

RULING #1

Owner/Trainer David J. Rose

Permit #85669

On January 6, 2025, the Board of Stewards offered a hearing to Owner/Trainer, David J. Rose, Permit #85669, DOB 11/20/1970, to which he waived his right to a hearing and elected not to send a split sample.

The Board of stewards find the following:

The official blood sample #E567116, taken on 12/12/2025 was reported by Industrial Laboratories, the official testing laboratory, to contain Dexamethasone which is a Class 4 drug, with a C Penalty, designation. Sample #E567116 contained Dexamethasone confirmed in the blood at 56.7 pg/mL. The measurement uncertainty of the method is 0.60 pg/mL at the threshold of 5 pg/mL. The sample was taken from the Ten (10) horse, "Karthian Dream" which ran in the 2nd Race on 12/12/2025, finishing first.

Pursuant to 178 W. Va. C.S.R. 1, section 24.11.o, The Stewards are authorized to take disciplinary action against a permit holder for violating any provision of the Thoroughbred Racing Rule.

Pursuant to section 51.1.a, of the Thoroughbred Racing Rule, 178 W.Va.C.S.R.1: "The trainer is the absolute insurer of and responsible for the condition of the horses he or she enters in an official workout or a race, regardless of the acts of third parties. If testing or analysis of urine, blood or other bodily substances or tissues prove positive showing the presence of any prohibited drug, medication or substance, the trainer of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined. In addition, the owner of the horse, the foreman in charge of the horse, the groom, and any other person shown to have had the care, attendance of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined."

Pursuant to 178 W. Va. C.S.R. 1, section 49.4.a.2., a finding by a Racing Commission approved laboratory of a prohibited drug, chemical or other substance in a test specimen of a horse is prima facie evidence that the prohibited drug, chemical or other substance was administered to the horse, and in the case of a post-race test, was present in the horse's body while it was participating. Prohibited substances included controlled therapeutic medications in excess of established threshold concentrations as set forth in the Association of Racing Commissioners International Controlled Therapeutic Medication Schedule, Version 3.2., contained in Table 178-1 F of the Thoroughbred Racing Rule.

Pursuant to 178 W. Va. C.S.R. 1, Table 178-1 F, Because the amount of Dexamethasone in "Karthian Dream" exceeded the acceptable threshold set forth in Table 178-1 F. Mr. Rose may be held responsible and his occupational permit disciplined pursuant to 178 W. Va. C.S.R. 1. sections 49.4.a.2. and 51.1.a.

The Dexamethasone positive in "Karthian Dream" is Mr. Rose's First Offense in this category for a medication/substance violation in 365 days.

The permit holder has accumulated 0 points under the multiple medication violation point system as a result of this issuance. Mr. Rose is assessed ½ point for this Dexamethasone medication/substance violation pursuant to section 49.3.m. of 178 of W.Va.C.S.R.1.

The Stewards determine the appropriate penalty for the underlying offense on a case by case basis by considering mitigating and aggravating factors. The following is an analysis of the factors set forth in section 49.1 of the Thoroughbred Racing Rule:

1. **(Mitigating) The Permit holder's past record:** The permit holder has not had a violation in this class category.
2. **(Mitigating) The potential of the drug to influence the horse's racing performance:** Pursuant to 178 W. Va. C.S.R. 1, section 49.2.d, Class 4 drugs may influence performance, but generally have a more limited ability to do so. This is a mitigating factor although it is always of concern to the Stewards when a horse tests in excess of a threshold set forth in the Thoroughbred Racing Rule inasmuch as such thresholds are designed to ensure that horses aren't racing under the effects of the medication, to allow a state veterinarian conducting a pre-race examination to have as clean a look at the horse as is possible to make sure that the horse does not have some condition that would cause it to harm itself if it

racers, and to ensure the integrity of racing so that horse's aren't racing under the effect of a medication that could affect performance.

3. **(Mitigating) The legal availability of the oral application: Dexamethasone** is legally available.
4. **Whether there is reason to believe the permit holder knew of the administration of the drug or intentional administered the drug:** Inasmuch as there was no hearing in this matter it was not established whether or not the permit holder knew of the administration of the drug, nor the circumstances under which the drug may have been given. Therefore this factor is considered in weighing the penalty in this case.
5. **The probability of environmental contamination exposure due to human use:** This factor is not applicable to this case.
6. **The purse of the race:** The race in question was a **Claiming** race with a **\$12,400 purse**. The Stewards place no weight, either aggravating or mitigating, based upon the purse in this case.
7. **Whether the drug found was one for which the horse was receiving as a treatment as documented by the treating veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission:** Inasmuch as there was no hearing in this matter it was not established whether or not "Karpathan Dream" was treated with **Dexamethasone** therefore, this factor is not considered in weighing the penalty in this case.
8. **Whether there was any suspicious betting pattern in the race:** There is no evidence of a suspicious betting pattern in this case and therefore, this factor is not considered in weighing the penalty in this case.

Based on the above, the Stewards hereby impose the following penalty for the underlying offense:

Mr. Rose's horse "Karpathan Dream" will be disqualified from all purse money, this disqualification is justified due to the irrefutable drug positive, and **Mr. Rose will have a total of a ¼ point on his record**. The **Dexamethasone** positive, **being the first medication violation** in this class category in 365 days. **Mr. Rose is fined \$1000.00 dollars.**

The horse "Karpathan Dream" is disqualified from all purse money. Redistribution is as following:

1. #7 Dream Street Rose
2. #6 Hannahs Red Ruby
3. #9 Just Have Faith
4. #4 Cut Him Loose
5. #2 Lil Sweezey
6. #8 Mitole Candy

All fines imposed by the Stewards shall be paid to the Racing Commission within **Seven (7) days** after the ruling is issued, unless otherwise ordered by the Stewards, Per West Virginia Rule of Racing Number 178-1-8.5.n.

