered in weighing the penalty in this case.

Based on the above, the Stewards hereby impose the following penalty for the underlying offense: **Mr. Contreras' horse "First Print" will be disqualified from all purse money and will have a total of ½ points on his record. With the Methocarbamol positive being his first medication violation in 365 days, Mr. Contreras is fined \$1000 dollars.**

The horse "First Print" is disqualified from all purse money; Re-Distribution is as following.

1. #7 Moonlight Mistress
2. #5 Lil Knockout
3. #8 Medallion of Ash
4. #4 Grand Intentions
5. #1 Funding the Kids

RULING #65**Owner/Trainer James W. King Jr.****Permit #82862**

On **October 25, 2025**, the Board of Stewards offered a hearing to **Owner/Trainer, James W. King Jr. , Permit #82862, DOB 05/16/1954**, to which he waived his right to a hearing and elected not to send a split sample.

The Board of stewards find the following:

The official blood sample **#E566800**, taken on **10/09/2025** was reported by Industrial Laboratories, the official testing laboratory, to contain **Dexamethasone** which is a **Class 4** drug, with a **C Penalty**, designation. Sample **#E566800** contained **Dexamethasone** confirmed in the blood at **8.78 pg/mL**. The measurement uncertainty of the method is **0.57 pg/mL** at the threshold of **5 pg/mL**. The sample was taken from the **Six (6) horse, "Castle Toy"** which ran in the **8th Race on 10/09/2025**, finishing first.

Pursuant to **178 W. Va. C.S.R. 1, section 24.11.o**, The Stewards are authorized to take disciplinary action against a permit holder for violating any provision of the Thoroughbred Racing Rule.

Pursuant to section **51.1.a, of the Thoroughbred Racing Rule, 178 W.Va.C.S.R.1**: "The trainer is the absolute insurer of and responsible for the condition of the horses he or she enters in an official workout or a race, regardless of the acts of third parties. If testing or analysis of urine, blood or other bodily substances or tissues prove positive showing the presence of any prohibited drug, medication or substance, the trainer of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined. In addition, the owner of the horse, the foreman in charge of the horse, the groom, and any other person shown to have had the care, attendance of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined."

Pursuant to **178 W. Va. C.S.R. 1, section 49.4.a.2.**, a finding by a Racing Commission approved laboratory of a prohibited drug, chemical or other substance in a test specimen of a horse is prima facie evidence that the prohibited drug, chemical or other substance was administered to the horse, and in the case of a post-race test, was present in the horse's body while it was participating. Prohibited substances included controlled therapeutic medications in excess of established threshold concentrations as set forth in the Association of Racing Commissioners International Controlled Therapeutic Medication Schedule, Version 3.2., contained in Table 178-1 F of the Thoroughbred Racing Rule.

Pursuant to **178 W. Va. C.S.R. 1, Table 178-1 F**, Because the amount of **Dexamethasone** in "**Castle Toy**" exceeded the acceptable threshold set forth in **Table 178-1 F**. **Mr. King** may be held responsible and his occupational permit disciplined pursuant to **178 W. Va. C.S.R. 1. sections 49.4.a.2. and 51.1.a.**

The **Dexamethasone** positive in "**Castle Toy**" is **Mr. King's First Offense** in this category for a medication/substance violation in 365 days.

The permit holder has accumulated **0 points** under the multiple medication violation point system as a result of this issuance. **Mr. King** is assessed **½ point** for this **Dexamethasone** medication/substance violation pursuant to section **49.3.m. of 178 of W.Va.C.S.R.1.**

The Stewards determine the appropriate penalty for the underlying offense on a case by case basis by considering mitigating and aggravating factors. The following is an analysis of the factors set forth in section **49.1 of the Thoroughbred Racing Rule**:

1. **(Mitigating) The Permit holder's past record:** The permit holder has not had a violation in this class category.
2. **(Mitigating) The potential of the drug to influence the horse's racing performance:** Pursuant to **178 W. Va. C.S.R. 1, section 49.2.d**, **Class 4** drugs may influence performance, but generally have a more limited ability to do so. This is a mitigating factor although it is always of concern to the Stewards when a horse tests in excess of a threshold set forth in the Thoroughbred Racing Rule inasmuch as such thresholds are designed to ensure that horses aren't racing under the effects of the medication, to allow a state veterinarian conducting a pre-race examination to have as clean a look at the horse as is possible to make sure that the horse does not have some condition that would cause it to harm itself if it

racers, and to ensure the integrity of racing so that horse's aren't racing under the effect of a medication that could affect performance.

3. **(Mitigating)** The legal availability of the oral application: Dexamethasone is legally available.
4. **Whether there is reason to believe the permit holder knew of the administration of the drug or intentional administered the drug:** Inasmuch as there was no hearing in this matter it was not established whether or not the permit holder knew of the administration of the drug, nor the circumstances under which the drug may have been given. Therefore this factor is considered in weighing the penalty in this case.
5. **The probability of environmental contamination exposure due to human use:** This factor is not applicable to this case.
6. **The purse of the race:** The race in question was a **Claiming** race with a **\$14,600** purse. The Stewards place no weight, either aggravating or mitigating, based upon the purse in this case.
7. **Whether the drug found was one for which the horse was receiving as a treatment as documented by the treating veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission:** Inasmuch as there was no hearing in this matter it was not established whether or not "Castle Toy" was treated with **Dexamethasone** therefore, this factor is not considered in weighing the penalty in this case.
8. **Whether there was any suspicious betting pattern in the race:** There is no evidence of a suspicious betting pattern in this case and therefore, this factor is not considered in weighing the penalty in this case.