You have the right to appeal this Ruling to the Racing Commission. Your appeal must be received in the Commission Office within 20 Days of your receipt of this Ruling and must include a security fee in the amount of \$500.00.

Dated: January 6, 2026

RULING #2

Jockey, **Juan M. Nunez**, Permit: #83359, DOB: 07/15/1999 is hereby fined **\$500.00 (FIVE HUNDRED DOLLARS)** for violation of **Rule of Racing, Number 178-1-45.7.c.1**, which reads: "When the way is clear in a race, a horse may be ridden to any part of the course, but if any horse swerves, or is ridden to either side, so as to interfere with, impede or intimidate any other horse, it is a foul." And **45.7.c.2**. The offending horse may be disqualified, if in the opinion of the stewards, the foul altered the finish of the race, regardless of whether the foul was accidental, willful or the result of careless riding.

Jockey **Nunez** let his mount "**Marilyn Moonroe**" drift in nearing the top of the stretch taking the room away from "**Diakonissa**" forcing that rival to take causing a chain reaction eventually causing "**Xanthe**" to clip heels and fall in the **Seventh Race, Saturday, January 3, 2026**.

"Marilyn Moonroe" was disqualified from Third (3rd) and placed Ninth(9th)

All fines imposed by the Stewards shall be paid to the Racing Commission within Seven (7) days after the ruling is issued, unless otherwise ordered by the Stewards, Per West Virginia **Rule of Racing Number 178-1-8.5.n**.

You have the right to appeal this ruling to the Racing Commission. Your appeal must be received in the Commission Office within 20 days of your receipt of this ruling and must include a security fee in the amount of Five Hundred (\$500.00) Dollars.

RULING #3

Jockey, **Christian J. Maldonado**, Permit: #81054, DOB: 09/04/2003 is hereby fined **\$250.00 (TWO HUNDRED AND FIFTY DOLLARS)** for violation of **Rule of Racing, Number 178-1-45.7.c.1**, which reads: "When the way is clear in a race, a horse may be ridden to any part of the course, but if any horse swerves, or is ridden to either side, so as to interfere with, impede or intimidate any other horse, it is a foul." And 45.7.c.2. The offending horse may be disqualified, if in the opinion of the stewards, the foul altered the finish of the race, regardless of whether the foul was accidental, willful or the result of careless riding.

Jockey **Maldonado** let his mount **"Count The Flowers"** angle in down the stretch impeding with **"Verdi's Surprise"** in the **Fourth Race, Thursday, January 8, 2026.**

"Count the Flowers" was disqualified from Second (2nd) and placed Fifth (5th)

All fines imposed by the Stewards shall be paid to the Racing Commission within Seven (7) days after the ruling is issued, unless otherwise ordered by the Stewards, Per West Virginia **Rule of Racing Number 178-1-8.5.n.**

You have the right to appeal this ruling to the Racing Commission. Your appeal must be received in the Commission Office within 20 days of your receipt of this ruling and must include a security fee in the amount of Five Hundred (\$500.00) Dollars.

RULING #4**Trainer: Angelo Jackson****Permit #83271**

On **January 27, 2026**, the Board of Stewards offered a hearing to **Owner/Trainer, Angelo Jackson, Permit #83271, DOB 08/15/1964**, to which he waived his right to a hearing and elected not to send a split sample.

The Board of stewards find the following:

The official blood sample **#E567142**, taken on **01/03/2026** was reported by Industrial Laboratories, the official testing laboratory, to contain **Dexamethasone** which is a **Class 4** drug, with a **C Penalty**, designation. Sample **#E567142** contained **Dexamethasone** confirmed in the blood at **29 pg/mL**. The measurement uncertainty of the method is **0.69 pg/mL** at the threshold of **5 pg/mL**. The sample was taken from the **Five (5) horse, "No Direction"** which ran in the **1st Race on 01/03/2026, finishing first**.

Pursuant to **178 W. Va. C.S.R. 1, section 24.11.o**, The Stewards are authorized to take disciplinary action against a permit holder for violating any provision of the Thoroughbred Racing Rule.

Pursuant to section **51.1.a, of the Thoroughbred Racing Rule, 178 W.Va.C.S.R.1**: "The trainer is the absolute insurer of and responsible for the condition of the horses he or she enters in an official workout or a race, regardless of the acts of third parties. If testing or analysis of urine, blood or other bodily substances or tissues prove positive showing the presence of any prohibited drug, medication or substance, the trainer of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined. In addition, the owner of the horse, the foreman in charge of the horse, the groom, and any other person shown to have had the care, attendance of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined."

Pursuant to **178 W. Va. C.S.R. 1, section 49.4.a.2.**, a finding by a Racing Commission approved laboratory of a prohibited drug, chemical or other substance in a test specimen of a horse is prima facie evidence that the prohibited drug, chemical or other substance was administered to the horse, and in the case of a post-race test, was present in the horse's body while it was participating. Prohibited substances included controlled therapeutic medications in excess of established threshold concentrations as set forth in the Association of Racing Commissioners International Controlled Therapeutic Medication Schedule, Version 3.2., contained in Table 178-1 F of the Thoroughbred Racing Rule.

Pursuant to **178 W. Va. C.S.R. 1, Table 178-1 F**, Because the amount of **Dexamethasone** in **"No Direction"** exceeded the acceptable threshold set forth in **Table 178-1 F. Mr. Jackson** may be held responsible and his occupational permit disciplined pursuant to **178 W. Va. C.S.R. 1. sections 49.4.a.2. and 51.1.a.**

The **Dexamethasone** positive in **"No Direction"** is **Mr. Jackson's Second Offense** in this category for a medication/substance violation in **365 days**.

The permit holder has accumulated **0.5 points** under the multiple medication violation point system as a result of this issuance. **Mr. Jackson** is assessed **0.5 point** for this **Dexamethasone** medication/substance violation pursuant to section **49.3.m. of 178 of W.Va.C.S.R.1.**

The Stewards determine the appropriate penalty for the underlying offense on a case by case basis by considering mitigating and aggravating factors. The following is an analysis of the factors set forth in section **49.1 of the Thoroughbred Racing Rule**:

1. **(Mitigating) The Permit holder's past record:** This is the permit holder's second violation in this class category in the last **365 days**
2. **(Mitigating) The potential of the drug to influence the horse's racing performance:** Pursuant to **178 W. Va. C.S.R. 1, section 49.2.d**, **Class 4** drugs may influence performance, but generally have a more limited ability to do so. This is a mitigating factor although it is always of concern to the Stewards when a horse tests in excess of a threshold set forth in the Thoroughbred Racing Rule inasmuch as such thresholds are designed to ensure that horses aren't racing under the effects of the medication, to allow a state veterinarian conducting a pre-race examination to have as clean a look at the horse as is possible to make sure that the horse does not have some condition that would cause it to harm itself if it

aces, and to ensure the integrity of racing so that horse's aren't racing under the effect of a medication that could affect performance.

3. **(Mitigating) The legal availability of the oral application: Dexamethasone** is legally available.
4. **Whether there is reason to believe the permit holder knew of the administration of the drug or intentional administered the drug:** Inasmuch as there was no hearing in this matter it was not established whether or not the permit holder knew of the administration of the drug, nor the circumstances under which the drug may have been given. Therefore this factor is considered in weighing the penalty in this case.
5. **The probability of environmental contamination exposure due to human use:** This factor is not applicable to this case.
6. **The purse of the race:** The race in question was a **Maiden** race with a **\$30,600** purse. The Stewards place no weight, either aggravating or mitigating, based upon the purse in this case.
7. **Whether the drug found was one for which the horse was receiving as a treatment as documented by the treating veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission:** Inasmuch as there was no hearing in this matter it was not established whether or not **"No Direction"** was treated with **Dexamethasone** therefore, this factor is not considered in weighing the penalty in this case.
8. **Whether there was any suspicious betting pattern in the race:** There is no evidence of a suspicious betting pattern in this case and therefore, this factor is not considered in weighing the penalty in this case.

Based on the above, the Stewards hereby impose the following penalty for the underlying offense:

Mr. Jackson's horse "No Direction", will be disqualified from all purse money, this disqualification is justified due to the irrefutable drug positive, and Mr. Jackson will have a total of 1 point on his record. The Dexamethasone positive, being the second medication violation in this class category in 365 days. Mr. Jackson is fined \$1500.00 dollars. Also Mr. Jackson will be suspended Fifteen Days (15), from February 1, 2026 to and including February 15, 2026.

The horse "No Direction" is disqualified from all purse money. Redistribution is as following:

1. #2 Sweet Lime
2. #1 I'd Rather Not
3. #7 Belle Cause
4. #8 Stella's Candy
5. #3 Chelsea's Dream
6. #4 Peach Parfait

All fines imposed by the Stewards shall be paid to the Racing Commission within **Seven (7) days** after the ruling is issued, unless otherwise ordered by the Stewards, Per West Virginia Rule of Racing Number 178-1-8.5.n.

You have the right to appeal this Ruling to the Racing Commission. Your appeal must be received in the Commission Office within 20 Days of your receipt of this Ruling and must include a security fee in the amount of \$500.00.

RULING #15

Jockey, **Gerald Almodovar**, Permit: #86165, DOB: 09/25/1985 is hereby fined **\$500.00 (FIVE HUNDRED DOLLARS)** for violation of **Rule of Racing, Number 178-1-45.7.c.1**, which reads: "When the way is clear in a race, a horse may be ridden to any part of the course, but if any horse swerves, or is ridden to either side, so as to interfere with, impede or intimidate any other horse, it is a foul." And 45.7.c.2. The offending horse may be disqualified if in the opinion of the stewards, the foul altered the finish of the race, regardless of whether the foul was accidental, willful or the result of careless riding.

Jockey **Almodovar** let his mount "**Cowgirl Attitude**" come out crossing the chute taking the room away from "**Ruby Bay**" forcing that rival to take up in the **First Race, Friday, May 29, 2026**.

"Cowgirl Attitude" was disqualified from First (1st) and placed Third (3rd)

All fines imposed by the Stewards shall be paid to the Racing Commission within Seven (7) days after the ruling is issued, unless otherwise ordered by the Stewards, Per West Virginia **Rule of Racing Number 178-1-8.5.n**.

You have the right to appeal this ruling to the Racing Commission. Your appeal must be received in the Commission Office within 20 days of your receipt of this ruling and must include a security fee in the amount of Five Hundred (\$500.00) Dollars.

RULING #21

Owner/Trainer, Kevin J. Joy

Permit #87206

On Friday May 29, 2026 the Board of Stewards offered a hearing to Owner/Trainer, Kevin J. Joy Permit #87206, DOB 3/18/1965 to which he waived his right to a hearing regarding a medication violation pertaining to his horse "Ur Fabulous" who finished first (1st) in the Eighth (8th) race on Saturday, May 9, 2026.

The Stewards hereby find the following: The official blood sample #E683238 taken on 5/09/26 was reported by Industrial Laboratories, the official testing laboratory, to contain Flunixin which is a Class 4 drug, with a C Penalty, designation. Sample #E683238 contained 104 ng/ml of Flunixin. The sample was taken from the Two (2) horse, "Ur Fabulous" which ran in the 1st Race on 5/09/26, finishing first.

Mr. Joy elected to have a split sample tested. The split #E683238 was sent to EQIAS Labs and was received on 06/11/2026 and reported on 06/30/2026. Sample #E683238 contained 109.6 ng/ml which is above the permissible level for this drug, confirming the presences of the drug Flunixin.

Pursuant to 178 W. Va. C.S.R. 1, section 24.11.o, The Stewards are authorized to take disciplinary action against a permit holder for violating any provision of the Thoroughbred Racing Rule.