Based on the above, the Stewards hereby impose the following penalty for the underlying offense:

Mr. King's horse "Castle Toy" will be disqualified from all purse money, this disqualification is justified due to the irrefutable drug positive, and **Mr. King will have a total of ½ points on his record**. The **Dexamethasone** positive, **being the first medication violation in this class category in 365 days**. **Mr. King is fined \$1000.00 dollars**.

The horse "Castle Toy" is disqualified from all purse money. Redistribution is as following:

1. #3 Ding Ding
2. #4 Shewearsstilettos
3. #7 Whiskey Wild
4. #8 Watch Me Disappear
5. #9 Cowgirl Attitude
6. #1 Bali Hai

All fines imposed by the Stewards shall be paid to the Racing Commission within **Seven (7) days** after the ruling is issued, unless otherwise ordered by the Stewards, Per West Virginia Rule of Racing Number 178-1-8.5.n.

You have the right to appeal this Ruling to the Racing Commission. Your appeal must be received in the Commission Office within 20 Days of your receipt of this Ruling and must include a security fee in the amount of \$500.00.

RULING #70

On **November 11, 2025** the Board of Stewards conducted a hearing regarding allegations set forth in a notice of hearing issued on **November 7, 2025** to Owner/Trainer **Kieron Magee**, Permit #80101 DOB 1/15/1961. **Mr. Magee** was not present in person but did testified telephonically before the Board of Stewards. **Mr. Magee** was not represented by council. The Board of Stewards hereby finds the following:

The official sample #E566810 taken on **October 10, 2025** was reported by Industrial Laboratories to contain **O-Desmethyl Venlafaxine**, in the urine. Pursuant to **Table 178-1 E** of the **Thoroughbred Racing Rule, 178 C.S.R. O-Desmethyl Venlafaxine**, is a **Class 2 Drug**, carrying a **Category A** penalty. The sample was taken from "**Head of the Class**", which ran in **Race 8** on **October 10, 2025**, finishing **First (1st)**. The horse is owned by **Double Deez Stable Inc.**

After notification to **Mr. Magee**, he declined split sample testing.

Pursuant to section **49.4.a.1.** of the **Thoroughbred Racing Rule, 178 C.S.R. 1**, a finding by a Racing Commission approved laboratory of a prohibited drug, chemical or other substance in a post-race test specimen of a horse is prima facie evidence that the prohibited drug, chemical or other substance was present in the horse's body while it was participating in a race. **O-Desmethyl Venlafaxine**, confirmed to be present in "**Head of the Class**" body while it was participating in a race, is a drug or medication for which no acceptable threshold concentration has been established by the West Virginia Racing Commission.

Additionally, as the trainer of "**Head of the Class**" **Kieron Magee** is the absolute insurer of and responsible for the condition of the horse he entered in the **8th race** at Charles Town who ran on **October 10, 2025. 178 C.S.R. 1, § 51.1.a.**

The Board of Stewards concludes that while **Mr. Magee** is responsible for the positive in "**Head of the Class**" under **§ 51.1.a.** and the presence of the drug has been established to have been in the horse during the **8th race** on **October 10, 2025** there are mitigating factors which cause the Stewards to impose no penalty against **Mr. Magee's** permit in this matter. Those factors are as follows:

Mr. Magee's past record as a permit holder is good in that he has no medication violations in any jurisdiction since 2021.

The amount of **O-Desmethyl Venlafaxine** found in the horse is a trace level which lends credibility to the probability that the horse was inadvertently exposed to the drug in some manner. Based upon an evaluation of the evidence, the Stewards conclude that the positive is attributable to inadvertent exposure.

There is no reason to believe that **Mr. Magee** knew of or caused the drug to be administered to the horse.

178 C.S.R. 1, §49.10.a, the Stewards are explicitly authorized to consider inadvertent exposure as a factor in determining medication violations. Further, pursuant to **§49.1.**, the Stewards are to determine medication violations on a case by case basis and may determine to impose no penalty against a trainer's permit, if warranted.

Weighing and balancing these factors, the Board of Stewards find that while **Mr. Magee** is held responsible for the positive in this case, the Stewards shall impose no penalty against **Mr. Magee's** permit. Therefore, the standard penalty for a first offense **Class A** medication violation (one year suspension/\$10,000.00 fine) is not imposed in this matter. In addition, the Stewards do not impose the 6 Multiple Medication Violation points that would typically be imposed under **§ 49.3.m.** of the Thoroughbred Racing Rule.

Because "**Head of the Class**" was found to have carried **O-Desmethyl Venlafaxine** in its system during the running of the race, the purse of the race is ordered to be **Forfeited** and "**Head of the Class**" is **Disqualified** from its (1st) **first place** finish in the **eighth (8th) race on October 10, 2025**. This disqualification is justified due to the irrefutable drug positive, even though **Mr. Magee's** permit was not disciplined in this matter. Although it is likely that the horse carried the drug in its system due to inadvertent exposure, it nonetheless carried the drug in its system which necessitates the disqualification to ensure the integrity of racing and to instill confidence in the betting public. The order of finish is hereby re-ordered as follows:

1. #7 Bottoms Up
2. #6 Idiosyncrasies
3. #3 Super Lino
4. #4 Aldarightricks
5. #1 Ellinger
6. #8 Skylar's Brother

You have the right to appeal this Ruling to the Racing Commission. Your appeal must be received in the Commission Office within 20 days of your receipt of this Ruling and must include a security fee in the amount of \$500.00.

And 45.7.c.2. The offending horse may be disqualified, if in the opinion of the stewards, the foul altered the finish of the race, regardless of whether the foul was accidental, willful or the result of careless riding.

Jockey **Maldonado** let his mount "**Judith's Cross**" continue to angle out down the stretch impeding with "**Rare Ruby**" in the **Second Race, Thursday, November 13, 2025**.