Pursuant to section 51.1.a, of the Thoroughbred Racing Rule, 178 W.Va.C.S.R.1: "The trainer is the absolute insurer of and responsible for the condition of the horses he or she enters in an official workout or a race, regardless of the acts of third parties. If testing or analysis of urine, blood or other bodily substances or tissues prove positive showing the presence of any prohibited drug, medication or substance, the trainer of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined. In addition, the owner of the horse, the foreman in charge of the horse, the groom, and any other person shown to have had the care, attendance of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined."

Pursuant to 178 W. Va. C.S.R. 1, section 49.4.a.2., a finding by a Racing Commission approved laboratory of a prohibited drug, chemical or other substance in a test specimen of a horse is prima facie evidence that the prohibited drug, chemical or other substance was administered to the horse, and in the case of a post-race test, was present in the horse's body while it was participating. Prohibited substances included controlled therapeutic medications in excess of established threshold concentrations as set forth in the Association of Racing Commissioners International Controlled Therapeutic Medication Schedule, Version 3.2., contained in Table 178-1 F of the Thoroughbred Racing Rule

Pursuant to 178 W. Va. C.S.R. 1, Table 178-1 F, Because the amount of Flunixin in "Ur Fabulous" exceeded the acceptable threshold set forth in Table 178-1 F, Mr. Joy may be held responsible and his occupational permit disciplined pursuant to 178 W. Va. C.S.R. 1, sections 49.4.a.2. and 51.1.a.

This violation is Mr. Joy's first in this category for a medication/substance violation in a 365 days period.

The permit holder has accumulated 0 points under the multiple medication violation point system. Mr. Joy is assessed ½ point for this medication/substance violation pursuant to section 49.3.m. of 178 of W.Va.C.S.R.1.

The Stewards determine the appropriate penalty for the underlying offense on a case by case basis by considering mitigating and aggravating factors. The following is an analysis of the factors set forth in section 49.1 of the Thoroughbred Racing Rule:

1. **(Mitigating) The Permit holder's past record:** Mr. Joy's first in this category for a medication/substance violation in a 365 days period.
2. **(Mitigating) The potential of the drug to influence the horse's racing performance:** Pursuant to 178 W. Va. C.S.R. 1, section 49.2.d, Class 4 drugs may influence performance, but generally have a more limited ability to do so. This is a mitigating factor although it is always of concern to the Stewards when a horse tests in excess of a threshold set forth in the Thoroughbred Racing Rule inasmuch as such thresholds are designed to ensure that horses aren't racing under the effects of the medication, to allow a state veterinarian conducting a pre-race examination to have as clean a look at the

horse as is possible to make sure that the horse does not have some condition that would cause it to harm itself if it races, and to ensure the integrity of racing so that horses aren't racing under the effect of a medication that could affect performance.

3. **(Mitigating) The legal availability of the drug: Flunixin** is legally available.
4. **Whether there is reason to believe the permit holder knew of the administration of the drug or intentionally administered the drug:** Inasmuch as there was no hearing in this matter it was not established whether or not the permit holder knew of the administration of the drug, or the circumstances under which the drug may have been given. Therefore this factor is not considered in weighing the penalty in this case.
5. **The steps taken by the trainer to safeguard the horse:** Inasmuch as there was no hearing in this case it is unknown what efforts the trainer made to ensure that the treatment of the horse with **Flunixin** was done within the withdrawal guidelines and dosing specifications set forth in **178 W. Va. C.S.R. 1, Table 178-1 F**, so as to avoid a positive. Therefore this factor is not considered in weighing the penalty in this case.
6. **The probability of environmental contamination exposure due to human use:** This factor is not applicable to this case.
7. **The purse of the race:** The race in question was a **Maiden** race with a **\$32,900** purse. The Stewards place no weight, either aggravating or mitigating, based upon the purse in this case.
8. **Whether the drug found was one for which the horse was receiving as a treatment as documented by the treating veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission:** Inasmuch as there was no hearing in this matter it was not established whether or not the horse was being treated by a veterinarian with **Flunixin**. Therefore, this factor is not considered in weighing the penalty in this case.
9. **Whether there was any suspicious betting pattern in the race:** There is no evidence of a suspicious betting pattern in this case and therefore, this factor is not considered in weighing the penalty in this case.
10. **Whether the trainer was acting under the advice of a veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission:** Inasmuch as there was no hearing in this matter it was not established whether or not the horse was being treated with **Flunixin** by a veterinarian. Therefore, this factor is not considered in weighing the penalty in this case.

Based on the above, the Stewards hereby impose the following penalty for the underlying offense:

Mr. Joy's horse "Ur Fabulous" will be disqualified from all purse money and Mr. Joy will have a total of 0.5 point on his record. With the Flunixin positive being the first medication violation in 365 day. Mr. Joy is fined \$1000 dollars. The horse "Ur Fabulous" is disqualified from all purse money; The distribution is as follows.

1. #5 Miss Fortunate
2. #7 Jane N Margo
3. #4 Apicturesworth
4. #8 Cajun Prime
5. #3 Lookinforjoybaloo
6. #6 Tiz a Monster

All fines imposed by the Stewards shall be paid to the Racing Commission within **Seven (7) days** after the ruling is issued, unless otherwise ordered by the Stewards, Per West Virginia Rule of Racing Number 178-1-8.5.n.

You have the right to appeal this Ruling to the Racing Commission. Your appeal must be received in the Commission Office within 20 Days of your receipt of this Ruling and must include a security fee in the amount of \$500.00.

RULING #32

On **August 21, 2026** the Board of Stewards conducted a hearing for Owner/Trainer **Ronney W. Brown** Permit #86708 DOB 03/29/1961. **Mr. Brown** was present in person and testified before the Board of Stewards. **Mr. Brown** was represented by Maria Catignani, Executive Director, Charles Town, HBPA. The Board of Stewards hereby finds the following:

The official sample **#E683465** taken on **July 11, 2026** was reported by Industrial Laboratories to contain **Higenamine**, confirmed in urine. Pursuant to **Table 178-1 E** of the **Thoroughbred Racing Rule, 178 C.S.R. 1**, **Higenamine** is a **Class C** drug, carrying a **Category B** penalty. The sample was taken from **"Bull's Gold"**, which ran in **Race Number 3** on **July 11, 2026**, finishing **First (1st)**. The horse is owned by **Nicole and Ronney W. Brown** and trained by **Ronney W. Brown**.

After notification to **Mr. Brown**, he declined split sample testing.

Pursuant to section **49.4.a.1.** of the **Thoroughbred Racing Rule, 178 C.S.R. 1**, a finding by a Racing Commission approved laboratory of a prohibited drug, chemical or other substance in a post-race test specimen of a horse is prima facie evidence that the prohibited drug, chemical or other substance was present in the horse's body while it was participating in a race. **Higenamine** confirmed to be present in **"Bull's Gold's"** body while it was participating in a race, is a drug or medication for which the West Virginia Racing Commission has established no acceptable threshold concentration.

Additionally, as the trainer of **"Bull's Gold"** **Ronney W. Brown** is the absolute insurer of and responsible for the condition of the horse he entered in the **3rd race** at **Charles Town** that ran on **July 11, 2026. 178 C.S.R. 1, § 51.1.a.**

The Board of Stewards concludes that while **Mr. Brown** is responsible for the positive in **"Bull's Gold"** under **§ 51.1.a.** and the presence of the drug has been established to have been in the horse during the **3rd race** on **July 11, 2026** there are mitigating factors which cause the Stewards to impose no penalty against **Mr. Brown's** permit in this matter. Those factors are as follows:

Mr. Brown's record as a permit holder is good in that he has no medication violations in any jurisdiction in the past two and half years.

Higenamine often enters the equine system inadvertently through unregulated herbal supplements, or blended calming and pre-workout formulas where it is unlisted on the label.

The amounts of **Higenamine** found in the horse are at levels which lends credibility to the probability that the horse was inadvertently exposed to the drug in some manner. Based upon an evaluation of the evidence, the Stewards conclude that the positive is attributable to inadvertent exposure.

There is no reason to believe that **Mr. Brown** knew of or caused the drug to be administered to the horse.

178 C.S.R. 1, §49.10.a, the Stewards are explicitly authorized to consider inadvertent exposure as a factor in determining medication violations. Further, pursuant to **§49.1.**, the Stewards are to determine medication violations on a case by case basis and may determine to impose no penalty against a trainer's permit, if warranted.

Weighing and balancing these factors, the Board of Stewards find that while **Mr. Brown** is held responsible for the positive in this case, the Stewards shall impose no penalty against **Mr. Brown's** permit. Therefore, the standard penalty for a **Class C with a B Penalty** medication violation is not imposed in this matter. In addition, the Stewards do not impose the Multiple Medication Violation points that would typically be imposed under **§ 49.3.m.** of the Thoroughbred Racing Rule.

Because **"Bull's Gold"** was found to have carried **Higenamine** in its system during the running of the race, the purse of the race is ordered to be **FORFEITED** and **"Bull's Gold"** is **DISQUALIFIED** from its **(1st) first place** finish in the **third (3rd) race** on **July 11, 2026**. This disqualification is justified due to the irrefutable drug positive, even though **Mr. Brown's** permit was not disciplined in this matter. The horse likely carried the drug in its system due to inadvertent exposure, it nonetheless carried the drug in its system which necessitates the disqualification to ensure the integrity of racing and to instill confidence in the betting public. The order of finish is hereby re-ordered as follows:

1. #1 Arrayaofgrace
2. #3 Lookinforahandout
3. #2 Fake Strolling
4. #4 Candygram Cat
5. #9 Contra Costa
6. #6 She's Rambo

You have the right to appeal this Ruling to the Racing Commission. Your appeal must be received in the Commission Office within 20 days of your receipt of this Ruling and must include a security fee in the amount of \$500.00.

RULING #33

On **August 21, 2026** the Board of Stewards conducted a hearing for Owner/Trainer **Willie Straughn** Permit #88681 DOB 02/19/1959. **Mr. Straughn** was present in person and testified before the Board of Stewards. **Mr. Straughn** was represented by Maria Catignani, Executive Director, Charles Town, HBPA. The Board of Stewards hereby finds the following:

The official sample **#E683477** taken on **July 16, 2026** was reported by Industrial Laboratories to contain **Higenamine**, confirmed in urine. Pursuant to **Table 178-1 E** of the **Thoroughbred Racing Rule, 178 C.S.R. 1**, **Higenamine** is a **Class C** drug, carrying a **Category B** penalty. The sample was taken from **"Genuine Gomo"**, which ran in **Race Number 5** on **July 16, 2026**, finishing **First (1st)**. The horse is owned by **Gokman Kaya** and trained by **Willie Straughn**.

After notification to **Mr. Straughn**, he declined split sample testing.

Pursuant to section **49.4.a.1.** of the **Thoroughbred Racing Rule, 178 C.S.R. 1**, a finding by a Racing Commission approved laboratory of a prohibited drug, chemical or other substance in a post-race test specimen of a horse is prima facie evidence that the prohibited drug, chemical or other substance was present in the horse's body while it was participating in a race. **Higenamine** confirmed to be present in **"Genuine Gomo's"** body while it was participating in a race, is a drug or medication for which the West Virginia Racing Commission has established no acceptable threshold concentration.

Additionally, as the trainer of **"Genuine Gomo"** **Willie Straughn** is the absolute insurer of and responsible for the condition of the horse he entered in the **5th** race at **Charles Town** that ran on **July 16, 2026**. **178 C.S.R. 1, § 51.1.a.**

The Board of Stewards concludes that while **Mr. Straughn** is responsible for the positive in **"Genuine Gomo"** under **§ 51.1.a.** and the presence of the drug has been established to have been in the horse during the **5th** race on **July 16, 2026** there are mitigating factors which cause the Stewards to impose no penalty against **Mr. Straughn's** permit in this matter. Those factors are as follows:

Mr. Straughn's record as a permit holder is good in that he has no medication violations in any jurisdiction in the past three years and only one in his career.

Higenamine often enters the equine system inadvertently through unregulated herbal supplements, or blended calming and pre-workout formulas where it is unlisted on the label.

The amounts of **Higenamine** found in the horse are at levels which lends credibility to the probability that the horse was inadvertently exposed to the drug in some manner. Based upon

an evaluation of the evidence, the Stewards conclude that the positive is attributable to inadvertent exposure.

There is no reason to believe that **Mr. Straughn** knew of or caused the drug to be administered to the horse.

178 C.S.R. 1, §49.10.a, the Stewards are explicitly authorized to consider inadvertent exposure as a factor in determining medication violations. Further, pursuant to **§49.1.**, the Stewards are to determine medication violations on a case by case basis and may determine to impose no penalty against a trainer's permit, if warranted.

Weighing and balancing these factors, the Board of Stewards find that while **Mr. Straughn** is held responsible for the positive in this case, the Stewards shall impose no penalty against **Mr. Straughn's** permit. Therefore, the standard penalty for a **Class C with a B Penalty** medication violation is not imposed in this matter. In addition, the Stewards do not impose the Multiple Medication Violation points that would typically be imposed under **§ 49.3.m.** of the Thoroughbred Racing Rule.

Because "**Genuine Gomo**" was found to have carried **Higenamine** in its system during the running of the race, the purse of the race is ordered to be **FORFEITED** and "**Genuine Gomo**" is **DISQUALIFIED** from its (1st) **first place** finish in the **fifth (5th) race on July 16, 2026**. This disqualification is justified due to the irrefutable drug positive, even though **Mr. Straughn's** permit was not disciplined in this matter. The horse likely carried the drug in its system due to inadvertent exposure, it nonetheless carried the drug in its system which necessitates the disqualification to ensure the integrity of racing and to instill confidence in the betting public. The order of finish is hereby re-ordered as follows:

1. #9 This Juice B Loose
2. #4 Iceteca
3. #8 Mr. Dumbledore
4. #7 Direct Appeal
5. #6 Road Minister
6. #3 Bad Lineage

You have the right to appeal this Ruling to the Racing Commission. Your appeal must be received in the Commission Office within 20 days of your receipt of this Ruling and must include a security fee in the amount of \$500.00.

RULING #34

Jockey, **Alexis Espinoza**, Permit: #88701, DOB: 4/28/1998 is hereby fined **\$500.00 (FIVE HUNDRED DOLLARS)** for violation of **Rule of Racing, Number 178-1-45.7.c.1**, which reads: "When the way is clear in a race, a horse may be ridden to any part of the course, but if any horse swerves, or is ridden to either side, so as to interfere with, impede or intimidate any other horse, it is a foul." And 45.7.c.2. The offending horse may be disqualified, if in the opinion of the stewards, the foul altered the finish of the race, regardless of whether the foul was accidental, willful or the result of careless riding.

Jockey **Espinoza** let his mount "**Knocking Luck**" come in nearing the eighth pole impeding with "**Mersin Heat**" in the **First Race, Friday, August 21, 2026**.

"Knocking Luck" was disqualified from Fourth (4th) and placed Seventh (7th)

All fines imposed by the Stewards shall be paid to the Racing Commission within Seven (7) days after the ruling is issued, unless otherwise ordered by the Stewards, Per West Virginia **Rule of Racing Number 178-1-8.5.n**.

You have the right to appeal this ruling to the Racing Commission. Your appeal must be received in the Commission Office within 20 days of your receipt of this ruling and must include a security fee in the amount of Five Hundred (\$500.00) Dollars.

BY ORDER OF THE STEWARDS:

DENVER K. BECKNER

ROY S. CAVE

L. ROBERT LOTTS

RULING #35

Owner/Trainer, Adam King

Permit #88068

On September 2, 2026, the Board of Stewards offered a hearing to Owner/Trainer, Adam King, Permit #88068, DOB 10/11/1984 to which he waived his right to a hearing regarding a medication violation pertaining to his horse "Hamdoun" who finished first (1st) in the eighth (8th) race on Thursday August 13, 2026.

The Stewards hereby find the following:

The official blood sample #E683588, taken on 08/13/26 was reported by Industrial Laboratories, the official testing laboratory, to contain Methocarbamol which is a Class 4 drug, with a C Penalty, designation. The permissible threshold for Methocarbamol is 1 ng/ml in blood. Sample #E683588 contained 7.37 ng/ml of the drug, which is above the permissible threshold for this drug. The sample was taken from the Six (6) horse, "Hamdoun", which ran in the 8th Race on 08/13/26, finishing First (1st)

Mr. King elected not to have a split sample tested

Pursuant to 178 W. Va. C.S.R. 1, section 24.11.o, The Stewards are authorized to take disciplinary action against a permit holder for violating any provision of the Thoroughbred Racing Rule.

Pursuant to section 51.1.1a, of the Thoroughbred Racing Rule, 178 W.Va.C.S.R.1: "The trainer is the absolute insurer of and responsible for the condition of the horses he or she enters in an official workout or a race, regardless of the acts of third parties. If testing or analysis of urine, blood or other bodily substances or tissues prove positive showing the presence of any prohibited drug, medication or substance, the trainer of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined. In addition, the owner of the horse, the foreman in charge of the horse, the groom, and any other person shown to have had the care, attendance of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined."

Pursuant to 178 W. Va. C.S.R. 1, section 49.4.a.2., a finding by a Racing Commission approved laboratory of a prohibited drug, chemical or other substance in a test specimen of a horse is prima facie evidence that the prohibited drug, chemical or other substance was administered to the horse, and in the case of a post-race test, was present in the horse's body while it was participating. Prohibited substances included controlled therapeutic medications in excess of established threshold concentrations as set forth in the Association of Racing Commissioners International Controlled Therapeutic Medication Schedule, Version 2.1., contained in Table 178-1 F of the Thoroughbred Racing Rule

Pursuant to 178 W. Va. C.S.R. 1, Table 178-1 F, the post-race threshold for Methocarbamol is 1 ng/ml in the blood. Because the amount of Methocarbamol in "Hamdoun" exceeded the acceptable threshold set forth in Table 178-1 F, Mr. King may be held responsible and his occupational permit disciplined pursuant to 178 W. Va. C.S.R. 1, sections 49.a.1. and 51.1.a.

The Methocarbamol positive in "Hamdoun" is Mr. King's First Offense in this category for a medication/substance violation in a 365 days period.

The permit holder has accumulated 0 points under the multiple medication violation point system as a result of the issuance of. Mr. King is assessed ½ point for this Methocarbamol medication/substance violation pursuant to section 49.3.m. of 178 of W.Va.C.S.R.1.

The Stewards determine the appropriate penalty for the underlying offense on a case by case basis by considering mitigating and aggravating factors. The following is an analysis of the factors set forth in section 49.1 of the Thoroughbred Racing Rule:

1. **(Mitigating) The Permit holder's past record:** The permit holder has no violations in the last 365 days
2. **(Mitigating) The potential of the drug to influence the horse's racing performance:** Pursuant to 178 W. Va. C.S.R. 1, section 49.2.d, Class 4 drugs may influence performance, but generally have a more limited ability to do so. This is a mitigating factor although it is always of concern to the Stewards when a horse tests in excess of a threshold set forth in the Thoroughbred Racing Rule inasmuch as such thresholds are designed to ensure that horses aren't racing under the effects of the medication; to allow a state veterinarian conducting a pre-race examination to have as clean a look at the

horse as is possible to make sure that the horse does not have some condition that would cause it to harm itself if it races, and to ensure the integrity of racing so that horse aren't racing under the effect of a medication that could affect performance.]

3. **(Mitigating) The legal availability of the drug: Methocarbamol** is legally available.
4. **Whether there is reason to believe the permit holder knew of the administration of the drug or intentional administered the drug:** Inasmuch as there was no hearing in this matter it was not established whether or not the permit holder knew of the administration of the drug, or the circumstances under which the drug may have been given. Therefore this factor is not considered in weighing the penalty in this case.
5. **The steps taken by the trainer to safeguard the horse:** Inasmuch as there was no hearing in this case it is unknown what efforts the trainer made to ensure that the treatment of the horse with **Methocarbamol** was done within the withdrawal guidelines and dosing specifications set forth in **178 W. Va. C.S.R. 1, Table 178-1 F**, so as to avoid a positive. Therefore this factor is not considered in weighing the penalty in this case.
6. **The probability of environmental contamination exposure due to human use:** This factor is not applicable to this case.
7. **The purse of the race:** The races in question was an **Claiming** race with a **\$13,300 purse**. The Stewards place no weight, either aggravating or mitigating, based upon the purse in this case.
8. **Whether the drug found was one for which the drug was receiving a treatment as documented by the treating veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission:** Inasmuch as there was no hearing in this matter it was not established whether or not the horse was being treated by a veterinarian with **Methocarbamol**. Therefore, this factor is not considered in weighing the penalty in this case.
9. **Whether there was any suspicious betting pattern in the race:** There is no evidence of a suspicious betting pattern in this case and therefore, this factor is not considered in weighing the penalty in this case.
10. **Whether the trainer was acting under the advice of a veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission:** Inasmuch as there was no hearing in this matter it was not established whether or not the horse was being treated with **Methocarbamol** by a veterinarian. Therefore, this factor is not considered in weighing the penalty in this case.

Based on the above, the Stewards hereby impose the following penalty for the underlying offense: **Mr. King's horse "Hamdoun" will be disqualified from all purse money and will have a total of ½ points on his record.** With the **Methocarbamol** positive being his first medication violation in 365 days, **Mr. King is fined \$1000 dollars.**

The horse "Hamdoun" is disqualified from all purse money; Re-Distribution is as following.

1. #7 Abdicate
2. #9 Souper Vinnie
3. #2 Monterrey
4. #5 Tree of Dem
5. #4 C'Est La Vie Nick
6. #1 Jaker

You have the right to appeal this Ruling to the Racing Commission. Your appeal must be received in the Commission Office within 20 Days of your receipt of this Ruling and must include a security fee in the amount of \$500.00

ROY S. CAVE

CARLOS A. PARTIDA

RULING #37**Owner/Trainer, Willie Straughn****Permit #88681**

On **September 12, 2026**, the Board of Stewards offered a hearing to **Owner/Trainer, Willie Straughn Permit #88681, DOB 2/19/1959** to which he waived his right to a hearing, regarding a medication violation of his horse **"Hobnob's Girl"** who finished first (1st) in the First race on Thursday, August 20, 2026.

The Stewards hereby find the following:

The official blood sample **#E683615**, taken on **8/20/26**, was reported by Industrial Laboratories, the official testing laboratory, to contain 3-Hydroxylicocaine, a Class 2 drug with a B Penalty designation. The permissible threshold for **3-Hydroxylicocaine** in the blood is 20 pg/ml. Sample **#E683615** contained **53.4 pg/ml** of the drug, which is above the permissible threshold for this drug. The sample was taken from the **two (2) horse, "Hobnob's Girl"**, which ran in the **1st race on 8/20/2026 finishing first.**

Mr. Straughn elected not to have a split sample tested.

Pursuant to **178 W. Va. C.S.R. 1, section 24.11.o**, The Stewards are authorized to take disciplinary action against a permit holder for violating any provision of the Thoroughbred Racing Rule.

Pursuant to section **51.1.a, of the Thoroughbred Racing Rule, 178 W.Va.C.S.R.1**: "The trainer is the absolute insurer of and responsible for the condition of the horses he or she enters in an official workout or a race, regardless of the acts of third parties. If testing or analysis of urine, blood or other bodily substances or tissues prove positive showing the presence of any prohibited drug, medication or substance, the trainer of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined. In addition, the owner of the horse, the foreman in charge of the horse, the groom, and any other person shown to have had the care, attendance of the horse may be fined, suspended, have his or her occupational permit revoked, be prohibited access to all grounds under the jurisdiction of the Racing Commission, or may be otherwise disciplined."

Pursuant to **178 W. Va. C.S.R. 1, section 49.4.a.2.**, a finding by a Racing Commission-approved laboratory of a prohibited drug, chemical or other substance in a test specimen of a horse is prima facie evidence that the prohibited drug, chemical or other substance was administered to the horse, and in the case of a post-race test, was present in the horse's body while it was participating. Prohibited substances included controlled therapeutic medications in excess of established threshold concentrations as outlined in the Association of Racing Commissioners International Controlled Therapeutic Medication Schedule, Version 2.1., contained in Table 178-1 F of the Thoroughbred Racing Rule.

Pursuant to **178 W. Va. C.S.R. 1, Table 178-1 F**, the post-race threshold for **3-Hydroxylicocaine** is 20 pg/ml in the blood. Because the amount of **3-Hydroxylicocaine** in **"Hobnob's Girl"** exceeded the acceptable threshold outlined in **Table 178-1 F**, **Mr. Straughn** may be held responsible and his occupational permit disciplined pursuant to **178 W. Va. C.S.R. 1, sections 49.a.1. and 51.1.a.**

The **3-Hydroxylicocaine** positive in **"Hobnob's Girl"** is **Mr. Straughn's 1st offense** for a medication/substance violation in 365 days.

The permit holder has accumulated **0 points** under the multiple medication violation point system. As a result of the issuance of this ruling, **Mr. Straughn** is assessed **2 points** for this **3-Hydroxylicocaine** medication/substance violation pursuant to section **49.3.m. of 178 of W.Va.C.S.R.1.**

The Stewards determine the appropriate penalty for the underlying offense on a case-by-case basis by considering mitigating and aggravating factors. The following is an analysis of the factors outlined in section 49.1 of the Thoroughbred Racing Rule:

1. **(MITIGATING) The Permit holder's record:** The permit holder's record includes no (0) drug violations. Therefore, the permit holder's past record is a mitigating factor.
2. **(AGGRAVATING) The potential of the drug to influence the horse's racing performance:** Pursuant to 178 W. Va. C.S.R. 1, section 49.2.d, Class 2 drugs could influence performance. This is an aggravating factor although it is always of concern to the Stewards when a horse tests in excess of a threshold set forth in the Thoroughbred Racing Rule inasmuch as such thresholds are designed to ensure that horses aren't racing under the effects of the medication; to allow a state veterinarian conducting a pre-race examination to have as clean a look at the horse as is possible to make sure that the

horse does not have some condition that would cause it to harm itself if it races, and to ensure the integrity of racing so that horse aren't racing under the effect of a medication that could affect performance.]

3. **(MITIGATING) The legal availability of the drug: 3-Hydroxylidocaine** is legally available.
4. **Whether there is reason to believe the permit holder knew of the administration of the drug or intentionally administered the drug:** Inasmuch as there was no hearing in this matter it was not established whether or not the permit holder knew of the administration of the drug, or the circumstances under which the drug may have been given. Therefore this factor is not considered in weighing the penalty in this case.
5. **The steps taken by the trainer to safeguard the horse:** Inasmuch as there was no hearing in this case it is unknown what efforts the trainer made to ensure that the treatment of the horse with **3-Hydroxylidocaine** was done within the withdrawal guidelines and dosing specifications outlined in **178 W. Va. C.S.R. 1, Table 178-1 F**, so as to avoid a positive. Therefore this factor is not considered in weighing the penalty in this case.
6. **The probability of environmental contamination exposure due to human use:** This factor does not apply to this case.
7. **The purse of the race:** The races in question were a \$7,500 claiming race with a \$16,200 purse. The Stewards place no weight, either aggravating or mitigating, based upon the purse in this case.
8. **Whether the drug found was one for which the drug was receiving a treatment as documented by the treating veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission:** Inasmuch as there was no hearing in this matter it was not established whether or not a veterinarian was treating the horse with **3-Hydroxylidocaine**. Therefore, this factor is not considered in weighing the penalty in this case.
9. **Whether there was any suspicious betting pattern in the race:** There is no evidence of a suspicious betting pattern in this case and therefore, this factor is not considered in weighing the penalty in this case.
10. **Whether the trainer was acting under the advice of a veterinarian licensed to practice in West Virginia and holding an occupational permit issued by the Racing Commission:** Inasmuch as there was no hearing in this matter, it was not established whether or not the horse was being treated with **3-Hydroxylidocaine** by a veterinarian. Therefore, this factor is not considered in weighing the penalty in this case.

Based on the above, the Stewards hereby impose the following penalty for the underlying offense: **Mr. Straughn's horse "Hobnob's Girl" will be disqualified from all purse money and will have a total of 2 points on his record.** With the Hydroxy-lidocaine positive is **Mr. Straughn's first medication violation in 365 day. Mr. Straughn is fined \$500 (Five Hundred Dollars) and is given a 15-day suspension starting Sunday, September 13, 2026 through and including Monday, September 28, 2026.**

The horse "Hobnob's Girl" is disqualified from all purse money; re-distribution is as following.

1. #5 Unusual Bay
2. #3 Graceful Cat
3. #6 Sola Vino
4. #8 Ekati Indian
5. #7 Pawleys Island
6. #1 Duchess Dee Anna
